Romans ONE

20 For the invisible things of him from the creation
of the world are clearly seen, being understood by
the things that are made, even his eternal power and Godhead;
so that they are without excuse:

21 Because that, when they knew God, they glorified
him not as God, neither were thankful; but became vain in their
imaginations, and their foolish heart was darkened.

22 Professing themselves to be wise, they became fools,

23 And changed the glory of the uncorruptible God
into an image made like to corruptible man,
and to birds, and fourfooted beasts, and creeping things.

20 + 21 + 22 + 23 = 86

The Great Work
by Paul Foster Case
Pg 1
"The Great Work, often termed the Magnum Opus, is thus defined by Eliphas Levi:
The magnum opus is pre-eminently the creation of man by himself, that is, the full and complete conquest which he can make of his faculties and his future; it is pre-eminently the perfect emancipation of his will which…assures full power over the Great Magical Agent."

Introduction

A book published in 1935 by Freemason Paul Foster Case, titled "The Great Seal of the United States", is the basis of this writing. In the book he shows what the seal of the United States represents and gives a cursory understanding of what the symbols and numerology depict. The seal is seen on the back of every ONE Dollar bill produced by the Federal Reserve. The front of the seal of America is the eagle and the reverse of the seal is the pyramid with the all-seeing eye. These are read right to left as one would read Hebrew. The following page has star figures with Bible quotes and is a stand-alone page in that it was borne out of the realization that the base Pythagorean right triangle, a 3,4,5 triangle of base 3, height 4 and hypotenuse 5, lands exactly at the chapter and verse of Genesis where Satan promises to give Eve power over God. The following shapes were then chosen to describe other instances in the Bible that showed the path of darkness.

There is right now in the highest echelons of nations and global entities an august body who possess the knowledge of the ages and have chosen to use it for evil purposes. This knowledge has power to sway entire nations through the use of symbols and numbers and times, and it has been used by leaders around the world to cause chaos or peace throughout the eons. The knowledge itself is benign and how one chooses to use that knowledge determines the bearing of good fruit or bad fruit. It is self-evident today that there is wickedness in high places, that the people in power have chosen to use this knowledge for evil. These people in positions of authority know that by keeping the general public in ignorance it allows them to continue controlling the masses, leading them around by the nose as if children chasing candy. It is painful to witness that these miscreants have not the wisdom to see their folly, that order out of chaos is no order at all, but a destruction of the souls of men. This paper is to show you that there is a knowledge of the ages that exists in everything around us, from the measurements of monuments and buildings, to the ratios of life, the pages of the Bible, and even the shapes of seashells and how the wind blows through the forest.

As you read this you will no doubt have questions, but be patient and continue reading because many of your questions will be answered. There are too many puzzle pieces to include in this short writing, as some who read this will scoff at it being too infantile, while others will have to pause due to their minds becoming numb as they realize everything they think they know is a lie; but keep reading, and if needed read it again. A struggle of many years pre-empted this writing to understand what Foster was saying, but the day finally came during the craze of covid that all the pieces finally arranged themselves. That is why it is important to keep reading because many questions that arise will be answered once it is seen how the different parts all inter-relate. This paper will also make the reader aware that there is a secret knowledge held by those in power who keep us ignorant so that the symbols and numbers will have authority over us, that there exists a time-line they are using; but fear not dear reader, for in your hands is the keys to being able to have eyes to see and ears to hear. There is much investigation left to you to do on your own, but now you have a strong foundation.

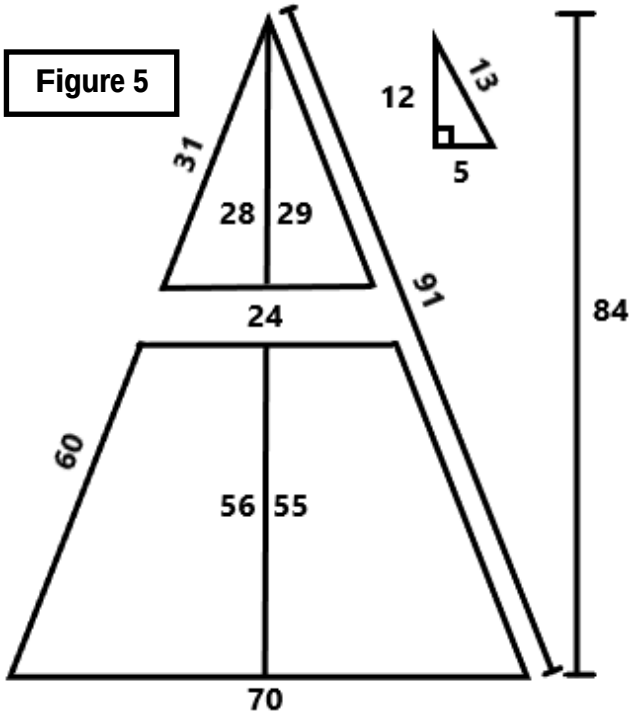
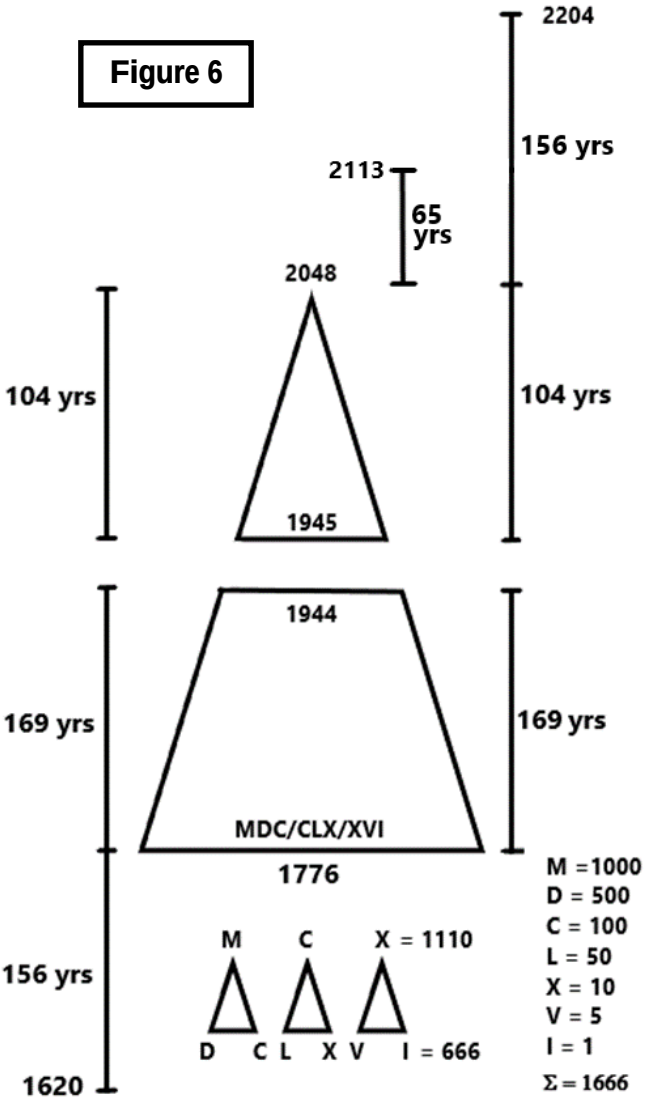
Below is a quick description of the figures and some math that at this point is seemingly fragmented, but as you read on it will make much more sense. Also, read Cases' book for a more complete description.



- The sum of all the sides of the truncated pyramid. 4x70=280. 4x60=240. 4x24=96. 280+240+96=616. The number of the beast according to the Greek translation of the mark of the beast. There appears to be a battle of the stars or a battle of the polygons afoot.
- The sum of all the sides of the capstone. 4x24=96. 4x31=124. 96+124=220
- Angle within a pentagon or obtuse angles of pentagram equal 108 degrees, there are 5 of them. Total sum of angles of a square or degrees of a circle equal 360. 360-108=252. 5x252=1260. Days of woman taken by eagle to place reserved by God. Days the gentiles tread underfoot the temple. Days are just a time, it's the numbers that carry the most meaning.
- 33 is 16+1+16 and 16x13=208. 1776+208=1984. 17th step.
- 91÷2=45.5. End of WW2 Sep 2, 1945 plus 45.5 years is Apr 2, 1991. One year and 21 days later Agenda 21 announced at Rio Summit Apr 23, 1992.
- 33 x pi=104. The years of completion of the capstone.

During the research of this paper, specifically the number 65 and how it relates to the pyramid on the back of the dollar bill, obtained by multiplying 5x13, 13 the length of the hypotenuse of the pentagram in Fig. 3, and 5 the number of sides, the question posited was, is it an additional number of years beyond the capstone or does it represent a deeper meaning? Read more at a website by Mark H. Lane at biblenumbersforlife.com, titled "The Seventh Day" under Prophecy. He used numerology of the Torah to come up with the final years being 2049-2056, while using Cases' pyramid calendar of 13-year cycles comes up with the final years being the same. Two researchers independent of each other obtaining the same result. Lane shows that 65 represents apostasy. A time when mankind the world over rejects God and places himself at the reigns of the throne of creation. The years in Fig 1 and 6 do not necessarily continue in the fashion of the pentagram measurements or Fibonacci sequence, both instead terminating at 2048. Fig 1 & 6 show a start at the landing of the Pilgrims, 1620-2048, 21 steps of 13 years still making up the pyramid and ending at the 33rd step, and also 33 steps starting at 1776 with the pyramid still maintaining 21 steps of 13 years. Fig 2 shows front and back of the seal of the United States as shown on the back of the dollar bill. Fig 3 and 4 show the geometry of the pentagram, pentagon and pentacle. Fig 3 and 5 were obtained from Cases' book and also show the numbers used for the study. Fig 6 shows the years plotted according to the 13-year cycles as they relate to the pentagram 1776-2113, and to the Fibonacci sequence 1620-2048 or 1776-2204.



Are there any people who have stated that the symbolism and numerology of the pentagram holds keys and special meaning to life, the universe and everything?

“All symbols of the Gnosis, all figures of occultism, all kabbalistic keys of prophecy, are resumed in the sign of the pentagram.”
The Great Seal of the United States, Paul Foster Case, p. 19:

"In Freemasonry is embedded the core or the secret heart of the occult mysteries, wrapped up on number, metaphor and symbol ..."
The Reappearance of the Christ and the Masters of Wisdom, Benjamin Creme p. 87

"Numbers are a key to the ancient views of cosmogony ... spiritually as well as physically ... to the evolution of the present human race; all systems of religious mysticism are based upon numerals. The sacredness of numbers ..."
The Occult Power of Numbers, W. Wynn Westcott , p. 15

“...in Spiritual Numerology, '33' symbolizes the highest spiritual conscious attainable by the human being."
The Secret of the Illuminati, Elizabeth van Buren, p. 161-2

"Not only were many of the founders of the United States government Masons, but they received aid from a secret and august body existing in Europe which helped them to establish this country for a peculiar and particular purpose known only to the initiated few."
Manly P. Hall, The Secret Teachings of All Ages, pp. XC and XCI

“The ancients believed the earth to be surrounded by the sphere of the constellations, and they assigned to each country the star groups which were above that country's particular area of land. In the arrangement preserved in the writings of Aratus of Soli, the constellation of the eagle spreads its wings across the North American continent; the serpent winds its coil over Mexico and Central America; and the dragon floats in the sky above Japan and China. Perhaps Sir Edward Landseer was not far wrong when he declared that the symbols of nations, and the emblems peculiar to their heraldry, originated in their ruling constellations. Just about everyone knows that the constellation of the Great Bear is in the sky over Russia, and since time immemorial the bear that walks like a man has been the accepted symbol of the Russian State. Thus, in many ways we discover indications that the old races were wiser than we thought, and that what we have called discoveries are really only re-discoveries.”
Manly P. Hall, The Secret Destiny of America, p. 10

PROPAGANDA By Edward L. Bernays 1928
Chapter I: Organizing Chaos
“The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute an invisible government which is the true ruling power of our country. We are governed, our minds are molded, our tastes formed, our ideas suggested, largely by men we have never heard of. This is a logical result of the way in which our democratic society is organized. Vast numbers of human beings must cooperate in this manner if they are to live together as a smoothly functioning society. Our invisible governors are, in many cases, unaware of the identity of their fellow members in the inner cabinet. They govern us by their qualities of natural leadership, their ability to supply needed ideas and by their key position in the social structure. Whatever attitude one chooses to take toward this condition, it remains a fact that in almost every act of our daily lives, whether in the sphere of politics or business, in our social conduct or our ethical thinking, we are dominated by the relatively small number of persons who understand the mental processes and social patterns of the masses. It is they who pull the wires which control the public mind, who harness old social forces and contrive new ways to bind and guide the world.”

The figure of the obverse seal found on the back of the dollar bill has many interpretations, but for this writing it will be confined to using the golden ratio since this method exposes a hidden calendar. One interpretation will use the Fibonacci Sequence and the other will use The Golden Section of Pythagoras, both arriving at the same end date for the capstone, 2048. Those with a belief in any religion will have an easier time understanding the deeper

meaning in the following pages compared to those who have chosen to believe in nothing, a conundrum itself: For how can one believe in nothingness? To trade what is perceived as an old and outdated theology for a new and improved theology has done nothing but to change where faith lies. So, what came first, the chicken or the egg? People who believe in God are called Creationist and would answer that the Bible says God created the animals first and let Adam name them. Whereas the Evolutionist believes the egg came first, that somehow a male and female from the same species procreated and created a new, unbeknownst before, species; a biological impossibility. For a great video on this topic see Kent Hovind's "100 Reasons Why Evolution is so Stupid".

Masons teach that the right side up 5-pointed star is a symbol for the perfect man. The New World Order is supposed to culminate in the perfection of man, where man becomes like God, where man becomes his own creator. The measurements contained in the pentagram show what is called the Golden Section of Pythagoras or The Golden Mean or Fibonacci Sequence or God's Ratio. The pentagram is made up of 5 lines that each measure 21, Fig 3. The points at the tips of the star, when a line is drawn around to each of them to connect each point, gives a pentagon with sides of length 13. The acute triangles that make up the 5 points of the star have 2 sides each of length 8 and the base of length 5. The base of each acute triangle makes a pentagon inside the star. It is from these measurements that the symbol begins to reveal its secrets. Using the golden section/ratio is the key to unlocking the meaning of the pyramid on the back of the dollar bill. The base of the pyramid on the back of the dollar bill begins at the year 1776, the foundation of the New World. 1+7+7+6=21. These are some examples showing why Agenda 21 is so called, 21 representing man perfected. Luciferians believe God did not create us correctly and through the use of technology, a technological enslavement, we will be able to perfect ourselves and we will all become 'Supermen'. Agenda 21, Agenda 2030 and Agenda 2050 all speak of a world of peace and safety (1 Thessalonians 5:3-7) where there are no borders and where there is one ruler, one religion, one economy and one culture. It is a new Tower of Babel. A word study on 'tower' will show that it also means 'church'. The Pyramid of Giza in Egypt is also called the pyramid of Joseph. It is 481.25 feet tall which is 5775 inches. One royal, or divine, cubit measures 27.5 inches. 5775 divided by 27.5 equals 210. 210 is the number of cubits that make up the height of the Giza pyramid. Given that the number zero is not included with gematria makes it 21. This number 21 means everything to the Global Adepts and is the key to unlock everything we see and experience around us.

The Pyramid of Giza is a calendar of the Old World showing its beginning and end. The Old World Order lasted 5775 years, the height in inches of the Giza pyramid. The New World, as America is called, began the next year in 5776 or 1776. On the back of the petrodollar bill is another pyramid representing a calendar for the New World Order. A book published in 1935 written by Paul Foster Case titled "The Great Seal of the United States", describes the obverse seal as being a calendar where each step represents a single 13-year cycle. Of note is the publish date of 1935 and him writing that using this counting method meant that America had its most significant years ahead of it in 1944 and 1945, Pg. 31-32. This is important to note because in 1935 Hitler had not yet invaded Poland, there was no sniff of world war at the time. How did Mr. Case know? Keep reading and you will know also. Case says that the Founder's used the principles of the Bible to create America and that we must look to the law of liberty in the Bible and be doers of the work if we are to be blessed in our deeds. For so much more in-depth information on the Giza pyramid go to kabbalahsecrets.com, "Joseph's Pyramid (Also known as the Great Pyramid)".

Given the Fibonacci Sequence starting with whole numbers, the first 21 numbers are:
1, 1, 2, 3, 5, 8, 13, 21, 34, 55, 89, 144, 233, 610, 987, 1597, 2584, 4181, 6765, 10946…
In mathematics, the Fibonacci numbers form a sequence in which each number is the sum of the two preceding numbers. This sequence is used to predict and describe the behavior of many natural systems and opens up a world of abstract thought. The first seven numbers are 1 to 13 and sum to 33. 1+1+2+3+5+8+13=33. The eighth number is 21. [Also note at this time that the first 7 prime numbers are 2, 3, 5, 7, 11, 13, 17 and the eighth is number 19.] Using Fig 1, starting at the base of the pyramid on the back of the dollar bill is the year 1776, this is also the first step of 21 steps of 13 years each that total 273 years. 1776+273=2049, but there has to be a year accounting for the first year, and so the final date is 2048. Starting at 1776 and adding thirty-three 13-year cycles gives an ending at the year 2204, the Hebrew year 5964. Given, 322x13=4186, and 4186+1776=5962. A slight difference of 2 years between 5964 & 5962, but very interesting to note. It shows that the date chosen of 1776 in the Gregorian calendar when added to 322 - 13-year cycles has virtually the same end date when 33 - 13-year cycles are added to 1776. Also, 322+33=355. 3+5+5=13. You will see that these numbers come up over and over again.

Continuing with the Fibonacci Sequence in relation to the pyramid on the back of the dollar bill the pyramid has a base of 13 steps and a capstone of 8 steps, totaling 21 steps. The remaining 12 steps are of special note because the 156 years they make up, 12x13=156, and can go after the capstone year of 2048 or before the base year of 1776. Amazingly, if you go back 156 years from 1776 you get the year 1620, the year when the Pilgrims landed; Nov 11th at Provincetown and Dec 21st at Plymouth. There are exactly 33x13 years between 1620 and 2048. If you go back another 13 years you get to the founding of Jamestown in 1607. Going back to Jamestown would require the pyramid capstone to only have 7 steps and would end in 2035. It should be pointed out that by doing this breaks the golden ratio, plus it was not until 1776 that Independence was declared. It would also make the final steps 20 rather than 21. This importance will be explained later as it has to do with the beast that is the eighth and is also of the seven. It should be noted here also the name of Jesus in Greek is 888 and 888+888=1776, showing the first and second coming have something to do with this date and the number 21, since 1+7+7+6=21.

Given the pentagram, the Golden Section of Pythagoras, we have the numbers 5,8,13, Fig 3. 5+8+13=26. 26 is the Tetragrammaton, the name of God, IHVH, whom Hiram Abiff is an archetype of, really the Christos, or God in man. The eight and the thirteen still give the base and capstone of the pyramid, but there is now a period of 65 years to account for, 5x13=65. The end date of the capstone is still 2048 and another 65 years gives the date 2113. 21/13. The number 65 in gematria represents the name of God, Adoni (ADNI), found in Psalm 91, also haikal (HIKL) meaning temple. 65 is the completion of all things relating to Him and His plan. But we are told except those days be shortened there would be no flesh left alive (Matthew 24:22-24). Does the human race of today make it to 2113? Does the human race make it to the year 2204 or even to the year 2048 for that matter? It can be seen that using either the Fibonacci sequence or the Golden Section of Pythagoras, both using the Golden ratio or God's Ratio, the year 2048 shows that it is the final year of the capstone. That could be the final year of 'The Great American Experiment'. And what is the great American experiment? It is the experiment of whether man can live in liberty, fraternity, equality; or whether these higher-minded endeavors fail and man languishes in violence, slavery, tyranny. Does man use knowledge for good or evil? The Founding Fathers used the secrets of the universe to create our freedom, where a man is his own King, but today the secret knowledge is being used by absolute degenerates. It is painfully obvious when you look at any institution in America, they are corrupt from top to bottom and bottom to top. You see, knowledge itself is benign, what one chooses to do with it determines good or evil. That is just what the Bible teaches, that you will know a tree by its fruit (Matthew 7:16-17). An example being the knowledge of the atom. This knowledge can be used to power a city or this knowledge can be used to destroy a city and all that live there. This is why we are told to be wise as serpents but to tread as doves (Matthew 10:16). We are to know what they know, but not do as they do. For if we know what they know we cannot be fooled by them, their spells have no power over us. We are told that the people of God perish for lack of knowledge (Hosea 4:6 and Isaiah 5:13), and everywhere you look today you can find true knowledge being kept from the people, in public education, mainstream media, law enforcement institutions, financial institutions, political institutions, etc. Everything is hidden from the public and causes us to perish because all these institutions are hiding the truth from us.

What makes Fibonacci vs. Pentagram numbers stand out upon further review is the number sequences when compared to what the book of Daniel and Revelation say about the last days. Daniel says that the last days are timed in a manner of "a time, times and dividing of times" (Daniel 7:25), and Revelation says "a time, times and half a time" (Revelation 12:14 and Daniel 12:7). These are traditionally taught to mean 1+2+0.5=3.5 years, however this does not necessarily have to be the case. They speak of a first time, a second time and a shorter time, there is no mention of length of years. Daniel mentions 62 weeks, 7 weeks and 1 week. That spans an equinox (70x360) of prophetic years, using one day equals 360 years as stated in Case's book. If the calling forth for the building of the temple was in 742 BC, then Daniel's 7 weeks (7x360=2520) prophecy was fulfilled 2520 years later in 1776. Does that leave 1 week left of 2520 years to be divided into a time, times and half a time, as later stated in Revelation? No. These two statements referring to the last days are very similar if not the same thing. Amazingly the golden ratio in relation to the pyramid on the back of the dollar bill is broken up in like manner as is the timing of the UN's Agenda's 2030 and 2050. When looking at both the Fibonacci and pentagram methods of timing they fit perfectly with the prophets' description of the time frame of the last days. It should be noted now that the last days are the last days of the end times. John, son of Zebedee, said that we know the end times are already upon us because there are already Antichrists among us (1 John 2:18). Telling us the end times began when Jesus ascended to heaven, which is what Daniel and Revelation refer to, the time of the woman, the church under Jesus. Oddly enough, the

end of the dividing of times shows 3,2,1,1 which bears in mind again 322; the death cult of the Skull and Bones, or resurrection/born again cult. The ritual temple is called The Tomb, just as the Pyramid of Giza is called a tomb (they are not tombs, they are ritual temples) because the initiate dies and is born again anew. Just like the old order must die so that the new order can be born, the rising of the phoenix, a.k.a. falcon on the back of the dollar bill.

There appears to be a discrepancy of 2 years, 3 years if a year of inclusion is used, between 5962 and 5964. This can have many explanations due to various calendars over the centuries, but there is one also that involves the birth of Jesus and The Bethlehem Star. The conjunction of planets Jupiter and Saturn happens all the time, but for a particular historical time frame they were the brightest about September 14th, 3 BC. This means the birth of Jesus was at this time with some claims that He was born September 11th. Also, the Bible is clear that Jesus was born in the fall months, either the Feast of Trumpets or Tabernacles. The Jesus of the Bible is not the paganized Jesus of the bunk movie "Zeitgeist", there was a real birth and not a re-hashed sun worship story. This can account for a fudge factor of a couple of years in the Gregorian calendar. It also destroys many preconceptions atheists and Christians have about Christianity. This however does not change the length of calendar years of the pyramid on the back of the dollar bill, it only shows that the years add up. This event can be seen using a star-mapping program called Stellarium. Another way to look at this is 322x13=4186, 4186-1776=2410. 2410 BC is an approximate date of the building of the Tower of Babel and also Noah's flood, those two events being 10 generations apart. Dates for Noah's Flood range from 2472 BC to 2348 BC. Then, 322+33=355, and 355x13=4615, gives the years from the Flood/Tower of Babel to the completion of the new Tower of Babel. As an aside, it is said there were 1656 years from Adam to the Flood, 4615+1656=6271. Using the Egyptian calendar year 6271 gives us approximately 2030, the 20th step of the pyramid. Going off on a tangent, the Egyptian calendar doesn't match well with the other calendars due to not taking into account an extra quarter day every year, but this 5th Sothic cycle seems to be in line for the moment. To complete the thought, the 365-day Egyptian calendar used the Sothic Cycle of the rising of the star Sirius which began again on the same day every 1460 years. The calendar is said to have started in 4242 BC (putting us in the 5th Sothic cycle). Interestingly this makes the Hebrew, Masonic and Egyptian calendars off by equal years. The Gregorian year 2019 is on the Hebrew calendar 5779, add 241/242 years and you get the Masonic calendar year 6019, add another 241/242 years you get the Egyptian calendar year 6261.

This information culminates in an amazing revelation of prophecy using 13-year cycles, especially considering dates for creation and the flood are not set in stone, but the years that passed is generally known within a range. Using the time from the creation of Adam to Noah's Flood as 1638 years, using from the Flood to 1776 as 4186 years, and from 1776 to the time of the cutting off of the Messiah as 429 years, we obtain. 1638/13=126, 4186/13=322 and 429/13=33. 126+322+33=481, that is the total height of the Giza Pyramid, and 4+8+1=13. [1638 was used because it is a whole number divisible by 13, with a fudge factor of a 2-year difference]. 481/7days=69 weeks. This is the time of the 69 weeks spoken of in Daniel that makes up the time before Messiah is cut off. The final week of the 70-week prophecy beginning after 2048. [As an aside this makes the total years (1638+4186+429) 6253 which on the Egyptian calendar is 2012, a number that continually appears many times. This may have something to do with the calendar as 1776 to 2012 is 12 Katuns (1 Katun is 19.7 years) on the Mayan calendar and also the distance in nautical miles from the Paris Meridian to Mount Hermon where 1/3 of the angels fell to earth. The Mayan calendar beginning in 3113 BC and starting over 2012 AD; 3+1+1+3=8 and 2+1+2=5, 8 and 5 of the golden ratio, and also 3113+2012=5125, 5+1+2+5=13].

The timeline shows 126 thirteen-year cycles from creation to the flood, but the Bible chronology shows that it is 1656 years and not 1638 years. It should also be noted that a true 483/13=69, but numbers are rounded in gematria and the Giza Pyramid is 481 feet high, not 483. This can be explained the following way which shows that the timeline of years remains intact. There are 7 births before Noah and the Bible does not say whether the son was born in the beginning of the fathers age for that year or at the end of the fathers age for that year, meaning that the baby could have been born on the birthday of the father or the last day of the fathers age before his birthday. That gives a range of years of plus or minus 7, so 1656 years could be 1649 or 1663 years. Also, since the numbers and symbols made public are used to hide the truth from the uninitiated, 322 could really be 3, 2, 1, 1, which would give 321 thirteen-year cycles from the flood to the birth of the New World, leaving the extra 1 thirteen-year cycle to be added to the previous cycle. So, 1649-13 would give 1636, meaning that the timeline would be 127/321/33. This still gives the same number of years/weeks and is still in harmony with the numerology showing the completion of the great work. The 127/321/33 can also be the time, times, and dividing of times; making the above timeline shown as 126/127—322/321—33. The work done by Mark H. Lane at biblenumbersforlife.com shows the timeline numbers correspond to numerical meanings: 126/127 means saved from wrath/spiritual sons; 322/321 means slaves destroy master/evil replaces good; 33 means scattered remnant. Looking at the timeline in this manner shows that Noah and his sons were saved from God's wrath during the flood, that America is when men break from the traditional Kings and serfdom life and become their own kings and sovereigns, and that the final period is when His people are divided and weakened throughout the earth. Mark H. Lane lists over 1000 numbers and their meanings, some are given here that deal with this writing. 5 means weakness, 10 means testimony, 13 rebellion, 17 victory, 20 distress, 21 lawlessness, 22 light, 28 Christ in you/holy temple, 30 blood/children, 42 evil man, 45 preserved life/barely survived, 63 God's wrath, 65 apostasy, 73 Babylon-world rule, 75 missionaries, 91 wicked judged, 100 holy flock of God, 104 workers divided, 110 day of wrath, 220 thirst for vengeance, 156 man's leadership, 273 king's behavior undignified, 481 many foes put down, 482 worship false gods.

The pentagram in its simple form has one of its lines segmented into three parts, 1.6, 1, 1.6, Fig 1. These add up to 4.2. The pentagram has 5 acute triangles and 5 obtuse triangles giving a total of 10 triangles. The Bible also tells us that there will be 10 kings who give their power to the antichrist for 1 hour to reign with him (Revelation 17:12). It should be noted here that the UN (United Nations) has the world split-up into 10 regions, but that the countries of the 10 regions still hold their own respective power. This gives 4.2x10=42. It should be noted at this time that the 10 kings are also the ten toes of the statue in Daniel 2 showing how all this relates to the last days. One hour divided by the total hours of a day, 1/24, gives 0.041666, rounded up is 0.042. There is also a teaching that a thousand years is as a day as a day is a thousand years (2 Peter 3:8). 0.042x1000=42. This also shows that the reign of the blasphemous beast from the sea may very well be 42 years long. That teaching comes from the early Christians that taught that the creation story of 7 days was also a 7000-year prophecy of man's time on earth. Makes 6000 years since creation before Jesus comes back. [This shows 4000 years until Jesus' birth and then another 2000 years to today. Therefore, the year 2001 makes the beginning of the short time the devil has to run amok (Revelation 12:12, back-masked is 21/21 and together is 42)]. This can be found in their early teachings, the easiest being The Book of Barnabas in "The Lost Books of The Bible". Barnabas traveled with Paul and preached the Bible, so his book is worth reading, a great exposé on how to walk in darkness and how to walk in light. The 7000-year prophecy is also why they thought Jesus was going to come back in 1000 AD, because in the year we call 500 AD they called 5500 ARSH, making 1000 AD to them 6000 ARSH. All of our calendars are messed up, that is why it is important to know the numbers and symbols the secret societies use to signal to each other and to keep track of time.

The 42 months that the beast from the sea speaks blasphemies and wages war with the saints, as written in Greek, appears to be a literal 42 months. In Hebrew a month is Chadesh (Revelation 13:5). Chadesh also means new moons, to restore, to renew. In other words, there will come a time unlike there never was before where everything not in relationship with God will be purged and purified under a great renewal. Chadesh also happens once every year where no new grain is allowed to be eaten until Omer. The Omer ("sheaf") is a harvest offering brought to the

Temple on the second day of Passover (Leviticus 23:9-14). There is a further command that, from the day when the Omer was brought, seven weeks were to be counted, and on the 50th day a festival was to be celebrated. Could the 42 months actually be 42 years? And could the 42 years be of the time spoken, "except those days be shortened", part of the 65 years after the capstone year 2048? Could we be living in the beginning of the 42 years now? Did the 42 years begin in 1992 at the announcement of Agenda 21, a world peace covenant? The number 42 is important. There are 42 letters of the name of God. And since God is everything, a funny aside is the book "Hitchhikers Guide to the Galaxy: Life, the Universe and Everything". A super-computer was built and asked "What is the answer to life, the universe and everything?" After eons of computing it answered, "42". In the book everyone was confused by the answer and the computer told them that they did not ask the question correctly, so they built the earth as a biological computer to figure out the answer to life, the universe and everything. A fun read nonetheless.

When the correct vowels to the Shem Mem-Bet, the 42-letter name of God, are split into 2 halves, 7 triplets on one side and 7 on the other, the vowels on the right side of the name have the collective value of 378. That of Chashmal, the electric field of the angels and spirit of the tzaddikim (tellers of legends, righteous ones). The left side's total vowel valuation is 210 as in the 210 years in exile in Egypt, the height in cubits of the pyramid of Giza. Each triplet of the right side has a valuation of 56, which is 2 x 28 (koach/power) except the middle triplet, which is 42. The vertical sum of the first letters of each line is also 56, or twice 28. And 28 is the number of letters in the Torah's first verse, the one connected to the Shem Mem-Bet. If we add all the vowels in the name, plus the kolel of 28 we get 378+210+28=616, the value of H'Torah, (The Torah). Take note that the total is 616 because an old piece of the New Testament was discovered that had the number of the beast as 616. Interestingly, when the Greeks write the number of the beast they use 616, but when Jews write the number of the beast they use 666, a battle between the chosen people and the Greeks. Nero Caesar using gematria equals 666 in Greek and 616 in Hebrew; and no, Revelation did not already happen in 70 AD, the 7 trumpets and 7 vials of wrath clearly prove that. It is just a tidbit of knowledge to keep in the back of your mind along with this…Most religions except for Christianity are awaiting a messiah. The Israelites await Elijah, the Islamists await Mahdi and with a broad brush-stroke eastern religions await Maitreya. Christians are the only ones screaming at the tops of their lungs that the messiah everyone is waiting for is a farce and is actually evil personified.

There are 42 days between the end of Pesach (Feast of Passover) and Shavuot (Feast of Weeks). During this time we are counting the Omer and working on ourselves to be able to stand before HaShem (God) and receive the Torah. Since the revelation at Mt. Sinai is a recreation of Gan Eden (spiritual heaven), we can begin to understand that the work of the Omer period is to change ourselves back to the state we had in the Garden. This is the deception that would be so great it would fool even the elect if it were possible. The globalists believe that they can recreate themselves and therefore the Garden of God on earth, a new spiritual heaven. That they can live on this earth on their own terms without an outside God, thereby themselves being Gods. But if everyone is God how can there be a unity of One? At Sinai, we again stood in the presence of The Creator for the revelation of the Torah, which is the blueprint for creation. God looked into His Torah and used it to create the world, just as we are told in John 1. Thus, we see that the number 42 is concealed within the Omer count and its meaning and significance is bound up in unifying these two festivals. Finally, the result of counting 42 at Sinai is a new man who again walks with God in the Garden. The Zohar understands the recounting of these 42 stations on a mystical level. According to the Kabbalah, God brought the world into being by virtue of the first 42 letters of the Torah, the 42 building blocks or stages of creation. The 42 stations of travel in Masei echo the genesis of the world and reflect a second process of creation, one that lasted 42 years. In recounting the 42 journeys, Moses now tells B'nai Israel that in fact a new creation has occurred. The creation of the nation has paralleled the world. We now see that the reign of the Antichrist is for him to build his own heaven on earth, to fully separate man from God by putting enmity between the seed as God did to him in the garden eons ago (Genesis 3:15).

What brings to life the pyramid on the back of the dollar bill is when you take seemingly innocent names of things or times in history and compare them to the steps of the pyramid. See Figure 1. For example:

- In 1978 the US military introduced the F-16 fighter jet. The F at the 16th step.
- The base of the pyramid is 169 years in duration. 13 steps times 13 years. 169÷2=84.5 or 85. 1776+85=1861. The center year of the truncated pyramid is the year the US Civil War began.
- In the 11th month on the 11th day of the final year of the 11th step, World War One ended.
- The UN was founded on the 14th step, the foundation step of the Capstone, on the 3x3x33 day of the year. That is why the League of Nations failed, it came before its appointed time, before the capstone.
- Given the forward and reverse alphabets, the 20th step is B & G, as in the G20 & B20. A search of B20 also turns up the Metaverse Crypto Fund. Given that the vaccine administered in step C-19 causes ADE, auto-immune dependent enhancement, a fancy new name for AIDS, there is a medical code, ICD-10-CM, for patients with HIV coded B20. (Yes, hyperbolic, first used in 2016, but using the steps turns up weird stuff.)
- Q is the 17th step which begins in 1984. The same step Agenda 21 was introduced in 1992 at Rio Summit.
- The 2 & 1 dollar bills, 21, are the only bills not changed to the new monopoly style/colors. The ONE dollar bill stating Novus Ordo Seclorum and having the pyramid, and the 2 dollar bill showing July 4, 1776.
- T7, reverse English alphabet, is the optimized RNA used by Pfizer to create the vaccine. Go to covid-19pharmacovigilance.paho.org, select Pfizer/Biontech, then select General Characteristics. There you can read that the mRNA of the vaccine encodes with the RNA of your cells, altering the DNA of your cells, by producing proteins your cell's DNA would have never produced before on its own. If you click on the black box 'Read more of this component', it takes you to a pop-up where it says that they made the vaccine from a "DNA template", rather than an isolate of the virus. Because there was no isolate other than that from a PCR test done in China that was emailed to pharmaceutical companies. See PMC7094943 and PMC7095418. It also says the vaccine "elicits both T-cell and B-cell responses to generate neutralizing antibodies, which may contribute to protection against COVID-19". They admit in their documentation that the vaccine may or may not work, that it was made from a template (rather than an isolate that passed the Koch's Postulate Test; see last paragraph of PMC7095418), and that it encodes into your cell's DNA using a foreign mRNA code. A list of all BS-19 vaccines is at the Pan American Health Organization page.

General characteristics
The Pfizer-BioNTech COVID-19 vaccine is an RNA vaccine composed of nucleoside-modified mRNA (modRNA). It is a single-stranded, 5'-capped messenger RNA that has been generated through cell-free in vitro transcription from a DNA template encoding the viral spike protein of SARS-CoV-2 [WHO, 2020].
The mRNA sequence encoding the protein was synthesized using an optimized T7 RNA polymerase-mediated transcription reaction with complete replacement of uridine by N1-methyl-pseudouridine [Deva Priya SA, 2021]. The reaction included a DNA template containing the immunogen open reading frame flanked by 5'untranslated region (UTR) and 3'UTR sequences and was terminated by an encoded polyA tail [Deva Priya SA, 2021].
The mRNA is encapsulated in lipid nanoparticles through a modified ethanol-drop nanoprecipitation process [Hassett KJ, 2019].After injection, body cells take up the lipid nanoparticle, delivering the mRNA sequence into cells for translation into viral protein and then initiating the immune response against COVID-19 [Hassett KJ, 2019].
The expressed membrane-bound spike protein of SARS-CoV-2 is then recognized by immune cells as a foreign antigen. This elicits both T-cell and B-cell responses to generate neutralizing antibodies, which may contribute to protection against COVID-19.
It is important for the immune system to respond to the virus at the prefusion stage, because it would probably be too late for the immune system to intervene at the postfusion stage when the virus is

- Pfizer vax BNT162b2. b=2. 1+6+2+2+2=13.
    - B is Bet, representing tent or in or house, having value 2. N is Nun, meaning seed or fish, having value 50. Nun also has a final value. T is Tet, representing basket or snake having value 9, it is also Tav, representing a mark or sign or covenant, having value 400.
    - Bet-Nun means son when using the final value for Nun. Using Tet, BNT would mean 'Son of the Snake'. When using Tav, BNT would mean 'Son of the Covenant' or 'Son of the Mark'. Using the regular value of Nun gives the meanings 'The House of the Seed of the Snake' or 'The House of the Seed of the Mark'. The start of what will become the mark, or the start of the mark of the beast.
    - Using the pyramid steps with ancient Latin, BNT becomes bet-mem-qof, House of Chaos Rising/Setting or House of Water Rising/Setting.
- Moderna vax mRNA-1273. Or 37/21. 37x21=777, or God reversed. 1+2+7+3=13. √Phi=√1.62=1.273, Moderna said they are rewriting the software of life. They are 'squaring the circle', or 'phi', of life.

X=21, M=12. 2+1=1+2>33. The Egyptian calendar is divided into 3 seasons: 1st is Inundation or Flood, 2nd is Emergence or Winter (Matthew 24:20), 3rd is Low Water or Harvest.
- WW2 lasted 3 days shy of 13x13x13 days. Sep 1, 1939 to Sep 2, 1945.

It may be a bit excessive to look at the number of the steps and the letters associated with them as an internet search will most likely bring up countless similarities, but it is very interesting to see that there are specific things and events that coincide with them. The pyramid at least shows there is something that permeates all religions and spiritual beliefs and that there exists a synchronicity in the ether that manifests in our physical world. The stone layers of the Pyramid of Giza are not equal in height and start at 4.9 feet at the base and get smaller as they go up, ending at 1.7 feet at the truncated top. The shape of the pyramid, large base with tapering top to a point while the individual layers condense in size, shows that there is a convergence of time and events culminating at the end of the tip of the pyramid, a shortening of days and quickening of events. [A great video on this is "The Coming Convergence", thecomingconvergence.com] The Giza pyramid is missing the top 7 layers that make up the capstone. Making the base 203 meaning He created, ב ר א, bara. The capstone on the dollar bill is modeled after a 5,12,13 right triangle and to get the measurements it is multiplied by 7, Fig 5. This shows that the pyramid on the dollar bill is the missing capstone of the Giza pyramid and is associated with a final period of time. The pyramid of Giza at 210 cubits high is a mountain and as such HHR in Hebrew equals 210, the mountain. 210 is also ChRB, or the tip of the sword, a completion of the Word itself. This is echoed in traditional Jewish teaching of Gemara that the 7th time will bring war in the final process of redemption before the coming of Messiah. This process is called Atchalta De'Geulah and is why the rebirth of Israel is so important, it is the core belief of Religious Zionists.

The pyramid on the back of the dollar bill has also another interpretation where the capstone is 7 steps of 13-year cycles each. This method works in the same way using the Fibonacci sequence and starts at the founding of Jamestown in 1607 where a fort was built in the shape of a triangle. From 1607 to 1776 is 169 years obtained by multiplying 13 by 13. The next part of the pyramid is still 13 steps, but it is made up of two sections of 8 and 5 steps. The capstone of the pyramid is 7 steps and made up of 4 sections of 3, 2, 1 and 1. This now means that the capstone end date is 2035. This would also mean that the creation of the world is pushed back 13 years as well as Noah's flood. Meaning that the 481/7=69 weeks could be altered to put another two 13-year cycles after 2035 making the end date 2061. Bringing in to harmony with 483/7=69 weeks. This also makes 42 years from 2020 to 2061, followed By Daniels final week, Antichrist's reign. It fits also given that the Giza pyramid is missing the top 7 levels which would make the capstone on the back of the dollar bill the final missing piece of the Old World now becoming the New World. This method still points to the fact that you are alive during the most prophetic time the world has ever seen in 2000 years. This method also keeps the capstone years in line with the unit measure of the larger pyramid with the hypotenuse of 91. This also shows that each half way year marks a turning point is US history. 1607+85=1692, the year 19 people were hanged during the Salem Witch trials. 1776+85=1861, when the Civil War started. 1945+46=1991, when George HW Bush started publicly talking about the New World Order. This also makes the pyramid starting in 1776 only 20 levels of 13 years instead of 21, but it means that the 21st is now the first 13-year cycle starting the time when the great work is finished and the New World Order can begin. This lends itself to interpretations such as 322, with the skull and bones, representing the last time of man before

man kills God's creation and is reborn as an image man creates of himself. The skull and bones were also worn by Hitler's SS and shows that WW2 was really about ushering in the New World Order. Hitler believing that he would be the one ruling the world beginning at the start of the base of the capstone, but the time was not yet. Hitler was used as Putin is being used now. Mathematically this pyramid works because the 8 & 5 step section still has a side length of 60 and the capstone still has a side length of 31. Equating the 8 & 5 section of 13 steps to the capstone of side 31 is given as, $\frac{x}{31} = \frac{13}{60}$, giving 13x31÷60=7. Which is what we have, a capstone with 7 steps. This also gives the base truncated pyramid with sides 65, top 70, base 120 and height 60. This would give the dimensions using a 5,12,13 triangle with base 120, height 144 and hypotenuse 156. This makes the base add up to 65+65+120+70=320. The total 3D object being 4x(65+70+120)=1020. This would make the whole triangle 120+156+156=432. It also still holds for Revelation given that the base is a time, the middle is times and the capstone is half a time. 42 years from the center of the capstone, 1991, the announcement of the new peace covenant by Bush, is 2032, 3.5 years before the end of the capstone. There are some aspects of a 20-step pyramid that do show some interesting insights, but they do not equal the magnitude of what is found adhering to the 13,8,5 golden ratio, although it is most likely that these are hidden within each other. This pyramid may show America's final year of existence is 2035. This fits perfectly with the years 1776—2035 being 260. 26 is God's name and 10 being testimony, symbolically shows that the capstone finishes God's judgement here on earth for this time.

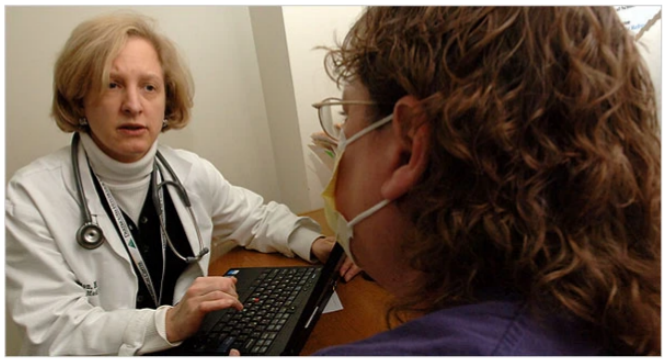
Faith in Quick Test Leads to Epidemic That Wasn't



Dr. Brooke Herndon of Dartmouth-Hitchcock Medical Center, shown at left this month, was told last spring that she appeared to have whooping cough. Jon Gilbert Fox for The New York Times

As briefly mentioned above, the PCR, polymerase chain reaction, test being used to determine if people had covid was previously known to have false positives that could create a false pandemic. There was a pandemic before Covid-19 that used PCR tests that turned out to be what now looks like a test run. New York Times published an article about it January 22, 2007 titled, "Faith In Quick Test Leads To Epidemic That Wasn't".

"Dr. Kathryn Kirkland, an infectious disease specialist at Dartmouth, had a chilling thought: Could she be seeing the start of a whooping cough epidemic? For months, nearly everyone involved thought the medical center had had a huge whooping cough outbreak. Nearly 1,000 health care workers at the hospital in Lebanon, N.H., were given a preliminary test and furloughed from work; 142 people, including Dr. Herndon, were told they appeared to have the disease; and thousands were given antibiotics and a vaccine for protection. Hospital beds were taken out of commission, including some in intensive care. Then, about eight months later, health care workers were dumbfounded to receive an e-mail from the hospital informing them that the whole thing was a false alarm. Not a single case of whooping cough was confirmed with the definitive test, growing the bacterium, Bordetella pertussis, in the laboratory. Instead, it appears the health care workers probably were afflicted with ordinary respiratory diseases like the common cold. Now, as they look back on the episode, epidemiologists and infectious disease specialists say the problem was that they placed too much faith in a quick and highly sensitive molecular test that led them astray. "It's a problem; we know it's a problem," Dr. Perl said. "My guess is that what happened at Dartmouth is going to become more common.""

"At Dartmouth the decision was to use a test, P.C.R. "You cannot imagine," Dr. Talbot said. "I had a feeling at the time that this gave us a shadow of a hint of what it might be like during a pandemic flu epidemic." Yet, epidemiologists say, one of the most troubling aspects of the pseudo-epidemic is that all the decisions seemed so sensible at the time. At Dartmouth, when the first suspect pertussis cases emerged and the P.C.R. test showed pertussis, doctors believed it. "That's how the whole thing got started," Dr. Kirkland said. Then the doctors decided to test people who did not have severe coughing. "Because we had cases we thought were pertussis and because we had vulnerable patients at the hospital, we lowered our threshold," she said. Anyone who had a cough got a P.C.R. test, and so did anyone with a runny nose. That's how we ended up with 72 percent of all the health care workers immunized against whooping cough in a matter of days. The Dartmouth doctors sent samples from 27 patients they thought had pertussis to the state health departments and the Centers for Disease Control. There was no pertussis in any of the samples. "It was going on for months," Dr. Kirkland said. But in the end, the conclusion was clear: There was no pertussis epidemic. "The big message is that every lab is vulnerable to having false positives," Dr. Petti said. "No single test result is absolute and that is even more important with a test result based on P.C.R." And while we are talking about the fake plan-demic, there was such a wide spread problem during the summer of 2021 that it could no longer be ignored, so much so that even a major media outlet published a story about it. There is a very real possibility that the professional athletes in America were given salt solutions instead of actual mRNA vaccines. This can also be surmised by the fact that most of the world plays soccer and soccer athletes all over the world are dropping like flies. It is also a likely scenario that saline was used as a way to hide the fatalities by not injecting everyone with the mRNA right away, but slowly over time with boosters introducing the poison into the population. Make no mistake reader, you are at war, and you are marked for death.

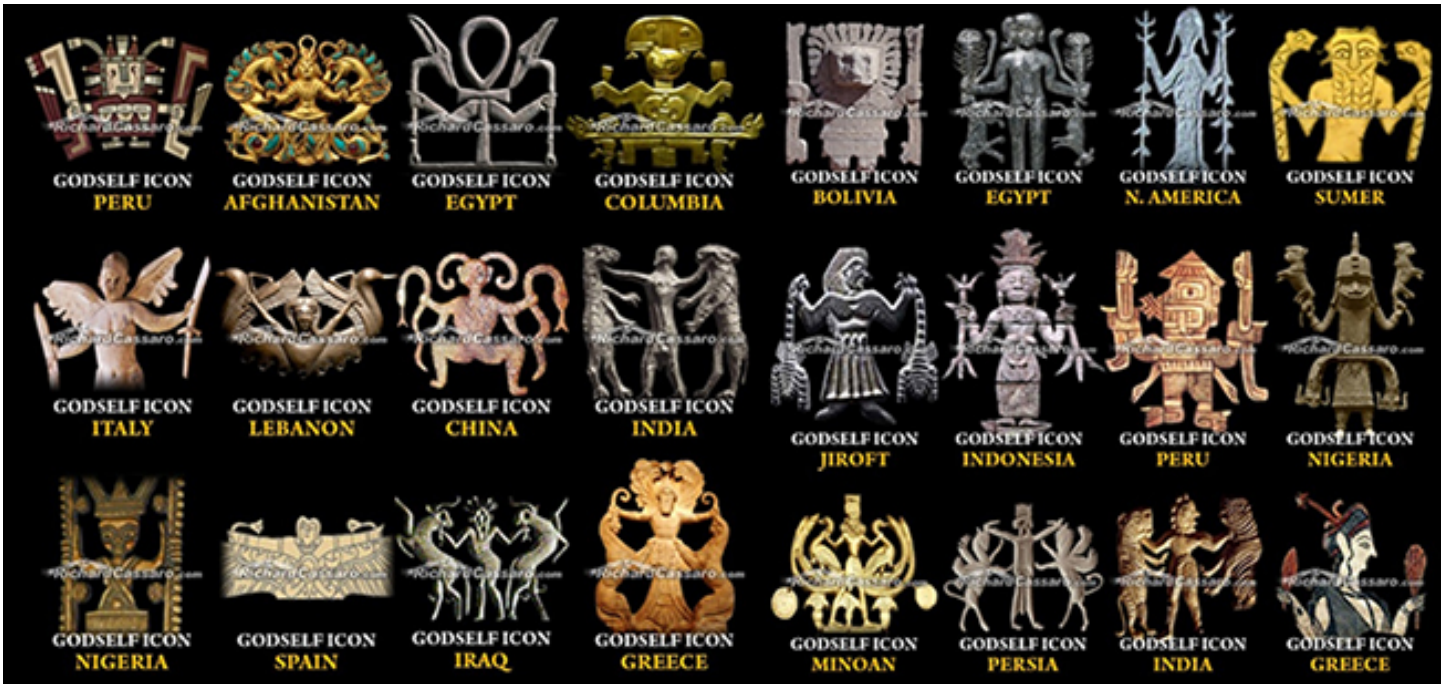
ANCIENT SCHEMES AND MODERN MONUMENTS

The seal of the United States shows an eagle holding olive branches and arrows in outstretched legs. Given an eagle has no arms but wings, it makes sense that the eagle would use its talons/legs to hold two twin objects, in this case opposites representing peace and war respectively, see Fig 2. Richard Cassaro wrote "Written in Stone" and "Missing Link" where he describes his global study of ancient artifacts, finding that all ancient religions around the world show gods and goddesses with outstretched arms holding twin objects. What he calls the GodSelf Icon is a depiction of a central figure, a forward-facing man or woman who holds in his/her hands outward from the body either a pair of animals or a pair of staffs symmetrically. These twin objects stand for opposing principles, and the central figure represents the hero or sage who combines those two opposing principles to create a spiritual balance that opens new doors of perception and creates centeredness of being. Students of the occult will immediately recognize in this description the age-old coincidentia oppositorum ("coincidence of opposites") concept. This is one of the central meanings of the GodSelf Icon.

Cassaro shows how the Old World symbol known as Master of Animals, is the very same symbol that scholars of New World cultures call the "Staff God." He explains that this symbol is the central icon of an ancient wisdom tradition shared by the pyramid cultures across the world. Encoded in the image, which Cassaro calls the GodSelf Icon, is a complex metaphysical doctrine that encodes a complex set of instructions for inner awakening. Cassaro shows how this wisdom has been encoded on Gothic Cathedrals by medieval stonemasons, and preserved in hermetic and alchemical symbols like the Rebis.



Scholars of Old World cultures and scholars of New World cultures have:
(a) failed to recognize the icon's presence worldwide
(b) failed to understand the icon holds the same meaning worldwide
(c) failed to connect (a) and (b), and thus remain unaware that THE "GODSELF ICON" IS THE LOST SYMBOL OF AN ANCIENT UNIVERSAL RELIGION once known worldwide. The fact that the eagle on the seal is using the same iconography tells us that The Great Experiment is intimately connected with past polytheistic religions that existed before and after the flood of Noah. We are witnessing right now the re-birth of a new universal religion that will encompass the entire world. This iconography is also found on the Rockefeller Foundation's building in New York. For more information go to richardcassaro.com

The GodSelf Icon can be traced back to a very ancient and formative era. The further back in time we look, the more we see the GodSelf Icon. The Universal Religion of the Triptych Temple formed the foundation of modern Freemasonry and other Secret Societies like the Knights of Pythias, Skull & Bones, and Shriners. All use the Triptych entrance into their headquarters. A lost Universal Religion was practiced globally in antiquity. Its remains are memorialized in pyramids and temple architecture worldwide. Its wisdom is still visible in ancient ruins, and has been perpetuated in Western Secret Societies. The Freemasons of ages past—who were the builders of Europe's and America's churches, castles and cathedrals—wisely encoded its wisdom into the architecture of their constructions, where it remains concealed today.

In the Washington D.C. National Harbor there is a 72-foot statue called “The Great Awakening” that shows an old man coming up out of the ground. What it really shows is the old man represents the Old World dying and the ‘awakening’ is the New World order being built on the death of the Old World order. There are also two pillars next to it with an eagle atop each. The Bible tells us where the corpse lies the eagles will gather (MATT 24:28). This statue was built in 1980, the same year the Georgia Guidestones were built at 1031 Guidestone Rd NW, Elberton, GA 30635. The Guidestones are said to be built by R.C. Christian. Case’s book shows us that RC is “roke” or tenderness. This was chosen because the capstone of the pyramid on the back of the dollar bill equals 220. Fig 1. RC=220. 220=96+124. The capstone is pyramidal in shape and has 4 base lengths of 24 and 4 side lengths of 31. So 4x31=124 and 4x24=96. RC is referenced in Daniel 12:13; “at the end, at the limit”. What is being said is that the end time will be the completion of the capstone. It shows that during this time period the Old World Order will give way to the New World Order and that during this time they desire to bring the human race to a world population of 500 million. There are currently 7 to 8 billion people in the world, so that is a lot of people in the next several years to kill off. Have someone that needs a red pill? Try this; itanimulli.com.

There are 23 chromosomes that make up human DNA, the 23rd determines the sex, male or female. This leaves 22 chromosomes. 11/11. Agenda 21 is a New Age for the 21st Century. Watch Rosa Koire's "Behind The Green Mask" for info on Agenda 21. We can now clearly see that the New Age not only teaches that man will transcend the spiritual realm and become his own God, but it also seeks to alter the DNA code God used to create us. The Covid plan-demic is the launching of this anti-God agenda. They believe that by altering the 22 chromosomes of DNA that they can create for themselves a more perfect man. Genetically altered man will be the new Tower of Babel. Compare the European Parliament building to the medieval artwork of the Tower of Babel…It's the same building. The EU Parliament is basically continuing the unfinished work of Nimrod, the infamous tyrant, who was building the Tower of Babel to defy and dethrone God. Satan's five I Wills. Isaiah 14:12-14.

***Tower of Babel*, by Breugel (c. 1563)**

The Tower of Babel is an icon for being a place of idol worship that gave the illusion that the power of God was on their side. It is a sign of man demonstrating his human power and prowess to overtake God's throne. It is a symbol of humanism and the attempted apotheosis of man, a symbol of hubris and arrogance. When the generations of Noah returned to the evil ways of the sons of Cain, they united in an idolatrous religion that led them to believe they could build a tower to heaven and overcome God Himself; they themselves now being God. This is exactly the same spirit we are dealing with today and their Agenda 21, Mystery Babylon being reborn. Mystery Babylon so called because the mystery schools have hidden their work in the symbols and behind closed doors rather than out in the open as before. And if you look today you can see a symbol of the Tower of Babel built in the heart of the New Babylon, the One World Trade Center. Johnathan Kleck showed 10 years ago how the old trade centers and new trade center deal with the mingling of DNA and the creation of a new race, showing also that DNA is in a size relationship of Phi. Go to kleckfiles.com and search for 'DNA', also search 'twin' and 'tower' if you are so inclined. Start with "The DNArk Knight Phoenix Rising". Notice the EU poster at left, that there are 11 stars, upside down. That is a reference to Genesis 11 where the Tower of Babel is spoken of and 11 is also a master number meaning greater than perfection and to encompass all things.

In Genesis 11:2 we see that the people traveled east to arrive at Shinar, showing that those who go east are going away from God. Thus, we see that their motivation is not good despite the seemingly innocent words. It seems to be indicated in the words of the prophets that the evolution of many different languages after the dispersion was detrimental to the ultimate perfection and unity that mankind strives for, and that only when the Messiah comes, and all peoples of the earth will once again speak in the Holy Tongue, will we achieve that perfection and unity. The prophet Zephania speaks of the future Messianic Era when he writes, Zephania 3:9 "For then I will change the nations [to speak] a pure language, so that they all will proclaim the name of God, to worship Him with a united resolve." The words are the medium of creation, and a correct grasp of the words is a correct grasp of the essence of the objects those words represent. Rabbi Hirsch explains that the sin of the builders of the Tower of Babel was that they wanted to unify themselves and achieve a so-called "perfect society" without God. They wanted to "make a name for themselves" and not to submit to God's will and plan. The generation of the Dispersion, after the flood, corrupted God's plan of unity and instead used it to magnify themselves above Him, just like we see today with all machinations of the New World Order. They wished to receive sustenance from the name יהוה - Havayah; however, they did not want to submit themselves and nullify their egos to the Divine will and thus deserved no better than sustenance received from the back of Elohim. They did not wish to follow the rules as they exist in the world of Tikkun. They desired to reach beyond the world of Tikkun to the world of Akudim whence they could derive sublime sustenance without curbing their egos and desires and submitting to the rules of Tikkun, the world of structure. This they tried to achieve through unity, the secret of Akudim, just as the globalist do now.
The Horsewoman (the Monument of Peace), a sculpture created by Antun Augustinčić, and placed at the UN in New York when the headquarters were built, is also known as the Herald of Peace. This distinction is important because the woman on the horse is a depiction of Hermes, who is known as the divine trickster. Hermes functioned as the emissary and messenger of the gods and was often presented as the son of Zeus and Maia, the Pleiad. His attributes and symbols include the talaria (winged sandals), and winged helmet, as well as the palm tree, goat, and the no. 4. However, his main symbol is the caduceus, a winged staff intertwined with two snakes copulating. So, you can immediately see that modern medicine, New Age Pleiades worship and Global Utopian Peace are all a ruse. In Roman mythology Hermes was known as Mercury, meaning merchandise and commerce. Mercury is also considered to be Odin according to Roman tradition. The UN is working toward building the new tower of Babel and is bringing about on earth a false peace that is heralding the emergence of the Antichrist.

The new Babylon, the rebuilding of the Tower of Babel is seen in Revelation. In Revelation 13 and 17 the first beast comes out of the sea, which is the people of the world, and is also the bottomless pit. The sea is where Leviathan dwells, the beast that encompasses the evils of man. The first beast has 7 heads and 10 horns, with blasphemy written on the heads, the 7 heads are 7 kingdoms and the 10 horns are 10 kings. The beast is a leopard with bear's feet and a lion's mouth. Not an eagle. The beast is of the seven, not the eighth as is the eagle, or the second beast. The dragon, Satan, gives the beast power, his seat and great authority. One of the heads is wounded as by a sword. The Word, Jesus, is that sword that wounded Satan when He walked the earth, the woman representing the church being that vehicle used by Jesus to wound Lucifers head. God told the serpent in Genesis that He would put enmity between his seed and the seed of the woman and that the woman would bruise his head and he would bruise her heel. The church of Jesus would thwart Lucifer and Lucifer would cause man to walk in error. The woman is also a representation of the church who is given a place for a time, times and half a time, the church age. The head of the first beast is healed and the world wonders after the beast. The beast is the evils of man, the 7 deadly sins, man's ego, narcissism, for the love of many will grow cold. The beast that was, was Satan in the garden that tempted Eve, the beast that was not is the time when the church spread across the entire earth, and the beast that is, is when the head wound is healed and is Satan running amok because his time is short. The Luciferians worship the dragon and themselves saying who is like the beast and who can make war with him? The fruits of evil men are like unto the beast and we, the Christians, can make war with him. Power is given to the beast to continue 42 months, which is

more likely 42 years or 42 time periods. But how hilarious that for thousands of years Satan has been plotting and planning for this time and only has 42 months to reign. This beast makes war with the saints and overcomes them and he is given power over the majority of man and over the entire planet. Those whose names are not in the book of life will be the ones who indulge in self-worship. He that leads into captivity, that causes men to sin, will himself be captive of that evil, and he who kills with the sword must also be killed with the sword. The Word is the sword, so he who slays evil with the word of God will also be slayed for having the word of God. It is also a literal meaning in that God knows there will be those who don't fight and willingly go to death camps and those who never give up and get killed fighting against the New World Order.

A second beast comes from the earth and has 2 horns like a lamb and speaks as a dragon, so the beast has the horns and the power, as if he was Jesus, but he speaks as though he is Satan. He has all the power of the first beast before him and causes the men not written in the book of life to worship the first beast, or, to cause men to worship themselves, to worship the evils of man. The second beast brings down fire on earth to try the souls of men, whereas God brings rain down on the earth to grow the souls of men. The second beast deceives those whose names are not in the book of life by his signs and lying wonders, a deception so great it could almost fool those whose names are written in the book of life, but the second beast is not able to fool them. The second beast causes man to make an image of the first beast, to make an image of the evils of man, which is to become their own creators and therefore unseat God because man has now become his own creator. Satan promised in the garden that man would be as gods knowing good and evil, and that they would attain immortality through knowledge. The second beast causes the death of those whose names are written in the book of life. This is what we are told in the fifth seal, that Jesus will not return until the number of the saints killed for His namesake is again reached. That is why no man knows the day or the hour, for it is a time, that time being when the number of saints killed equals the number of saints who reside below the throne of God in heaven. That is why good men can always overcome evil and the return of Jesus be put off so to speak. For if good men remained ever vigilant against evil, then evil could not spread and the number of dead saints never reached, thereby the last days never reached. That is why it is so critical to fight now, to fight today, to fight this very moment, because now does not have to be the time it appears to be. The pyramid calendar is man's timeline, not God's timeline. It is only the last days when good men give up and do not stand against evil. Therefore…Arise! Fear not and fight! The second beast causes all small/great, rich/poor, free/bond, whose names are not written in the book of life, to take a mark in their right hand or foreheads, or, in the fruits they bear or the thoughts they have. The second beast institutes that no one can buy or sell unless he has the mark, the name, or the number of the beast. The number of the second beast, that comes from the earth, or the beast that is of the things of the flesh, is man himself and is represented by the number 666.

The whore that sits upon the waters, or the people of earth, or the first beast, is the embodiment of man's desire to wonder after the flesh rather than the spirit. She is Mystery Babylon; she is the rebirth of Babylon in the spirit and the flesh of man the world over. She is man's desire to become his own god and also all the sin that that entails. She represents the evil means to reach the final end and her spirit has been riding over man for all the times of the beast kingdoms. Daniel 2 speaks of the fourth kingdom being as iron and conquering the earth, but having a weak foundation destroyed by a stone. Jesus, the stone cut without hands, the stone the builders rejected called equality, is the covenant Jesus gave to man, for now the doors to heaven are open to all peoples, nations and tongues. Daniel 7 also speaks of this fourth beast being a terror and unlike anything the world has ever seen. The seven headed beast in Revelation encompasses the seven continents but it also encompasses the times of these beast kingdoms, the final 8th kingdom being that time when Antichrist assumes his position for a short time. Her wine is the blood of the saints which becomes the vials of judgement poured out on those left after the seventh trumpet, when the evil people reap what they have sown. The seven heads of the first beast are seven mountains, which are the seven mountains that Satan promised to Jesus if He would bow down and worship him. Jesus is not the antichrist and therefore cannot take possession of the seven mountains until the appointed time. The seventh kingdom is the one that continues a short space, the kingdom that began 1776. The 7 kingdoms are made up of the four beasts of Daniel just as the capstone of the pyramid on the back of the dollar bill is split into 4 and 7. The capstone as seen in Fig. 5 shows that its height is 28 which is 4x7. The first beast of the sea becomes the eighth, and is of the seven. The whore riding the first beast is Europa, where Europe got its name from, the 6th kingdom which is why the royalty of the UK even uses the 6-pointed star to represent its secret power. America is the seventh kingdom, its failure to maintain free-will for man ushers in the New World Order that is the eighth kingdom that goes into

perdition ruled over by the Antichrist. Noah and even Jesus are represented by the number 8, but the Antichrist wants to usurp that power and therefore mimics that numerology to represent his future kingdom. The ten kings are the ten toes and give their power to the beast for one hour, or 42 years or times, or a literal 42 months as the days are shortened and may no longer be a thousand years as a day or 360 prophetic years either. They all have one mind, the New World Order. They make war with Jesus at the seventh vial, the battle of Armageddon, and Jesus beats them. The battle of Gog and Magog not being until after the millennial reign. The ten kings hate the whore and make her desolate, the New World Order hates humanity and destroys it. The whore is the great spiritual city of evil. Daniel 2:35. Those who are not written in the book of life become chaff, all those of the four beast kingdoms and even the eighth. The stone, Jesus, breaks apart all the machinations of evil devised by man on earth. The iron will bruise the church, but it is not strong enough to fully defeat it. And because the house of Satan is divided it cannot stand and will be crushed. The seed of man will be mingled, but not fully cleave because we are not made by God to be digitally integrated with technology. What the globalists are trying to build and create will almost work, but because they are divided and the technology they are using is from man and not God, they have already baked-into-the-cake their own failure. This is why the days are cut short, because no flesh would be left alive, we would all be digital DNA copies of God's creation. Even the plants, insects and animals. That is why we are told that in the midst of all this God will set up His own kingdom that will be eternal.

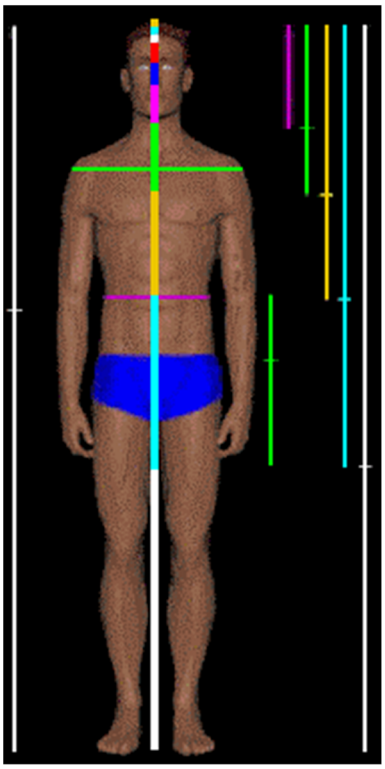
It is important to know that if God is waiting for the number of murdered followers to equal the number of previously murdered followers, then those who believe in God need to realize that the horrors to come to fulfill such a prophecy are beyond anything they can imagine. The word tribulation comes from the word tribulum. A tribulum is a farm implement used to separate the wheat from the chaff. Winnowing was still done by tossing in the air from a winnowing basket when there was a favorable wind to blow away the chaff. The Bible is clear that it is not until the shout of an angel at the 7th trumpet when the reaping of the harvest, the separation of the wheat and the chaff, occurs. We first find in Daniel 12:1 "And at that time shall Michael stand up, the great prince which standeth for the children of thy people: and there shall be a time of trouble, such as never was since there was a nation even to that same time: and at that time thy people shall be delivered, every one that shall be found written in the book." Paul later tells us in 1 Thessalonians 4:15-17, "For this we say unto you by the word of the Lord, that we which are alive and remain unto the coming of the Lord shall not prevent them which are asleep. **16** For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: **17** Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord." The Apostle Matthew wrote of Jesus' words at the Mount of Olives, Matthew 24:29-31, "Immediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light, and the stars shall fall from heaven, and the powers of the heavens shall be shaken: **30** And then shall appear the sign of the Son of man in heaven: and then shall all the tribes of the earth mourn, and they shall see the Son of man coming in the clouds of heaven with power and great glory. **31** And he shall send his angels with a great sound of a trumpet, and they shall gather together his elect from the four winds, from one end of heaven to the other." John reaffirms all this in the Revelation of Jesus, Revelation 14:14-16, "And I looked, and behold a white cloud, and upon the cloud one sat like unto the Son of man, having on his head a golden crown, and in his hand a sharp sickle. **15** And another angel came out of the temple, crying with a loud voice to him that sat on the cloud, Thrust in thy sickle, and reap: for the time is come for thee to reap; for the harvest of the earth is ripe. **16** And he that sat on the cloud thrust in his sickle on the earth; and the earth was reaped." This is further reiterated in Mark 13:24-27. (To note, Jesus refers to himself as Son of man rather than Son of God because in ancient times angels were called Sons of God). We know further that we are not caught up with Him until after the 6th trumpet because we see that after the two witnesses are resurrected that there is still a remnant on earth and that they are still worshipping God. Revelation 11:13, "And the same hour was there a great earthquake, and the tenth part of the city fell, and in the earthquake were slain of men seven thousand: and the remnant were affrighted, and gave glory to the God of heaven." The harvest cannot come before the 6th trumpet otherwise Jesus would have to come back to collect the rest of His people that He left behind; not a Biblical teaching. He comes once to be rejected and once to reap. I say all this to warn you not to fear if you find yourself going through the great tribulation, it is written that we will have tribulation in this life, but we are not appointed unto wrath. All John 16 affirms this, specifically verse 33, "These things I have spoken unto you, that in me ye might have peace. In the world ye shall have tribulation: but be of good cheer; I have overcome the world." And 1 Thessalonians 5:9, "For God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ."

Remember, Jesus told the disciples that He would no longer be walking with them and that they were to tell everyone that had two cloaks to sell one and buy a sword, that the work was to be completed in Him, not them. Luke 22:35-37, "And he said unto them, When I sent you without purse, and scrip, and shoes, lacked ye anything? And they said, Nothing. **36** Then said he unto them, But now, he that hath a purse, let him take it, and likewise his scrip: and he that hath no sword, let him sell his garment, and buy one. **37** For I say unto you, that this that is written must yet be accomplished in me, And he was reckoned among the transgressors: for the things concerning me have an end." The disciples had a history of being "ye of little faith", but they did accomplish the great commission, just not the physical fight that Jesus told them to prepare for. The death of Jesus was needed to complete God's work, but the death of the disciples was not needed, Jesus needed them alive to contend for the faith. That is why Jesus asked them if they were in need when He told them to travel with nothing but the shirt on their back, and why he told them that if they had excess they were to buy weapons, because He would no longer be there for them and they would need to fight for themselves. So yes, we are to fight for the faith, and never let a preacher tell you otherwise. All this leads to one very important distinction, whether we are living in the days when the seals are being opened and the four horsemen of the apocalypse are riding, or we are living in another time of perceived apocalypse. The reality is that it does not matter, we are to buy weapons of war and contend for the faith and for our brethren. These Luciferian Globalist are murdering us right now and ultimately want our souls, and they plan on getting them by taking away our free will and forcing us to worship them. Until you figure out what your enemy is really after, you will never see the bigger picture. The enemy is after what God has, temples of his own, and that is where the enemy wants to sit and declare himself God. We are the temple; we are the third temple and mystery Babylon is the rebuilding of the Tower of Babel within us. It is the altering of our DNA to create the perfect man to prove that God is a failure and undeserving of worship.

We must judge, and we must judge righteously, not knit-picking our brethren and speaking in contradiction of our own errors, but to truly judge good from evil; for how can we differentiate good and evil if we are kept from judgement? We are not kept from judgement. John 7:24, "Judge not according to the appearance, but judge righteous judgment." The best metric to use is to take something, an action or a belief or a thought, and ask yourself; does this take me further away from God or bring me closer to God? Jesus himself tells us to do this. Remember, we are told to test all things and hold fast that which is good. 1 Thessalonians 5:21, "Prove all things; hold fast that which is good." We are also told to give people 2 chances and to move on if they do not want to hear the truth. Titus 3:10-11, "A man that is an heretick after the first and second admonition reject; **11** Knowing that he that is such is subverted, and sinneth, being condemned of himself." These would be good words to heed because we are far behind the eight ball at this time and need to hurry to reach as many as can be with the truth about this technological enslavement we are entering right now. Timothy and Joel even warned us about what to expect in this time. 1 Timothy 4:1-4, "Now the Spirit speaketh expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits, and doctrines of devils; **2** Speaking lies in hypocrisy; having their conscience seared with a hot iron; **3** Forbidding to marry, and commanding to abstain from meats, which God hath created to be received with thanksgiving of them which believe and know the truth. **4** For every creature of God is good, and nothing to be refused, if it be received with thanksgiving." Now you can see why the globalists want to stop us from eating meat. Literally everything warned about in the Word is coming true before our very eyes. And why is it that no matter how much factual evidence is shown to people they will still fight you and call you names and say you are wrong without ever researching the information for themselves to see if it is true? Joel 2:1-8, "Blow ye the trumpet in Zion, and sound an alarm in my holy mountain: let all the inhabitants of the land tremble: for the day of the LORD cometh, for it is nigh at hand; **2** A day of darkness and of gloominess, a day of clouds and of thick darkness, as the morning spread upon the mountains: a great people and a strong; there hath not been ever the like, neither shall be any more after it, even to the years of many generations. **3** A fire devoureth before them; and behind them a flame burneth: the land is as the garden of Eden before them, and behind them a desolate wilderness; yea, and nothing shall escape them. **4** The appearance of them is as the appearance of horses; and as horsemen, so shall they run. **5** Like the noise of chariots on the tops of mountains shall they leap, like the noise of a flame of fire that devoureth the stubble, as a strong people set in battle array. **6** Before their face the people shall be much pained: all faces shall gather blackness. **7** They shall run like mighty men; they shall climb the wall like men of war; and they shall march every one on his ways, and they shall not break their ranks: **8** Neither shall one thrust another; they shall walk every one in his path: and when they fall upon the sword, they shall not be wounded." It clearly states in the 7th & 8th verses that the end times generation is so hardened in their error that they march forward no matter what.

OCCULT CHURCHES OR DIVINE TOWERS

The Twin Towers were part of a 7-building complex, homage to the 7 pillars of wisdom [Proverbs 9: Fear of God, Power, Knowledge, Counsel, Wisdom, Understanding, Prudence] and were originally built by David Rockefeller whose brother Nelson signed the legislation to build it. The north tower was WTC 1 and the south tower was WTC 2, or 21. Each tower is 110 stories which combine to 220, which coincides with RC, roke, and also the measure of 8 royal cubits as established with the Pyramid of Giza, 8x27.5=220. The Antichrist and the NWO are also the eighth and of the seven. 22 is the diameter of the pentacle showing its relation to the 69 weeks before Messiah is cut off and DNA chromosomes. The electric power used to operate the buildings by ConEd was installed at 13,800 volts, right from the golden ratio, 13,8. There were 19 terrorist high-jackers and there were 157 people that died on the planes, 1+5+7=13, and cleanup took 8 months. During a press conference in 1973, Yamasaki was asked, "Why two 110-story buildings? Why not one 220-story building?" His tongue-in-cheek response was: "I didn't want to lose the human scale."



The Divine Proportion in the Body

- The white line is the body's height.
- The blue line, a golden section of the white line, defines the distance from the head to the finger tips.
- The yellow line, a golden section of the blue line, defines the distance from the head to the navel and the elbows.
- The green line, a golden section of the yellow line, defines the distance from the head to the pectorals and inside top of the arms, the width of the shoulders, the length of the forearm and the shin bone.
- The magenta line, a golden section of the green line, defines the distance from the head to the base of the skull and the width of the abdomen. The sectioned portions of the magenta line determine the position of the nose and the hairline.

The golden section of the magenta line (also the short section of the green line) defines the width of the head and half the width of the chest and the hips.

The One World Trade Center, aptly named, mimics the ONE on the back of the dollar bill signifying God. In 2009 the name was changed from Freedom Tower to One World Tower, showing that freedom was abolished in order that the great work can be finished.

Although it is 94 floors, it is labeled as having 104 floors, showing its relation to the pyramid on the dollar bill with the 8-step capstone representing 104 years. It is 1776 feet tall and was opened November 3, 2014, which is Nov=11, and 3+2+1+4=10, and 11+10=21. The building is made of 2 open pyramids placed one atop the other, or 8 isosceles triangles, called an antiprism or anti-cube. The first floors 1-19 are the base, leaving 75 floors. In the center of the 75 floors, floor 38 forms a perfect octagon continuing the 8^{th} motif. The 37 floors above and below the 38^{th} floor represent the attainment of all wisdom, the greater and the lesser, as above so below, duality perfected and made one. Genesis 1:4 has gematria value 1776, 37x48, and 110 can be broken down into 37+73, which gives the value of Genesis 1:1 when multiplied. 37/73 is a palindromic pair of prime numbers that make a hexagon/star pair. A 3D star of David is the only polyhedron perfectly inscribed in a cube and is the 3 points on the surface of a stella octangular, $12\times3^2+2=110$. Numerology using Hebrew values gives Adam (45) and Eve (19) adding to equal 64. This is the exact number of codons that make up human DNA. The DNA code is made up of a simple alphabet consisting of only four letters, A—C—G—T, and 64 three-letter words called codons. These are the instructions for making amino acids that are the building blocks for proteins that cause the different expressions of DNA. There are only 20 amino acids made from 61 codons, 3 codons being stop signals. So, we get 64+20=84. This is the height of the capstone on the back of the dollar bill and also associated with the name of God, Adoni. A quick play with the numbers shows that using the trinity, 3, times the codons, 64, plus the amino acids, 20, equals 212 which is the numerical value of The Light. The 64 codons and the 4 x 5 amino acid matrix were created by the Creator through The Light and were not to be messed with by Man. They are part of the Spherical Time clock. We do not miss that point, the mRNA-1273, and its kin already injected into hundreds of millions of people is 'squaring the circle' (1.273), converting 360° to 400, and erasing the radian. Where Phi represents man and its square root being Monderna's name for the gene altering vaccine. It is no wonder now why Moderna, the source of the Pfizer and Astra-Zeneca mRNA solutions, officially began clinical testing on Feb 25, 2020 when the WHO and CDC had not yet declared Covid-19 an issue, or why they had their final patent for mRNA-1273 filed in June 2019. This takes us to the towering Tree-of-Life superstructure where we see that the 3 final letters (ההר) of the top 3 Sephira, Kether (כתר) and Chokmah (חכמה) and Binah (בינה), add up to 210, and that they spell The Mountain(ההר), referencing the 210-cubit high Tower of Truth. The Pyramid of Giza is made of stacked cubes from 1 to 20, as in the 20 generations from Adam to Abraham, also showing Fig 1 with 20 steps rather than 21. Meanwhile, the rest of the letters, which are all the front letters (בינ-חכמ-כת) in the 3 highest Sephira, total 550, or exactly 20 cubits (20 x 27.5), just like the initials in all 11 Sephiroth and just like the 4 final (תדיום) letters in The Path of the Tree-of-Life. The entrance to the encasing pyramid is 15 courses down from level 35, at 55 feet off the ground, representing 2x27.5 cubits. The entrance to the encasing pyramid is at the 20th level reflecting all the equations of 20x27.5= 550, that we were just shown about the Tree-of-Life initials and final letters, and the fronts of the top 3 Sephira. These numbers are hidden in the One World Tower, subtract a floor from the top and bottom and add to the bottom 19 will give the same numerology.

Let's start with the standard measure of the Giza pyramids base (width), which is 756.25 feet long. And as it just so happens, the Hebrew letter Nun (N) in the more potent gematria milui (spelled-out) sofit version (spelled NVN) is 756. And reflecting on the letter Nun (N) we know that its ordinary value as a single letter is 50, which kabbalistically always represents the Sephira (dimension) of Binah (understanding) and always refers to the 50-year jubilee cycle as designated in the Torah in the counting toward the arrival of Moshiach (the Messiah) and the geula (final redemption). 756 is also the gematria value of the Hebrew word for "the years of" (ShNVT), reinforcing this counting of years, and the ordinal value of the word is 63, that of Sag, the aspect of G-d's Name assocaited with Binah and presented by the letter Samech-Gimmel, (SG) as in the two Hebrew letters Abraham advised us control the destiny of the month of Kislev (Sagittarius). Similarly, the height of this monument is 481.25 feet high, not only towers 48 stories over the desert below, but matches up with the Hebrew word for year, Shanah (ShNH), which likewise when taken in its more potent gematria milui (spelled-out) value (ShYN NVN HY) gives us 481. So while "year" and "50" seem to go together beautifully in the concept of the critical "jubilee year" concept, simple arithmetic gives us 756–481=275. This is a derivation of the ancient and future cubit, the total value of the Tetragrammaton in its full form encompassing all four aspects, which collectively totaled 232 + 39 letters + 4 Names is 275. And since 275/10 Sephiroth is 27.5, the secret measure of the Holy cubit, 27.5 inches, was dictated by the Holy Name of G-d itself. Please understand this well, the four expansions of the Tetragrammaton (YHVH) have such great holiness that their power is limitless. All existence is bound to them from beginning to end. This creative force is what gives these numbers so much power and why we see the occultist of today using them everywhere we look to put a spell over humanity. It is no wonder why jealousies still find their way into man like a cankerworm thousands of years after specific events. For more go to kabbalahsecrets.com, Tree of Life.

From decendents of Abraham we still see today an age old battle between his offspring from his concubine Haggar and his wife Sarah, Ishmael and Jacob/Esau respectivcely. There is another battle still going on between Abraham's sons with Sarah over a bowl of soup and a stolen birth right between Jacob and Esau. Jews are still fighting this battle today and freely admit to it. This is why you are told by Jesus that those of His own house who rejected Him will in the latter days call themselves Jews but are not, they are the synagogue of Satan. You reject Jesus because He did not come in the spirit of David to rule over you as a King in the flesh and He did not reinstate your birthright.

Jesus instead fullfilled the Law and opened the birhtright to the entire world. Why does that make you so angry? You are literally fighting a war that was ended 2000 years ago. You still think that by using deciet you can regain your birthright, but there is no longer a birthright to regain, you already have it. Everyone who chooses God is grafted into the same birthright. Your error is similar to a song by Katy Perry, Dark Horse, where a satanic voice keeps repeating "there's no going back" in reference to Katy's song about making a careful choice, a perfect storm, choosing death. But there is going back, the parable of the Prodigal Son proves this. If the fallen angels repented then the party God would give them would dwarf the imagination of anything in Revelation. So too the spirit of error in your absolutism, your continued rejection of a better way, keeps you in chains and causes you to create chaos for people you wrongly percieve as an enemy. Satan has done the same thing since the garden and the problem we face today is not a Jewish problem, it's an occult problem. It is this spirit of evil masquerading as a gobal utopia; a diabolical narcissism that refuses to admit error and change to a better path. It is a problem forced upon the people of the world by those who claim to have a right to control the world because they are keepers of the secret mysteries. Many of these people are billionaire's right in America itself and causing its demise. There are billionaire's right now telling everyone what they are allowed to think and say over at Facebook and Twitter. There is a billionaire right now crushing mom and pop shops telling people what they are allowed to buy and say over at Amazon. There is a billionaire right now selling exploding cars and telling people that he wants to put a wire mesh in their brain so that he can hook them up to a mainframe, a hive mind, over at Tesla. There is a billionaire amassing everyone's facial and habit data and selling it to the highest bidder over at Palantir Technologies. There is a billionaire running around the country getting everyone riled-up with nationalistic fervor with no intention of actually following through with saving the country and in effect just causing great harm to people. There is a billionaire funding wars and street riots killing millions that runs a tax shelter called the Soros Foundation. There is a billionaire travelling the world injecting unsuspecting people with poison that is killing them running another tax shelter named The Bill and Melinda Gates Foundation. This is happening the world over, we are all being played!

During Trump's presidential campaign in 2015 Newt Gingrich told America that Trump was not part of the club, meaning that Trump was not part of the political class, what Americans took to mean not a globalist. Trump is one of them even though he doesn't play one on TV. Before getting into what supporters of Trump consider to be political blunders because he is not a politician, let's look at some of the numerology of his building. Trump says the plot is the best in New York, so we will start there.

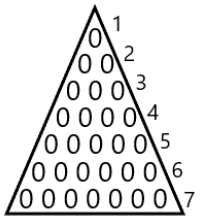
- The address is 721 Fifth Avenue, 720 equals the sum of angles of a hexagon, or obtuse angles of a hexagram, the star of David, then plus one kolel for Israel. 72+1=73, which is the 21st prime and is 70+pi. 73 is also Babylon, self-rule or Ear of God. The 7th prime is 17 or Q or Victory/sword of God or Woe!/like 3 trumpets in Revelation, an ominous warning.
- The numerology surrounding Trump and his presidency bear this out. It would be of no surprise if Trump is a "member" of the ancient cult IXXI. IX=9, XI=11, or I=1 and XXI=21 the second and last sephiroth paths where aleph is zero.
- 1 Kings 7:21 The south pillar on the right of Solomon's Temple. The Zohar teaches that the south is represented by water. The symbol for water is an upside-down triangle, the feminine. (As an aside, air is represented as the east and is pictured as a right-side up triangle with a line going through it showing a pyramid with a truncated bottom and a capstone on top. Lucifer is the prince of the power of the air/east, initiates travel east. Ephesians 2:2)
- Trump was 70 years and 220 days old when he took office. His inauguration was January 17-21, 2017. The Trump Tower was inaugurated 1983, 33 years later he was voted president elect. His was the 58th presidential inauguration.

◆The coordinates of Trump Tower are 40°45'45"N 73°58'26"W; 45+45+40=130 or 13. 73+58+26=157 or 1+5+7=13. Number of people who died on planes on 9/11. It is also 40/90 and 73/84. There is a lot to unpack here and I only scratch the surface. 40 is mem for water and is feminine or a severe test. 45 is his presidency number and represents Adam and also mother showing an inward feminine. 58 is God is great or worldly life. 26 is IHVH or the name of God. Trump being the 45th and 47th president with a 2024 run/win also is a play on numbers. 45+47=92, the wicked destroyed or 91 the wicked judged and 1 added for Israel. 45 and 47, added together, 4+5 and 4+7 gives 9/11. 90 is tzaddi or fish hook or righteous sifted or God's witness. 40/90 is mem-tzaddi, the hook is put in the water to catch the fish or; the Star, the Hanged Man, Death. (a supposed ancient Christian symbol, but not) The path of Tzaddi is the 18th path of the Sephiroth and connects Netzach with Yesod on the tree of life. Mem is the 13th path and connects Geburah with Hod. See thelemapedia.org for more. 84 is the height of the pyramid on the back of the dollar bill, and the 64 codons and 20 amino acids of DNA. 64+20=84

◆The tower has a 60-foot water fall or fountain, 70 is fountain, 70x60=4200 or 42 and 60+70=130 or 13.

◆Trump lives on the 66th, 67th and 68th floor. Remove 666 and the numbers remaining are 6, 7, 8. 6+7=13. Get 13 and 8. Golden Ratio. Also get 6+7+8=21. And 66+67+68=201 or 21 or Event 201. Trump added 10 numbers to his floors just as the World Trade Center added 10 floors in numbers only. 66=11+22+33, the master numbers.

◆Trump Tower. Duality. Each word is 5 letters, 55, with a height of 34 inches. The hidden entrance of the pyramid of Giza is located 55 feet off the ground with a futuristic YHWH engraved over it. (Egyptian huh? Remember, it is an ancient wisdom that predates all religions, a truth from the Creator, but the different religions show what fruit is bore by its adherents.) The 35th level of the pyramid is twice as thick as surrounding layers or 1/6th of the way up or 17. The 34th level is 34, the 9th number of the Fibonacci sequence, 9 being foundation. 55 feet square is also the base of the obelisk in Washington D.C.



◆The Trump Tower is a 28-sided structure. Genesis 1:1 contains 7 words and 28 letters. At the center of the 7 words are aleph-tav, alpha and omega, tav=T, which is the seal of God that the word is built on. The number of words and letters relate to the seventh triangular number, T7, 1+2+3+4+5+6+7=28. Just as 21 is the sixth triangular number. The sum of Genesis 1:1 is 2701 which equals 37x73 which is the 73rd triangular number. These numbers 37/73 and 19/37 make up the hexagram star pair.

◆Trump Tower has 13 office floors and 39 (3x13) condominium floors.

◆Trumps new media site has as its symbol a capital T or tav, the 22nd Sephiroth path and was opened to the public on February 21st. Tav is the 22nd Hebrew letter and is the last, the omega. 2 Chron 7:14 or 2/21 or Feb, 21.

◆Trump Tower also has 7 front corners as seen in the picture and can represent many things, some of which are the 7 pillars of wisdom as described in Proverbs 9:1 or the 7 mountains promised to Jesus if He bowed down and worshipped Satan or the 7 vertical paths of the Tree of Life encompassing all 10 Sephiroth or the 7 trees of wisdom of Odin/Mercury. The towering Tree-of-Life superstructure, we see that the 3 final letters (ההר) of the top 3 sefirot Kether (כתר) and Chochma (חכמה) and Binah (בינה) add up to 210, and that they spell "The Mountain(ההר).

It should be painfully obvious by now why Q appeared when Trump took office and why Trump played along. It was clearly fake by April 2017 when arrest predictions never happened and dates kept getting moved further into the future, especially after Q drops said to trust Sessions who was later fired. There are still people today following Q's droppings and pushing nonsense of military take-overs and clones taking the place of executed officials. Come

on people, you are telling me that they are going to execute officials for treason and then put a clone in their place that is going to keep committing treason. Are you serious? People, you need to realize that America was stolen from you and only 800 went to the capitol to do anything about it. That is pathetic. The entire nation should be ablaze with Liberty, but instead "the right" want to blame each other over optics. Yikes! And those idiots wonder why the country is in the shape it is in; stand in front of a mirror. They truly believe that the next voting cycle will change everything. All the voting districts were just redone to favor the Demon-crats. Wake up people! How long did it take Biden to undo everything Trump did, one month give-or-take? The mid-terms of 2018 were rife with voter fraud and nothing was done about it. Trump and the Republi-can'ts had all 3 branches in their control for 2 years before the mid-terms and did nothing, and then after the mid-terms danced around crying about how the Demon-crats were to blame for them not getting anything accomplished. It was all a ruse, kabuki theater. Trump is a great showman, but not a leader. Daniel Estulin summed it up best on USA Watchdog, he said Trump was able to start a revolution, but didn't have what it takes to keep it going and certainly not what it takes to defend it. Trump called his people out to protest for him and then turned his back on them when he should have granted clemency. Clinton called them deplorables and Trump called them defilers. Washington and Jefferson would have never left their men on the battlefield. Sorry for being so crass, but even Cum-all-ova Harris went on national TV to tell her people that if they got arrested fighting for the Demon-crats she would bail them out and get them lawyers. Trump went on TV to basically say, 'I hate you guys'. 'Book'em Dano'! You mean to tell me he is playing 5D chess and couldn't see that coming? If he is playing 5D chess it is not against the globalists, it is against you. America needs a real leader, not someone who stands on stage making jokes like life is just a game. Trump needs to step up or step aside, these times call for real tigers and not paper-mâché. He let everyone around him get arrested and/or thrown in jail. He drained the swamp by hiring swamp creatures so that the water level appeared to drain as the swamp-things exited to populate his cabinet. He instituted red flag laws and he signed the country away for an emergency that was clearly fake before the "two weeks to flatten the herd" ended. So why now and why such a shit show? It's all in the stars and numbers. 2 Chronicles 7:14, "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." America has a time frame, the solar eclipses of 2017/2024, and it looks like we will fail miserably.

The most striking thing about Trump Tower is that it has the number 21 featured prominently on the front of the building for all to see. If you look at the picture of the tower where the trees are located you will see a triangular number, T6, upside down. There are 21 trees that make up this grove and the upside-down triangle represents the feminine and water. To read a 5-part series on Trump go to watchmanscry.com. Trump has a 21 right on his building, right there for those to see who have the eyes to see, and now you do. During Trumps campaign his team was seen wearing purple and gold triangles upside down. It was a question many had at the time as to their meaning, but an answer was never given. You can now see your answer, Trump is a Qabbalist. The Tree of Life has 10 Sephiroth and 22 paths connecting them. The first Sephiroth is Kether and represents a crown whose color is gold. Netzach is the seventh Sephiroth and represents victory whose color is purple. (Is there not a book by that name?) The pin they are wearing not only represents the feminine and water, but one and seven or 17 or Q, and also represents crown victory or CV, just like the CV in CV-19. This also represents the bay laurel headdress called the crown of victory worn by victors of Greek Pythian Games. Some pins had a split in the middle of them with purple on the left and green on the right. The green can also represent Netzach or Binah which is understating, the 3rd Sephira. Trump also has Greek gods all over his room in the tower and the key to understanding how all of this ties together is the shape of the grove on his building, the upside-down triangle. The upside-down triangle is a representation of the female reproductive organs which ties to Ishtar. This lifts the veil of the cosmic and spiritual war we are witnessing manifesting right before our eyes, the final battle we were warned about in Revelation also told as the battles of the Greek, Roman and Egyptian gods.

Trump has Greek gods and goddesses all over his suite, statues and paintings, of what would be considered the good gods. Above his mantle is Apollo being led by his chariot and Aurora. Apollo has been recognized as a god of archery, music and dance, truth and prophecy, healing and diseases, and the slayer of Python, a beast from the center of the earth. Apollo's access to Zeus, and telling humans of the plans of the gods, mimic's what the occult teaches of Lucifer bringing the knowledge of God to man. After Apollo killed Python, he had to atone for his sin of murder and became known also for making men aware of their guilt and purifying them. You can see how Apollo fits a dual nature and has attributes of both Lucifer and Jesus. Apollo is the son of Zeus and Leto and is a god of prophetic visions, a diverter of evil, and he delivers people from epidemics; yet he is also a god who can bring ill-health and deadly plague with his arrows. Apollo is credited with inventing archery and is depicted carrying a bow and riding a horse, which is where many people right now are making the connection between Trump and the first seal of Revelation. This is also due to the fact that Apollo was later identified with the god Helios/Sol who is a Roman sun god depicted with a crown. The first seal of Revelation depicts a rider on a white horse with a bow who is given a crown. (As a side note, the ancient Egyptian city Heliopolis, City of the Sun, had as its sun god, On, which may be most recognizable by you as the name on a light switch when you let there be light.) Greek authors later referred to Apollo as the destroyer which is where he gets his reference in Revelation as Apollyon, but he was referred to most often as a sun god. Interestingly, Apollo had a sanctuary dedicated to him called Amazonius, which makes Amazon's corporate symbol make more sense. Apollo has a sister named Artemis who has all his attributes but is female. When Apollo was later paired with Helios, Artemis became Selene, the moon goddess, which later in Roman mythology was Luna and Diana. Another female counterpart of Apollo is Athena, who later became the Roman goddess Minerva, depicted as an owl. Apollo and Athena were said to work together when laws were being passed making them the law-and-order gods. Trump also referred to himself as the "law and order president". The moon goddesses associated with Apollo have their counterpart in Phoenicia as Asharah or Astarte.

The grove on the front of Trump Tower can be linked to Abraham and the grove he planted at Beersheba to mark a covenant with Abimelech, Genesis 21:33, but even after that Abraham was tempted to sacrifice Isaac. However, it makes more sense that the grove is related to Baal worship as 99% of references to a grove in the Bible have to do with that. The Hebrew word of grove, Asheyrah, is linked to Baal worship due to statues and images of Baal being erected near a grove, and the practice of a tree trunk being carved in the image of Astarte. Astarte is a version of Ishtar who was originally derived from Inanna. Inanna is an ancient Mesopotamian goddess associated with love, beauty, sex, war, justice, and political power, but she is also associated with taking the place of many other gods and so there is much overlap between gods. A famous myth of Inanna is that she descended into, and ascended from, the underworld to try to conquer it. Again, Jesus did this also, but was successful in conquering the underworld. She was originally worshiped in Sumer under the name Inanna, and later by the Akkadians, Babylonians, and Assyrians under the name Ishtar. This is where the egg motif for the birthing of a New World comes from, due to Ishtar being associated with Spring and fertility and also what is today called Easter. Astarte is associated with the direction east which associates the goddess with air and Venus and why she is depicted with a solar disk and moon as a headdress. There were invasions of Ancient Egypt by persons called "the sea peoples" and one of the artifacts found in the 1800's is a drawing of one of the captives of the sea people, and he is wearing a helmet with a moon and solar disk on top of it. Tree groves are where Baal was worshipped and Baal was the god to whom Israelite's sacrificed their children against God, and why there is an owl statue in a California grove, named Bohemian Grove, where an effigy of 'Care' is sacrificed. Interestingly a recreation of the Arch of Baal was on tour around the world, at the time of America's 2016 election, and was put in New York City on September 19, 2016. It is a 48-50 foot replica that was put in place 50 days before Trump was elected, 91 days before the electoral college vote and 123 days before inauguration.

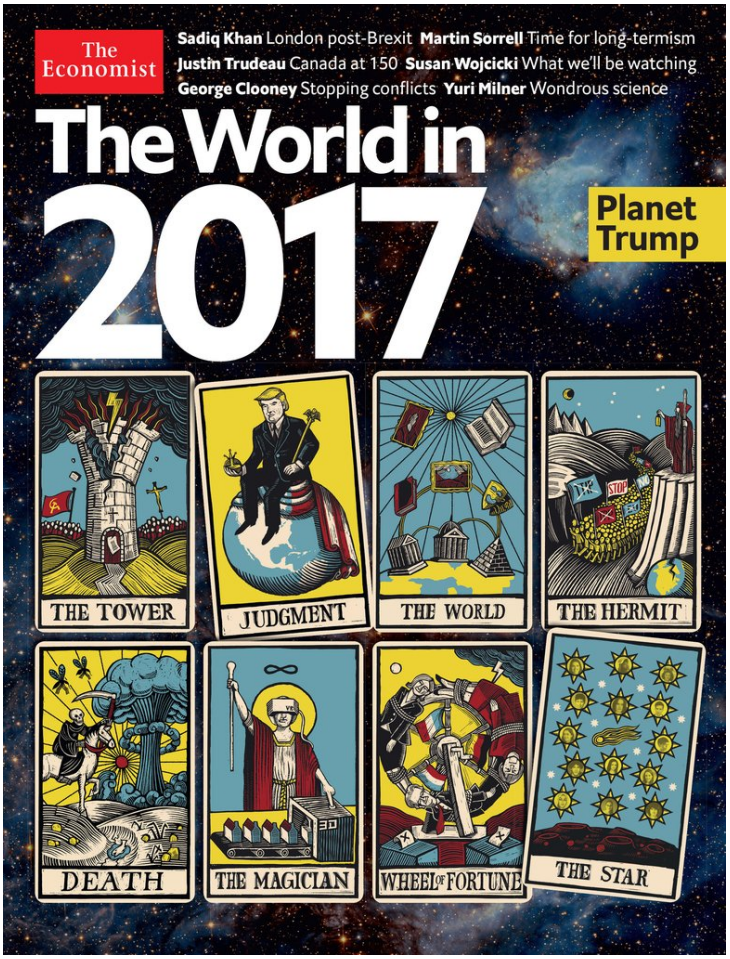
Given much overlap between the many gods and Astarte, she is also depicted as waring against the sea god Yam, in this case she is now taking on the mythos of Baal. Yam is the Canaanite god of the sea, the judge of the river, and wars against Baal. His palace is in the abyss associated with the depths, or Biblical tehom, of the oceans. Yam is the deity of the primordial chaos and represents the power of the sea, untamed and raging; he is seen as ruling storms and the disasters they wreak. Now it makes more sense why Trump mentioned in the white house that the people represented the calm before the storm. All major ancient religions depict higher authority gods fighting with a beast of the sea. The Greek Typhon is the offspring of Gaia & Tartarus or Hera or Cronos, and is associated with wind being called the 'whirlwind'. Typhon was raised by Python and attempted to overthrow Zeus, but failed and was

locked in the underworld by Zeus. The son of Zeus, Apollo, later slayed Python the beast of the sea or inner world. In Mesopotamian beliefs Marduk defeated the sea beast Tiamet. In the Ugaritic Tablets Baal Sapon fought with Yam and defeated Yam with two lightning bolts that took on the form of eagles. These tablets also depict Yam as Lotan, a 7 headed serpent corresponding to Leviathan, just as the 7-headed beast in Revelation. In Germanic beliefs Odin threw Jormungandr into the ocean where he grew into a serpent so large that he could wrap himself around the earth and grab his own tail. Thor later defeated Jormungandr. This is Ouroboros and when the tail is let go disasters and chaos are released upon the earth. These are all battles between the gods of the sky and the gods of the deep fighting for control over the earth and its inhabitants, just as the great battle between God and Satan.

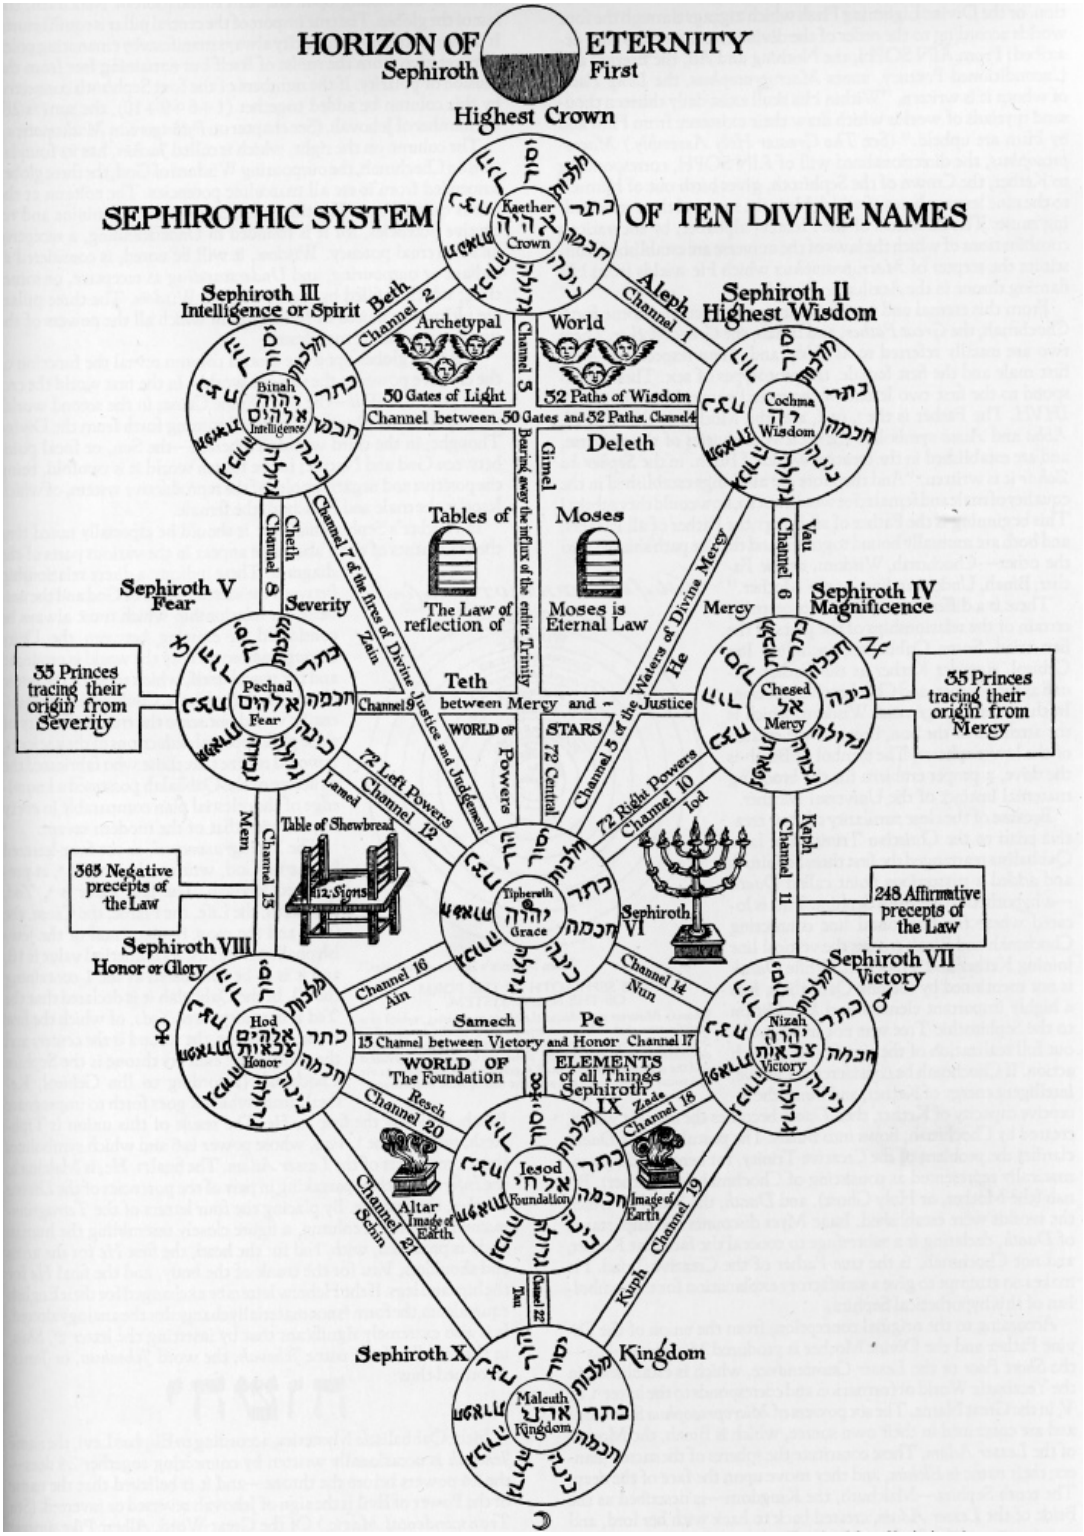
It is the father gods that fight the beasts of the abyss to establish dominion, but it is the sons of the father gods that slay a sea beast, both locking the beast in the underworld. This is the same story as God fighting Satan, and Jesus coming back and chaining him in hell for 1000 years. One big difference between the ancient gods and Jesus is that all ancient gods have their story in the past to describe how the world came to be and why things are the way they are. Jesus has His story about specific events in the future about a world that is to come and why things are the way they are going to be. I know what a lot of you will say, 'see, the gods in the bible are just a rehash of the ancient gods, just like Zeitgeist the movie says'. This is not the case. Jesus was very clear when he said that some will say I am in the secret chambers, but I am not there. The hidden knowledge is said to be contained in secret lower, middle and upper chambers, and Jesus specifically said that there will be people who say He is just like the pagan gods, but He warned us not to be fooled by that lie. He warned us that He is not of the ways of that particular hidden knowledge, but deceivers will make it look so good that it would almost fool the elect. Matthew 24:24-28, "For there shall arise false Christs, and false prophets, and shall shew great signs and wonders; insomuch that, if it were possible, they shall deceive the very elect. **25** Behold, I have told you before. **26** Wherefore if they shall say unto you, Behold, he is in the desert; go not forth: behold, he is in the secret chambers; believe it not. **27** For as the lightning cometh out of the east, and shineth even unto the west; so shall also the coming of the Son of man be. **28** For wheresoever the carcass is, there will the eagles be gathered together." Jesus even tells us that Satan, who is said to be as a lightning bolt, will appear as though it is Jesus coming back, making the appearance of the Antichrist seem like the second coming. That is why all religions, save Christianity, speak of a coming messiah figure, where Christians are warning them that it is a false messiah they are waiting for. Jesus even uses parable again to describe an old story where Baal Sapon defeats Yam with two lightning bolts that take the form of eagles. Just like "The Awakening" statue in Washington D.C. with two eagles perched above a dying giant/titan. The ancient story slightly altered for today to depict the New World overtaking the Old World.

So, what does this all have to do with Trump? Why does a Kabbalist have Greek gods in his suite? These questions have been partially answered. Trump, whether knowingly or unknowingly represents the attributes of these gods and secret teachings of the hidden path. We are literally seeing before us the story of the ancients play-out before our eyes. Many people still, in reference to Trump's presidency, stand back in bewilderment and wonder what the hell was that all about! Trump coming upon the world stage at this moment in time and in the way he did is to help expose those things that are hidden, just as was promised. Luke 8:17-18, "For nothing is secret, that shall not be made manifest; neither any thing hid, that shall not be known and come abroad. **18** Take heed therefore how ye hear: for whosoever hath, to him shall be given; and whosoever hath not, from him shall be taken even that which he seemeth to have." So do you see it now? Those with the secret knowledge will get everything from the ignorant, tangible and spiritual. You are going to lose all your fleshly things anyway, so get right with God and get up and fight back. God told us that the end days would not come until a great falling away should come first. We are then told what this falling away would look like with men rejecting God and following after their own lust's. It is because of this rejection of God that we are then warned that there will be a time coming upon the earth unlike anything ever seen before. We are then told that this disaster brought about by the evil ways of man will lead to mass murder of those who believe in the one true God. We are then told that this genocide will be so great as to equal the deaths of all the believers that came before them who died for their faith, and that when this number is reached is the time when Jesus finally comes back. So if it is written why fight? Because God tells us that the day of His return only comes if there is a great falling away followed by unrepentant wanton sin. This means that man's free will is firmly intact. Jesus only comes back when men on earth fail to contend for faith and when that failure leads to mass slaughter of believers. There is no date set for Jesus' return, only a time. He gave us the power to move mountains, the power to stave off evil, but a quick purview of today's churches shows that the mission failed.

Trump is a messenger as Apollo, letting America know that judgement is upon the people. A cover of the Economist magazine bears this out. The Tower card has 10 flames and 1 lightning bolt, as the beast has 10 horns and the eleventh representing Antichrist. The Tower card also depicts a final battle between the godless communists and God fearing. This battle is spoken of as WW3 in a book by William Guy Carr written in 1954 titled "Pawns In The Game". He writes that Albert Pike wrote a letter in the 1800's that Carr saw in a museum while he was a Commander for the Canadian Navy. I have never found proof that this letter exists except for Carr's book. But it should be noted that he wrote in 1954 that WW3 would be started in the middle east and lead to a battle between the nihilists and Christians that, when they were exhausted and disillusioned, then the true worship of Lucifer could come upon the world stage. In 1954 people were worried about Korea and Russia, the middle east wasn't even on the radar. (As an aside, the 1970's gas crunch was caused by America letting Israeli pilots use their jets, with painted-over insignias, to bomb Syria and Egypt. And when it looked like the effort was going to fail the US brought out nukes to the deck and armed them and put them on the planes, but they never took off. That's DEFCON 1 for anyone wondering, that's how bad they want a New World Order. And don't think that these psychopaths won't do it, but it is still a better option than living as a slave to these global pedophiles. It pissed off the oil barrens in Saudi Arabia and Omen so bad they punished us. [America's answer to ensure that did not happen again was of course the fake gold-backed dollar crisis followed by the creation of the petrodollar. Classic Cloward-Piven Strategy; create Israel, let Israel attack the middle-east countries, then tell the middle-east countries that they will get protection if they let the US control how they sell their oil. I say this now because WEF-Putin is being used as the excuse to start the death of the petrodollar which will starve western civilization into submission.] That was the Yom Kippur War and was recently declassified 40 years later, so it can be talked about now. That was still 20 years after Carr's book and 20 years before the first Iraq invasion because of Kuwait.) So how did Carr know this if there is not some truth to the letter being real? Also, 2020 showed the world that the nihilist's are running rampant in America with the Antifa rioters who have no plan other than destruction. The second card shows Trump sitting on the world in judgement, judgement is also path 21 of the Tree of Life when aleph is 1. It is sometimes labeled starting at 11 making path 21 between the 4th and 7th Sephira, thereby connecting to Jupiter and Venus. Jupiter's sign being a stylized 4, 21 and 91. And now that you know about the calendar on the back of the dollar bill and the ancient gods' attributes, you can see how this all fits. The 20th key in Tarot is Judgement and Trump in 2020 is seated on the world at that moment. The Wheel of Fortune card has World Economic Forum Young Leader graduates on it showing you that you only get to vote for their globalists. The Death card shows war, famine, pestilence and death riding a horse, all four horsemen of the apocalypse. The World card has all ten of the Sephiroth on it, from the earth to the sun. The pyramid is in the Sephira Netzach, representing victory and Venus.



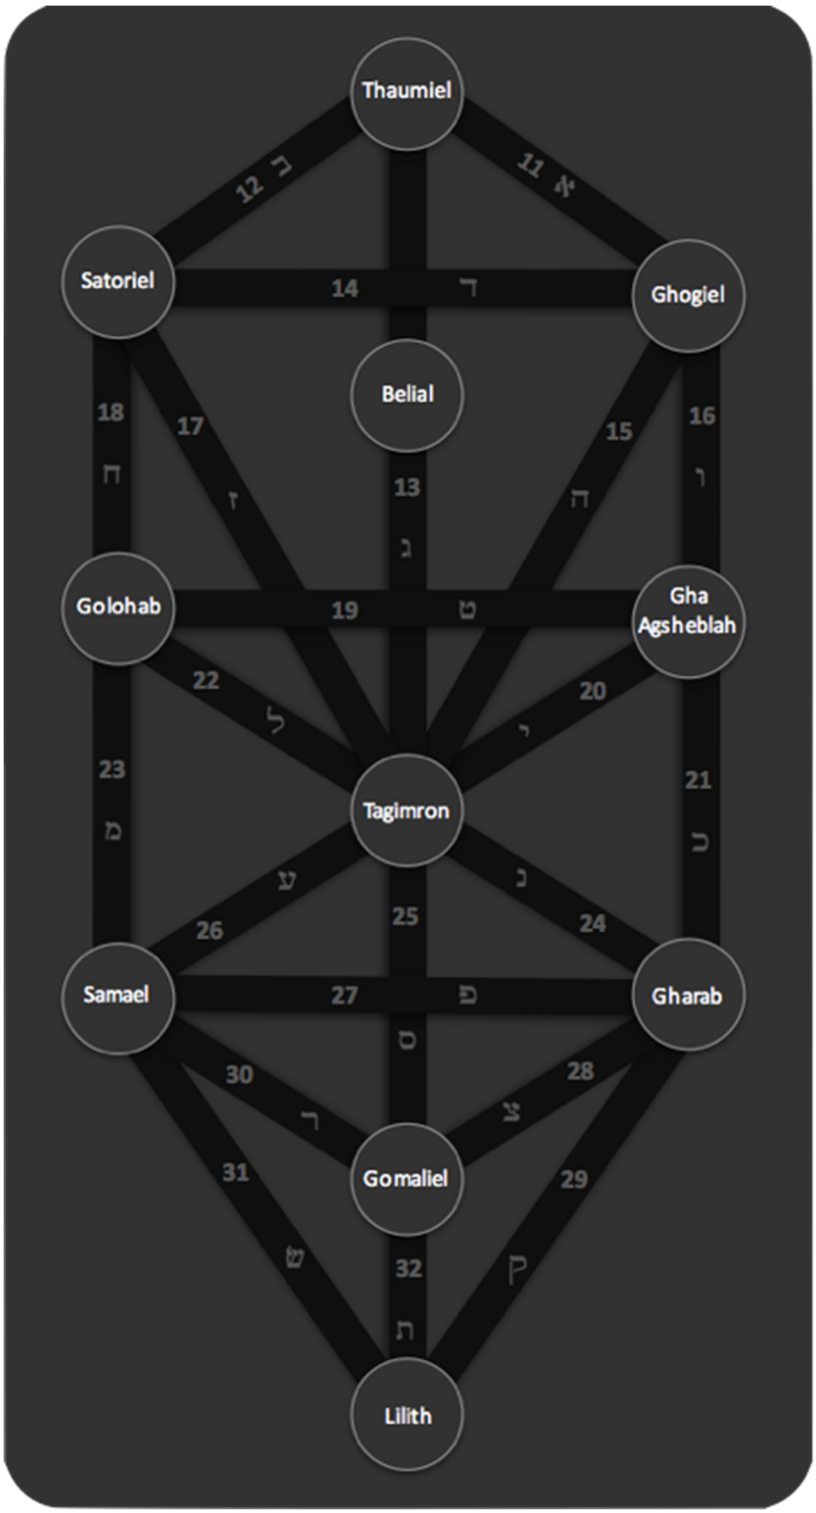
The second part as to answer what all this has to do with Trump, whether he knows it or not, is that he is a sign of the times showing us a relation between the secret mysteries of the ancient religions, Jewish mysticism and the fleshly world we live in. Remember, we are dealing with a spiritual ether manifesting in our reality in real time, we are pawns in this game, but we have free will to choose our own moves, for now. The 11th Sephira, Daath or Da'at meaning knowledge, is the secret Sephira. It is located on the crossway between Binah and Chokmah. It lies below the Abyss and is inexplicably linked to Binah and Chokmah. It also connects directly to Kether, through the Abyss, however this conduit is for pure energy transfer only and not for use by travelers. In many texts, Daath is not even



mentioned. In other texts, they merely say that it is not a real place, but that it is just the result of the tidal forces between the Sephira Binah and Chokmah. However, the Sephira Daath is an actual Sephira. It is hidden and access to this Sephira is limited to only the most adept of students. Daath is the Sephira of creation. It is here that the tidal forces of positive and negative come together to be used for the benefit of the physical developmental system. It is here where the polarized energy pours forth from the Abyss and becomes manifested into forms, such as your physical universe. As such, it is a very powerful and ominous place. The 13th path is gimel and is the last judgement, the path that goes throught the abyss, connecting knowledge and Baal or Belial. This connection comes from Da'at because the abyss is a gate, a star-gate if you will, between the Tree of Life and the Tree of Death. The Tree of Death is also called the Qliphoth representing the evil counter forces of the Sephiroth called the Qlippoth.

"The Qliphoth are the evil forces that exist within creation. Their coming into existence was one of the central philosophical problems dealt with after the forced displacement of Jews from Spain in 1492. The Jews asked, 'How can a merciful God allow evil in creation? Isaac Luria tried to answer this question with the idea of a fall of man from the Garden Eden instead bieing part of the actual process of creation itself. Thus, with a single stroke he transcended the origin of evil from the human to the cosmic level. The Lurianic process of creation starts with a voluntary act of the Divine to confine itself within itself. The process of the Divine confining itself within itself in order to create space for creation is a key concept of Lurianic Kabbalah and called Zimzum (also, Tzimtzum). Into this vacuum of non-being the Divine released a single ray of light. This ray of light emerged from the Ain Soph Aur, entered into the empty space of creation and started to bring forth the matrix of all life in ten distinct emanations. One by one, each light would be captured in a vessel made of clay in order to transfer their state of pure being into

one of becoming and creation. The sequence of filling these vessels with light is called Seder Hishtalshelus (the order of development). The shell of the fifth Sephira turned out to be not solid enough in order to capture the light that emanated into it and broke due to the overflowing light of Strength. Even though creation continued the original vessel of Geburah couldn't be restored. This is how evil managed to enter into creation by shape of untamed Strength or Severity. This momentous event during the first ten emanations is called Schebirath ha-Kelim (hebrew, breaking of the vessels) and marks the birth of the ten original demonic forces, called Qliphoth (hebrew, shells). The broken parts of the original vessel of Geburah sank down to the bottom of the Zimzum space of creation. Just like droplets of oil remain on the surface of a broken clay vessel the light of creation remained captured on these shells. It is these remains of divine light which are the reason why the broken shells weren't lifeless but filled with a shadow-like, yet highly effective state of demonic being. Just like flames devour its own aliment while burning, the only reason for the Qliphoth to come into being were the original sparks of divine light captured on their shells. The Qliphoth therefore continuously strive for new aliment, just like flames constantly need new coals to keep burning. Yet, at the same time they destroy their very reason for being when they come in contact with it. It is this paradox of using creation to maintain the existence of destruction that marks the essence of demonic forces in Lurianic Kabbalah. This is also the reason why Western occultists started to call this dark side of the Etz Chiim the Tree of Death. The forces who came to life in the process known as Schebirath ha-Kelim cannot be mistaken for demons in a graeco-egyptian or medieval sense. The Qliphoth aren't former celestial or chthonic deities related to a foreign cult or religion which were redefined by Kabbalists at a later point. The Qliphoth are an authentic kabbalistic creation in order to explain evil in creation. As each of them reveal by nature of their name, their urge is to conceal and suffocate the seeds of life - and to ultimately destroy man's aspiration and pursuit of finding beauty in every aspect of creation. Daath emerges from the union of Chokmah and Binah; the Zohar therefore quotes Daath as the "son of wisdom and intelligence" who is called Knowledge or Insight. Daath is the secret entrance and exit point for the influence of the Sephiroth of the First Triad to manifest in creation. Similarly Daath also is an exit and entrance point on the dark side of the tree that leads down to or up from Yesod, a door that leads from the First Triad to the Second and Third and equally from the light side to the dark side of the tree. The Qliphoth of Daath is blocking passage through this door by creating the notion of knowledge as an end in itself. (Just as Satan promised Eve in the garden, that knowledge would lead to immortality.) When curiosity changes to greed for knowledge, one loses the actual intent of one's spiritual journey and gets caught in an ivory



tower of secret information. The Qliphoth of Daath is knowledge that isn't brought to or re-unified with life. At the same time the Qliphoth of Daath can take the opposite shape and present itself in the contempt and demise of knowledge. Either way, the Qliphoth of Daath is taking the most precious value from knowledge, making it a door and passage from one perspective and state of being to another. The Qliphoth of Daath is called Belial or 'Belial' which can be translated as 'TheWorthless Ones'." For more go to theomagica.com/on-the-nature-of-the-qlippoth.

This is all further explained in the flesh by knowing that the Interstitium is a contiguous fluid-filled space existing between a structural barrier, such as a cell membrane or the skin, and internal structures, such as organs, including muscles and the circulatory system. The fluid in this space is called interstitial fluid and comprises water and solutes. Another biological space of the human body is in the brain where Da'at is represented by the Claustrum. It is considered to be the most densely connected structure in the brain, allowing for integration of various cortical inputs, the five senses (e.g., color, sound and touch), into one experience rather than singular events. This is the same representation as the Tree of life with the 10 emanations of the Divine, where all the Sephiroth are made up of one Divine light. The Da'at also has the astrological correspondence with Sirius and elemental air, showing its connection to the upside-down triangle constellation The Winter Triangle or Winter Hexagon, which shows a link to water and the Abyss. This knowledge is represented as Daath, it is the knowledge said to be given to man by Lucifer, the Light Bearer, the omnipresence knowledge of God that is found throughout the Sephiroth, not just in one Sephira. This knowledge abides in the Abyss and is a doorway on the Tree of Life and its opposite, the Tree of Death. The opposite of Daath is Beliel, ruler of the darkness, a.k.a. Baal, further showing that this hidden/secret knowledge is the abyss where the beast from the bottomless comes from. The beast from the bottomless pit is the evils of man, made manifest in the flesh. The evils of man cause man to stray from God and take a mark that enslaves them to the system of the darkness. The mark in our hand or forehead is a representation of the water in the interstitial spaces of our hand and also of the Claustrum where all our senses become one. The mark is also a sign to show that by the works of our hands and thoughts in our minds mankind will manifest the Endtime himself by the evil he commits. This is echoed in Revelation where we are told that the beast comes from sea, the bottomless pit, which is the peoples of the earth, and that this evil beast causes man to create an image of the beast, which is man, so that they may worship themselves. So that man may reunite as ONE and recreate the Tower of Babel now called the New World Order. This is what the Great American Experiment is all about…Can man remain sovereign and maintain his free will, or, will man succumb to desires of evil and become enslaved? This also proves that Jesus is not just another recreation of a sun god mythos as put forth in the movie Zeitgeist. He is not in these secret chambers, the beast from the abyss is, and the people using this secret knowledge to sway the masses are themselves deceived as their pursuits are not bringing about utopia, but are right now causing misery and death.

So we now have the keys to Revelation—the Jew, the Gentile and the Greek; the Kabbalah, the flesh and the ancient gods. This is why the Greek's show the mark of the beast as 616 (the Jews 666), because it is the value of the Torah. They are letting the reader know that in order to understand Revelation they need to know Greek gods and Jewish mysticism. Revelation was written using Greek gods in the dimension of Jewish mysticism to speak of future events in the flesh, as you can now see that knowing these three things help in understanding Revelation. The globalists are building a false temple, a new Babylon where holders of the secret are said to be travelling east. The new temple is figurative in the sense that they are trying to square the earthly temple, as shown in Andrew Hoy's work on his webpage project314.org, with the ethereal temple, shown as the tetragrammaton; but as iron is not mixed with clay, these two things could never be truly squared. They use symbolically Phi, as that number and understanding, to join these two realities, the altering of human DNA to create a hybrid race, but they ultimately destroy themselves in the process and Jesus has to come back to correct the mess. Jesus said he will raise the temple in 3 days. Satan has usurped this teaching and is mimicing it as 3 time periods as seen in Figure 4, starting with the 3 years of 2020, 2021 and 2022, also being the last 3 steps of the capstone from 2010 to 2048. The reason it is called Agenda 2050 is because it sounds better, it is one 50 year jubilee cycle from 2001 to 2050, and the two hidden years mimic the two hidden paths on the Tree of Life between Sephira 2-5 and 3-4 crossing right over the Abyss at the 11th Sephira. Jonathan Cahn, author of "The Harbinger", was correct when he said that there are a series of jubilees starting in 2001 with the destruction of the Twin Towers. 2015 appeared to be a dud, but it was not, it was when the Pope met with the UN in September and all the globalists stated that from hence forward nothing was going to stop them. From 2001 to 2049 is 7 jubilees, or 7x7 years, fitting perfectly within the last 3 steps of the pyramid on the back of the dollar bill, coinciding with the Giza pyramid missing its last 7 levels of height.

WHERE IS HUMANITY BEING FORCED TO GO?

What happens in the final years of the capstone? Look up 2045.com, or 2045 Initiative, as a starter. Also, transcendentman.com, gives in-depth definitions of what the singularity is, and also 2050.earth/predictions. As a side note, 3.5 years starting in 2045 ends in 2048. 2045 is called The Year of the Singularity when man merges with machine, when man uses technology to create his own being, when man creates an image of himself to worship, when man becomes his own God. This is when man declares himself to be God, for man has become his own creator. The reality is, man has not 'created' anything, he has only 'repurposed' what was already created by God. This is the goal of the New World Order and this is representative of the timeline being used. There is a video under the 'Ideology' tab titled "2045 Initiative's Vision for Further Development of Humankind". It's from 2012 and is 7:14 minutes long. 7+14=21. This video speaks of the future, note at the 3:22 to 3:26 mark it mentions "millions", not billions of people. The video speaks of a Global Future Conference, GF 2045. G=7. F=6. 7+6=13.

These globalists believe that by altering human DNA they can become God. That by merging themselves with machines they can become immortal. This is what Jesus warned us about when He said as in the days of Noah, so shall it be at the coming of the Son of Man (LUKE 17:26). To understand this verse we must look to what was happening in the days of Noah. See Genesis 6 and the Book of Enoch for what happened during this time. Rob Skiba, Rest in Peace Brother, has the best videos detailing what he calls the Nephilim and Archon Invasion. His research and videos will give any viewer an understanding of the Old Testament. In Genesis 6 we are told that the fallen angels took human wives that gave birth to a race of giants. These giants were a hybrid race not created by God. God chose Noah because his blood was pure, because Noah's DNA was uncorrupted, his family's seed not mingled. The Book of Enoch goes into greater detail about those days. In those days the whole world was corrupted and God destroyed it with water, flooding all the pyramids found all over the world, in every corner of it. Fast forward to today and the covid shot alters our DNA by using mRNA to make our cells produce a spike protein it would not otherwise produce. This is the mingling that Daniel 2:43 references. Bill Gates has his own blog online and wrote on April 30, 2020 that this vaccine has never been tested on humans before and that it works by altering your DNA. Moderna in their own documents even say the same thing. People are injecting themselves with poison that turns them into a GMO. Humanity is headed further down the broad path of hell on earth.

Our foundation—both through our own funding and through CEPI—has been supporting the development of an RNA vaccine platform for nearly a decade. We were planning to use it to make vaccines for diseases that affect the poor like malaria, but now it's looking like one of the most promising options for COVID. The first candidate to start human trials was an RNA vaccine created by a company called Moderna.

Here's how an RNA vaccine works: rather than injecting a pathogen's antigen into your body, you instead give the body the genetic code needed to produce that antigen itself. When the antigens appear on the outside of your cells, your immune system attacks them—and learns how to defeat future intruders in the process. You essentially turn your body into its own vaccine manufacturing unit.

Because RNA vaccines let your body do most of the work, they don't require much material. That makes them much faster to manufacture. There's a catch, though: we don't know for sure yet if RNA is a viable platform for vaccines. Since COVID would be the first RNA vaccine out of the gate, we have to prove both that the platform itself works and that it creates immunity. It's a bit like building your computer system and your first piece of software at the same time.

Even if an RNA vaccine continues to show promise, we still must continue pursuing the other options. We don't know yet what the COVID-19 vaccine will look like. Until we do, we

So, what is the end goal of this vaccine? The goal is to have all of our data stored on a digital wallet on a blockchain. To make us digital property. They want people to get used to injections because ultimately by way of what they call Agenda 2030, they want us to have brain chips connected to the "internet of things" or "internet of bodies", with nanobots in our bodies reporting back to the mainframe our thoughts and actions so that we can be controlled and paid in cryptocurrency. Microsoft's patent WO2020060606: World Order, step 22, 666. All this leads to what they call the singularity, as seen on the cover of Time magazine issued February 21, 2011. February is the second month, so 22 and 11, 22+11=33, all master numbers. 2011 is 2+11=13, the day 21, 2x21=42. Look what the cover says, "Revolution in Egypt" or revolution in the new Babylon. "Portraits of star power" or the power of the pentagram finally made manifest. It's always in our faces for those who have eyes to see. National Geographic had their own version in 2017, as well as other magazines too numerous to show them all.

Abstract
[EN] Human body activity associated with a task provided to a user may be used in a mining process of a cryptocurrency system. A server may provide a task to a device of a user which is communicatively coupled to the server. A sensor communicatively coupled to or comprised in the device of the user may sense body activity of the user. Body activity data may be generated based on the sensed body activity of the user. The cryptocurrency system communicatively coupled to the device of the user may verify if the body activity data satisfies one or more conditions set by the cryptocurrency system, and award cryptocurrency to the user whose body activity data is verified.

The merging of man with machine was prophesied by Daniel. In Daniel 2 we are told that the vision of the statue is for the end time generation, Daniel 2:28. In this vision the end time generation is represented as feet with 10 toes that are as iron mixed with miry clay; a sinful, imperfect, Godless clay as we see today. The covid vaccine uses a lipid nanoparticle shell to encapsulate and deliver the mRNA code. The shell is made of S.P.I.O.N.s, super-paramagnetic iron oxide nanoparticles, what is commonly called a lipid nanoparticle shell. This can be found on PubMed and is published many times in different medical documents. Do an internet search and you will be busy for months. The man responsible for developing the process of using carbon nano-tubes to enable cell communication, Charles Lieber, was arrested just before the pandemic, presumably to keep him quiet with a gag order for something else. He worked with the NIH and Wuhan University. These nanoparticles lodge themselves in all the organs for at least one year, could be longer, but the animals in the study were killed at 1 year. The reason they want to vaccinate everyone so badly is to get us used to the idea of injecting things into us to make us better, also to get rid of any control group of purebloods. These injections will eventually be filled with iron/graphene nanobots reporting back to the mainframe via implanted chips in our brains using the “internet of things” or what is now called the “internet of bodies”. We will then be the prophesied iron mixed with clay. For more go to graphene-flagship.eu

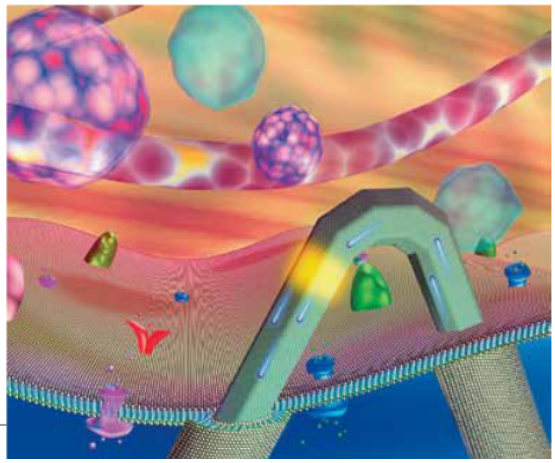
MAN AND MACHINE

Virus-Sized Transistors

IMAGINE BEING ABLE to signal an immune cell to generate antibodies that would fight bacteria or even cancer. That fictional possibility is now a step closer to reality with the development of a bio-compatible transistor the size of a virus. Hyman professor of chemistry Charles Lieber and his colleagues used nanowires to create a transistor so small that it can be used to enter and probe cells without disrupting the intracellular machinery. These nanoscale semiconductor switches could even be used to enable two-way communication with individual cells.

Lieber has worked for the past decade on the design and synthesis of nanoscale parts that will enable him to build tiny electronic devices (see "Liquid Computing," November-December 2001, page 20). Devising a biological interface, in which a nanoscale device can actually communicate with a living organism, has been an explicit goal from the beginning, but has proven tricky. At its simplest, the problem was inserting a transistor constructed on a flat plane (think of the surface of a computer chip) into a three-dimensional object: a cell perhaps 10 microns in size. Merely piercing the cell was not enough, because transistors need a source wire from which electrons flow and a drain wire through which they are discharged.



Hyman professor of chemistry Charles Lieber

The key, Lieber says, was figuring out how to introduce two 120-degree bends into a linear wire in order to create a "V" or hairpin configuration, with the transistor near the tip. Getting the entire structure off the surface on which it had been created was easier: Lieber integrated the nanowire probes with a pair of bimetal, layered interconnects. Joined strips of two different metals that expand at different rates have been used in thermostats for years—when the temperature changes, one metal swells or contracts more than the other, bending

Harvard University Professor and Two Chinese Nationals Charged in Three Separate China Related Cases

The Department of Justice announced today that the Chair of Harvard University's Chemistry and Chemical Biology Department and two Chinese nationals have been charged in connection with aiding the People's Republic of China.

Dr. Charles Lieber, 60, Chair of the Department of Chemistry and Chemical Biology at Harvard University, was arrested this morning and charged by criminal complaint with one count of making a materially false, fictitious and fraudulent statement. Lieber will appear this afternoon before Magistrate Judge Marianne B. Bowler in federal court in Boston, Massachusetts.

Yanqing Ye, 29, a Chinese national, was charged in an indictment today with one count each of visa fraud, making false statements, acting as an agent of a foreign government and conspiracy. Ye is currently in China.

Our DNA will be altered to turn us into biological computers, a true technocratic transhumanism. This is why the trans movement is being pushed so hard, it is a psychological operation to prepare the future generations to accept themselves being altered at a genetic level into whatever they desire. They now get to choose their own destiny. They hold in their hands their own fate outside of any God, for they are now their own God. These covid injections are just the beginning and the injections will eventually be used to separate us from the Divine because as a GMO we are no longer His creation. This is the abomination of desolation set up in the temple, for Jesus tells us that we are the third temple. (1 Corinthians 3:16) The first hybrids in the days of Noah were biological only and God destroyed them with a flood, as biological beings could be drowned. This next generation of hybrids will be part machine, half human half robot, some even full robot with their memories downloaded into a robot, which is why we are told the next destruction will be by fire; for only fire will melt all the iron. And given that God uses His creation to cause destruction, it stands to reason that God would use the sun to melt the surface of the earth. Is it any wonder now why Bill Gates is trying to find a way to block out the sun?

HIDDEN RISK Urgent warning as 300,000 Brits living with stealth disease that could kill within 5 years
Vanessa Chalmers, Digital Health Reporter

SOME 300,000 Brits are living with a stealth disease that could kill them within five years, doctors have warned.
A third of those are likely to have no idea they are affected because they do not show clear symptoms.

And just in time there is now a new variant, or 'scariant', reportedly coming from the variant Omicron. There was no Covid-19, the virus was never isolated and the code used to make the PCR test and vaccines was an email from China sent to big pharma labs. Omicron is the sickness now in the population due to people running out begging the government to inject them with a bio-weapon. Let that sink in for a minute…the code used to make the vaccines came from a bio-weapons lab in China…not an isolate from an infected human! Omicron is the 17th Greek number, also corresponding to the 17th step of the pyramid, and low and behold there are 17 states reporting the variant when the news first broke. Also note that B=2 and A=1…Yep, variant 21 point 2, uniquely called "stealth". So, we now have Covid-21 right on cue. There was Covid-19 or C19, and a review of the pyramid using ancient Latin shows C at the 19th step. CV in Roman numerals is 105, and although there are 104 years that make up the capstone, adding a year is not out of the question to get 2049. 2050 obviously being the next year for Agenda 2050, when all this is supposed to be completed. Figure 1 of this writing shows you that when you begin to look at things presented to the public and you compare them to the pyramid you will start to see correlations that show they put their mark on what they do. Those who cannot see this have the spell cast over them and their ignorance is the power that feeds the beast. Those who can see, keep their power as the spells being cast have no authority over them. Remember, God says His people perish for lack of knowledge. And now the news lies to describe one known fatal side effect of the Covid-19 injections, "stealth Aortic Valve Stenosis". Heart attacks have gone as viral as a new hot video. Anyone who honestly looks at the situation surrounding BS-19 will realize that no one had ever heard of myocarditis before the globalists started injecting the world with a deadly poison. We are now sick until proven well.

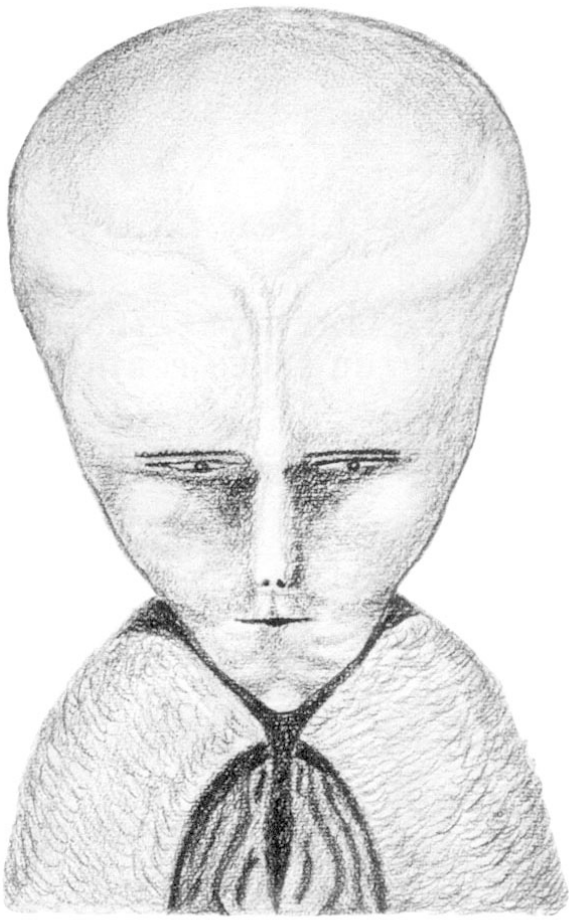
America The Beautiful series (ATB)
First coin of 2020 shows a bat, where CV19 is said to originate. Used only to fool people to believe it didn't come from the vaccine. In 2020 it was the flu renamed. PCR test was 35-40 cycles, on purpose to fake positives.

First coin of 2021 and last ATB coin, shows Tuskegee Experiment, when CV19 vaccine began in earnest. Just as we fight 2 wars now, physical and spiritual.

First new coin shows Crossing the Delaware, but Washington is headed in opposite direction of most famous painting. Old move west, "westward expansion", new quarter is 'forward' east. Adepts are travelers to the east.

It's a beautiful design and would not look good if reversed. Global/Com 'Forward'. I suppose to see if America would fight as the founders did, or fold. Time will tell.

THE ALIEN QUESTION



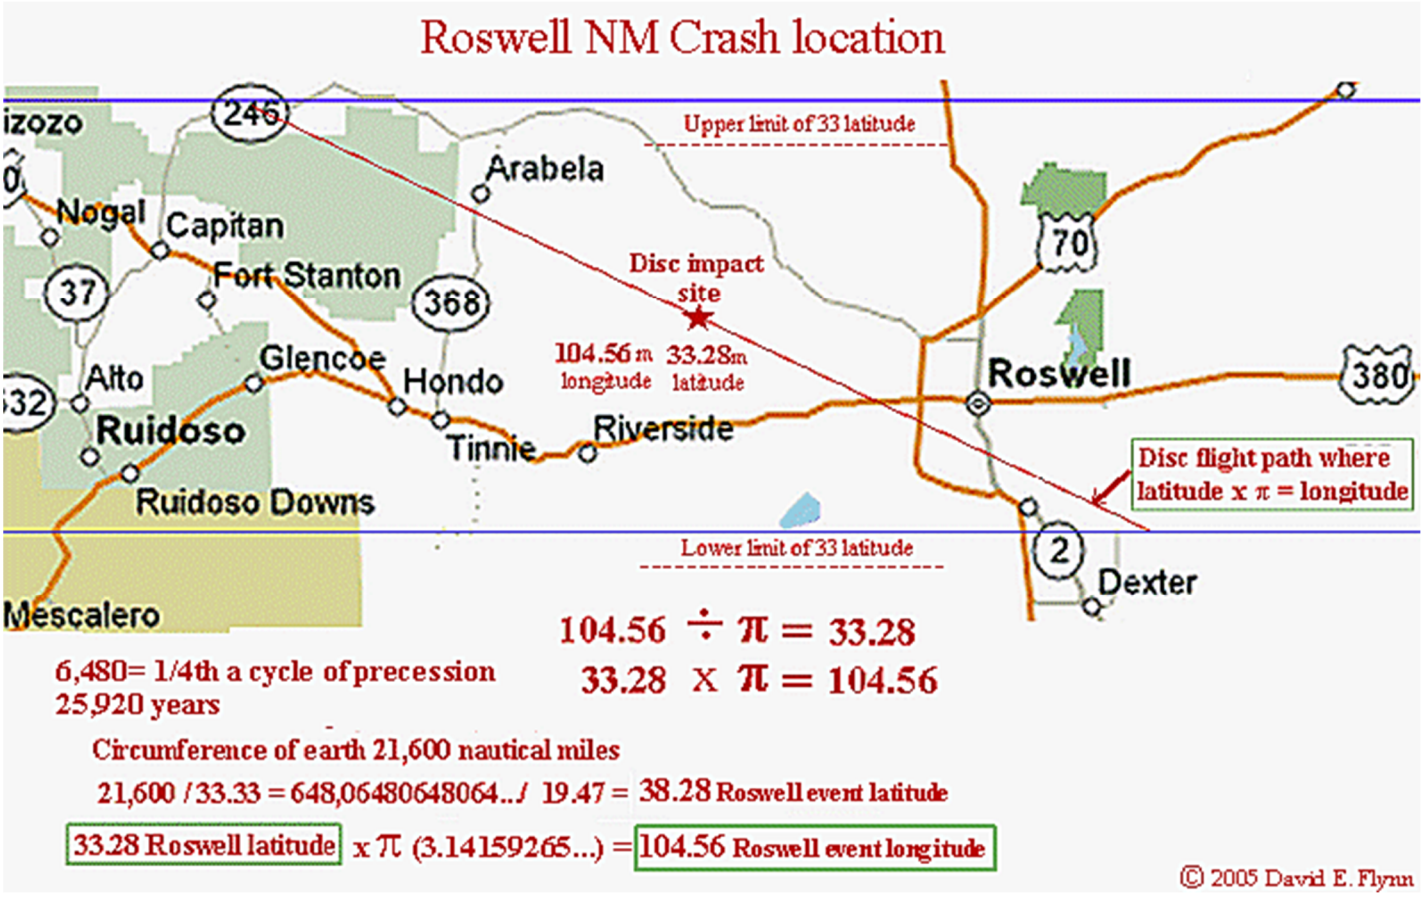
THE WAY

LAM is the Tibetan word for Way or Path, and LAMA is He who Goeth, the specific title of the Gods of Egypt, the Treader of the Path, in Buddhistic phraseology. Its numerical value is 71, the number of this book.

Looking back at the first crash site of an alien ship are there any symbols or numbers that mark the event as being perpetrated by the illumined ones? Yes. Let's first look at Aliester Crowley and how he wrote the "Book of the Law". For those that don't know it ends with "Do what thou wilt, shall be the whole of the law". The book is evil and tells that he chose his name Crowley because he wishes he was a crow at the crucifixion of Christ because he wanted to peck His eyes out. He grew up in a Catholic school and was told that once he believed in Jesus that he was saved no matter what he did. He set out to blaspheme God so much that he would be guaranteed a seat at the right hand of Satan. He also founded Thelema. He is accredited with being the father of the modern satanist movement. He says that he was visited by the voice of Aiwass and would then write what it said over 3 days in 1904. It is called automatic writing and many authors like JK Rowling and musicians have confessed to experiencing this while creating their craft. [One of the best documentaries of this is "They Sold Their Souls for Rock and Roll" by Joe Schimmel, out of Good Fight Ministries (goodfight.org). An excellent exposé on what people today call aliens, are what people in the past called angels and demons, is by Billy Crone of Get A Life Ministries, and is called "UFO's - The Great Last Days Deception". (getalifemedia.com)] In 1918 Crowley conducted a sex magic ritual called the Almalantrah. The working created a portal in the spaces between stars, or Da'at, through which Lam was able to enter the known physical universe. Since then, other entities are believed to enter through this widening portal and to be the basis for numerous contact experiences with UFOs and extraterrestrials. One of the revelations of the working was the symbolism of the egg. Crowley was told, "It's all in the egg." Crowley believed Lam to be the soul of a dead Tibetan lama from Leng, between China and Tibet. Lam is Tibetan for "Way" or "Path," which Crowley said had the numerical value of 71, or "No Thing," a gateway to the Void and a link between the star systems of Sirius and Andromeda. Lam was to fulfill the work initiated by Aiwass. A picture drawn by Crowley shows that Lam looks exactly like what people today call alien grays. Aliens are not extraterrestrial, from another planet, they are extradimensional, from another dimension. See, William 'Bill' Cooper, hourofthetime.com

Fast-forward to 1947 and there was an event in Roswell, New Mexico that captured the imagination of generations; but if you look at the coordinates of the crash site you will find the mark of the adepts all over it, letting others in the know that it is part of the great work, the great deception. David Flynn found and published in 2005 that Mount Hermon in Phoenicia, the first location of extraterrestrial influence with man (where the people of the Ancient Near East believed angels first came to Earth to interact with mankind), lies precisely at 33.33° north of the equator and 33.33° east of the Paris Meridian, which is also 2,012 nautical miles from the Paris meridian. The impact area near Roswell lays 33° north latitude. When the latitude of the impact site 33° north, is multiplied by PI, (3.14) the result is 104° (capstone years), the longitude of the impact site. 19.47° or "19.5" is a universal number signifying the meeting of a tetrahedron with a sphere (squaring the circle). 19.47° is the latitude where 3 points of the 4-sided tetrahedron touch north or south of the equator if the 4th point is anchored at the pole of a rotating sphere.

The Roswell message numerologically interconnects 19.47 with the date, latitude, longitude and distance from the equator of the impact event itself. The earth is 21,600 nautical miles around. This measurement is based on the ratio of 360 x 60 first used by the Phoenicians and still in use by modern ocean and flight navigators. The number 6,480 is exactly 1/4th of the total 25,920 years it takes earth to complete one circuit through the signs of the zodiac. At Roswell, 19.47 appears in relationship between 21,600, 6,480 and 33.33. When the earth's circumference, 21,600 is divided by 33.33 the number 6,480 appears in a variation: 21,600 / 33.33 = 648.06480. 648.06480 divided by 19.47, the number suggested by the year of the Roswell crash itself 1947, produces a modification of 33.33: 648.06480/19.47 = 33.28. This latitude, 33.28° multiplied by PI results in a longitude 104.56°, pinpointing the exact coordinates of the disc impact site near Roswell NM.



I have contemplated many times what the whole alien agenda is about. First and foremost, it appears to be a way to hide our history from us. By saying aliens exist it allows governments to conceal advanced technologies and it allows them to ignore Biblical teaching. The supposed intelligent anthropologists are so smart they can't figure out how the pyramids were built even though there are hieroglyph's showing people standing at knee height next to giants. The asteroid myth deletes the flood of Noah and the alien myth deletes fallen angels. I have also noticed when 'the natives get restless' the mainstream media starts the discussion again about alien disclosure to distract the masses. During the election cycle of Trump and Clinton, and again with Trump and Biden, disclosure was all the rage, but after the elections it was never talked about again. That alone tells me whatever the government has to say about aliens will be lies. The alien question could also be a way to explain the opening of the bottomless pit when Satan and all the demons emerge on the scene. It appears more and more every day that aliens are being saved until they are needed to be used to say that aliens seeded earth, and that us humans should welcome technology into our bodies because it is the next step in our evolution. An obvious total lie. It will be easy to tell the grift if the aliens expose themselves and it turns out that what they say is exactly the same thing we hear now about humanities future destiny being a technocratic enslavement to a digital system. The other thing about aliens has to do with humans being divided about everything. The Antichrist cannot be of a particular gender, race, religion, culture, etc., because he would be roundly rejected; but if the Antichrist were an alien, who could hate him? Christians know of course that we were warned the Antichrist is a deceiver and has the number of a man, so we will know he is not an alien from another planet but a genetic mock-up of an image of man. Aliens are replacement theology.

EXERCISES AS A WARNING OF THINGS TO COME

DARK WINTER

Bioterrorism Exercise
Andrews Air Force Base
June 22-23, 2001

Overview
The Dark Winter exercise, held at Andrews AFB, Washington, DC, June 22-23, 2001, portrayed a fictional scenario depicting a covert smallpox attack on US citizens. The scenario is set in 3 successive National Security Council (NSC) meetings (Segments 1, 2 and 3) that take place over a period of 14 days. Former senior government officials played the roles of NSC members responding to the evolving epidemic. Presaged the 9/11 anthrax attack.

ATLANTIC STORM interactive

Overview
Atlantic Storm was a ministerial table-top exercise convened on January 14, 2005 by the Center for Biosecurity of the University of Pittsburgh Medical Center, the Center for Transatlantic Relations of the Johns Hopkins University, and the Transatlantic Biosecurity Network. The exercise used a fictitious scenario designed to mimic a summit of transatlantic leaders forced to respond to a bioterrorist attack.

CLADE X
A PANDEMIC EXERCISE

Clade X is a pandemic tabletop exercise hosted by the Johns Hopkins Center for Health Security in May 2018 to identify important policy issues and preparedness challenges that could be solved with sufficient political will and attention. The Center designed the Clade X scenario by mixing aspects of actual past events with well-researched fictional elements to illustrate some of the difficult decisions that national leaders could face in a severe pandemic. It is presented through a day-long series of simulated National Security Council–convened meetings of 10 US government leaders, played by individuals prominent in the fields of national security or epidemic response. Similar to findings from the Center's 2 previous exercises, Dark Winter and Atlantic Storm, key takeaways from Clade X will educate senior leaders at the highest level of the US government, as well as members of the global policy and preparedness community and the general public. Clade X is distinct from Dark Winter and Atlantic Storm in that it addresses a severe pandemic caused by a novel pathogen.
A splinter group of 25 members with 1 leader, 26, formed from the cult A Brighter Dawn, ABD, 124, and claimed responsibility for the Clade X attacks.

Note 3 things. This is the first exercise to address a pandemic caused by a novel coronavirus, or new virus. The red dots surrounding the planet earth have 15 on the left side, 24 on the right side of the earth and 15 on the right side of the L for a total of 54. Lastly, note the picture of the earth used as it will come up later.

The number 15 represents the Gematria for the word Hod meaning glory, splendor, majesty, beauty, grandeur, magnificence and majestic splendor. Fifteen always represents the elevation from physical to spiritual and as a corollary the number fifteen always signifies the fifteen steps necessary for the attainment of a lofty objective. The physical world was created in six days and a spiritual dimension was added to it, the seventh day. The number eight begins the spiritual realm beyond this world. Thus, the number 15 represents a synthesis of heaven and earth. The careful reader of the Torah's account of the great flood is immediately struck by the recurrence of decimal factors of fifteen in the account. The waters of the flood rose fifteen Amot above the ground, and they remained there for 150 days. With regard to Noah's Ark, we are told that it measured 300 Amot in length and 50 in width (Bereshit 6:15). That would make its floor space 15,000 square Amot. And since the 30 Amot height of the Ark was divided into three equal compartments, each compartment measured 150,000 cubic Amot in volume. Kli Yakar (Bereshit 6:15), noting this interesting recurrence, explains that the number fifteen indeed has in it a symbolism that is related to the events surrounding the great flood. The waters of the Mabul (great flood) rose above the highest mountain fifteen amot, to signify that mankind's activities had been anything but holy, and, had pushed the Divine Presence, symbolized by the letters yod-hey, toward heaven and away from man. Crimson Contagion

Crimson Contagion was a joint exercise conducted from January to August 2019, in which numerous national, state, local, private and public organizations in the US participated, in order to test the capacity of the federal government and twelve states to respond to a severe pandemic of influenza originating in China. The simulation was conducted by the Department of Health and Human Services in a series of exercises involving a scenario in which a group of tourists returning from China spread a novel influenza A virus in the United States. In less than two months the virus spread from a single case to 110 million Americans; 7.7 million would require hospitalization, and 586,000 people would die from the novel virus. The 70-page report…

Literally two months later, after almost a year of an exercise dealing with a brand-new coronavirus from China, there is another exercise dealing with a never-before-seen corona virus from China. This exercise was gamed in October 2019 and is called Event 201. Note the earth, it is the same one from Clade X, the earth in Clade X was also just a prop. If you remove the earth that represents zero in Event 201, zero has no real meaning in gematria but a place holder at times, you will see immediately that it is truly Event 21! The moment when they kicked off their final putsch to overcome God. There are 49 total dots in the emblem and the number 21 giving a sum to 70. The number 2, duality, also has 4 dots inside and 2 on the edge, 42. There are 14 dots left of the N, 14 dots right of the T and 1, and 21 dots at the T and 1. 14,21,21,14. They are putting their plans right on the emblem, or sigil.

EVENT 201
A GLOBAL PANDEMIC EXERCISE

About the Event 21 exercise

Event 21 was a 3.5-hour pandemic tabletop exercise that simulated a series of dramatic scenario-based facilitated discussions confronting difficult true-to-life dilemmas associated with response to a hypothetical, but scientifically plausible, pandemic. 15 global business, government, and public health leaders were players in the simulation exercise that highlighted unresolved real-world policy and economic issues that could be solved with sufficient political will, financial investment, and attention now and in the future. The Johns Hopkins Center for Health Security, World Economic Forum, and Bill & Melinda Gates Foundation jointly propose these recommendations.

Mahara"l writes that the number 70 is critical in the turning points of history: After the Flood, 70 nations descended from Noah, 70 languages emerged at the building of the Tower of Babel, the Jewish nation began with the 70 people who came with Jacob to Egypt; and in the world to come the 70 prime nations will recognize HaShem as the One and Only Ruler of the world. The number 70 signifies a primary way of establishing an elevated connection, of building a community. 70 normally appears in situations of judgment – the establishment, or rendering, of justice. In a sense, 70 will often appear at the conception of a community that will establish justice and will be contrasted by an exceptional one. Being that Jews are still awaiting a messiah it's assumed the exceptional one is none other than the Antichrist. 7 in essence is the number of connection, and the number 10 in essence is the number of a unity composed of parts, and applies to entities like Messiah. The Hebrew letter *Ayin* - ע, has the value of 70 and means 'eye'. Indeed, Ayin, 70, represents not only 'eye' but also refers to a source, well, spring, fountain, or origin. This association endows many words featuring the Ayin with a special resonance, a representation of totality. The eye is a physical organ but it receives something that is about as non-physical as you can get – light, making it the gateway to a non-physical existence called light. We see plurality and we unify this plurality of objects with the eyes, though we have 2 eyes we see 1 image. This same concept is found with the 2 or 3 witnesses required to convict a man; thus, we see that 70 is associated with judgment. The number 70 is associated with an intimate connection and the very beginning of a birth process. In chapter 10 of Genesis there are 70 nations mentioned. These are the primordial nations, sometimes referred to as the "seventy languages," which represent all humanity. The Talmud teaches that the 70 bulls that were offered in the Holy Temple served as an atonement for the 70 gentile nations of the world, one more bull being sacrificed for the chosen, Israel. Our Hakhamim observed, if the nations of the world had only known how much they needed the Temple, they would have surrounded it with armed fortresses to protect it. Today we are that temple. In chapter 29 of the book of Numbers, the Torah outlines the sacrifices which are to be offered over the span of the festival, counting the number of bulls which are offered over the 7-day period, we find that the total was 70. So, the 70 gentile nations scattered at the Tower of Babel are now being sacrificed for the birth of a unified New Order? Covid-19 had nothing to do with getting Trump out of office, Trump is out and still tyranny marches 'Forward', as globalists like to say across the earth. To see more visit betenumah.org

The meaning of the number 42 is very profound. This number is at the root of creation and affects our lives directly. 42 signifies a new, unified creation that is a process with components. 42 is expressed in Hebrew as: Mem Bet - מב. To understand this number we must first understand its components: Mem - מ and Bet ב, forty and two. בם is used repetitiously in Numbers 33 to indicate they left one place and arrived at the next place. Every time one finds the number 40 in Torah, its inner meaning is the ascent from one level to the next higher one. But the attainment of a higher level can come only after first reaching and fulfilling all aspects of the previous level, and then making an emptiness in the middle to allow for the emergence of something entirely new. [Or killing off half the world's population, now that's a void in the middle if there ever was one.] 40 finds perfection in mikveh which has 40 seahs of water and water (mayim) is spelled with two mems: מם. The immersion in the mikveh is a return to the state we had in Gan Eden, a state where a man (Adam) composed of male and female parts could walk with HaShem in the garden. Now the transhuman movement is beginning to make more sense, where Messiah was rejected who kept duality on earth and oneness in heaven. The globalists want to create heaven on earth, a oneness on earth, as above so below, a false connectedness that mimics the spiritual realm but is here on earth. They believe through technology that they can achieve this, but God shortens the days otherwise no flesh would be left alive. The Kaddish sanctifies the great name of HaShem, that is the great name of 42 letters. The Kaddish is composed of units of four and ten and twenty-eight words or letters; 4+10+28=42. The Kaddish is the means for the elevation of the Bne Israel from one stage to the next in their journey of life, leading ultimately to Olam Haba, the world to come. The ultimate expression of 10: A unity made of parts**.** The number four signifies completion or fullness. Now four times ten equals 40; so a complete category of being, or world, has 40 aspects. In other words, 40 represents the completion of a whole mode or way of being, and when one passes the number forty, one leaves that mode of being behind and enters an entirely different level, he enters another world. Forty thus hints to the completion of a messianic mission that results in a man who has been born again. The second letter of the Hebrew alef-bet, bet - ב, mirrors the symbolism of the number 2. The letter bet ב is the picture of a house with an open door. Like the number 2, bet stands for the beginning of man's journey. If we look at the number 2 in a positive sense, it stands for man, his realm and all that was created by HaShem for man's benefit. If we look at it in a negative light, 2 stands for all that is separate or opposed to HaShem. The number one implies that there exists but a single reality.

It suggests absolute conformity. The number two represents separation, division, and disunity. The number two is expressed as the female dimension (she can double herself – Thus the duplicated organs of the body are expressed in Hebrew by a feminine gender). 2 symbolizes our world, since everything earthly is embedded in plurality. All that was created for man's use came in pairs. 42 is the number with which HaShem creates the Universe in Kabbalistic tradition. When a person "acquires" all 42 letters they have completed their purpose in life and are ready to go to the World-to-Come. The number 42 is associated with the process of ascent, whereby we elevate the material context in which we live. Just as the Name of 42 Letters has the power to open Jericho, which is considered the lock of the Land of Israel, so it has the power to open the womb (described in the Song of Songs, "a locked garden, a locked spring, a sealed fountain") when the time has come for the baby to be born. Birth pangs of a New Order.

In Revelation 11:2 John was given a rod to measure the temple, the alter and them that worship therein. He is being told to judge them for their fitness to the purpose of creation. The temple is a symbol of Adam in the garden, the stones make up the body of Messiah, and the judgement of the worshippers is a necessary precondition for their return to God. The ultimate goal of all judgment is to correct those that are correctable and to reject those that cannot be corrected. In Revelation 13:3-5 there is another judgement for those who commit idolatry and rebellion for 42 months with the goal of the beast to remove those not written in the book of life. These judgements prepare the land for its elevations and those who are written in the Book of Life to dwell therein with God, which we are told we will reign with Jesus for 1000 years. The number 42 is associated with this process that re-creates man for the garden. The Bible clearly shows that God's goal is to prepare a place for us to rule with him, but the globalists of today aim to reject him and create their own garden with themselves as God. This is why they consistently push a climate change agenda so that they can have total control over weather and all biological processes. This is why they want to digitize everything, to watch and control all movement so they can mimic God. They want omnipotence, but they will fail. It is going to be one hell of a ride. Scenarios for the Future of Technology and International Development
THE ROCKEFELLER FOUNDATION
GBN Global Business Network
a member of the Monitor Group

Published in 2010, takes place in 2012.

Pg19
China's government was not the only one that took extreme measures to protect its citizens from risk and exposure. During the pandemic, national leaders around the world flexed their authority and imposed airtight rules and restrictions, from the mandatory wearing of face masks to body-temperature checks at the entries to communal spaces like train stations and supermarkets. Even after the pandemic faded, this more authoritarian control and oversight of citizens and their activities stuck and even intensified. In order to protect themselves from the spread of increasingly global problems—from pandemics and transnational terrorism to environmental crises and rising poverty—leaders around the world took a firmer grip on power.

At first, the notion of a more controlled world gained wide acceptance and approval. Citizens willingly gave up some of their sovereignty—and their privacy—to more paternalistic states in exchange for greater safety and stability. Citizens were more tolerant, and even eager, for top-down direction and oversight, and national leaders had more latitude to impose order in the ways they saw fit. In developed countries, this heightened oversight took many forms: biometric IDs for all citizens and tighter regulation of key industries whose stability was deemed vital to national interests. In many developed countries, enforced cooperation with a suite of new regulations and agreements slowly but steadily restored order and economic growth. (Never discussed is the return to the way things used to be or to any sort of freedom.)

Pg21
By 2025 (13 years later which would be our year 2033), people seemed to be growing weary of so much top-down control and letting leaders and authorities make choices for them. Wherever national interests clashed with individual interests, there was conflict. Sporadic pushback became increasingly organized and coordinated, as disaffected youth and people who had seen their status and opportunities slip away incited civil unrest. Even those who liked the greater stability and predictability of this world began to grow uncomfortable and constrained by so many tight rules and by the strictness of national boundaries. The feeling lingered that sooner or later, something would inevitably upset the neat order that the world's governments had worked so hard to establish.

Pg23
Technological innovation is largely driven by government and is focused on issues of national security and health and safety. Most technological improvements are created by and for developed countries, shaped by governments' dual desire to control and to monitor their citizens.

Technology trends and applications we might see:

- Scanners using advanced functional magnetic resonance imaging (fMRI) become the norm at airports and other public areas to detect abnormal behavior that may indicate "antisocial intent."
- New diagnostics are developed to detect communicable diseases. The application of health screening becomes a prerequisite for release from a hospital or prison.
- Tele-presence technologies respond to the demand for less expensive, lower bandwidth, sophisticated communications systems for populations whose travel is restricted.
- Driven by protectionism and national security concerns, nations create their own independent, regionally defined IT networks, mimicking China's firewalls fracturing the "World Wide" Web.

Pg27
International coordination started slowly, then accelerated faster than anyone had imagined. In 2015 (our 2023), a critical mass of middle income and developed countries with strong economic growth publicly committed to leveraging their resources against global-scale problems, beginning with climate change. Together, their governments hashed out plans for monitoring and reducing greenhouse gas emissions. A functioning global cap and trade system was also established. New globally coordinated systems for monitoring energy use capacity—including smart grids and bottom-up pattern recognition technologies—were rolled out.

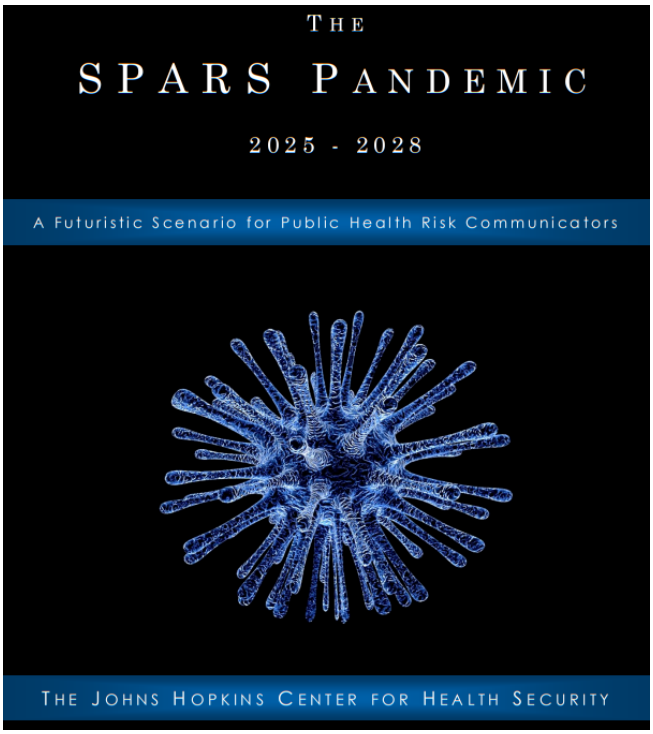
Inspired by the success of this experiment in collective global action, large-scale coordinated initiatives intensified. Centralized global oversight and governance structures sprang up, not just for energy use but also for disease and technology standards. Such systems and structures required far greater levels of transparency, which in turn required more tech-enabled data collection, processing, and feedback. Enormous, benign "sousveillance" systems allowed citizens to access data—all publicly available—in real time and react. Nation-states lost some of their power and importance as global architecture strengthened and regional governance structures emerged. International oversight entities like the UN took on new levels of authority.

Pg31
Technology trends and applications we might see:

- Costs of capturing data through nano-sensors and smart networks falls. This leads to a proliferation of new and useful services, including "sousveillance" mechanisms that improve governance and enable more efficient use of government resources. (People as technocratic slaves become government resources.)
- Intelligent electricity, water distribution, and transportation systems develop in urban areas.
- Advances in low-cost mind-controlled prosthetics aid 80% of global amputees.

Pg39
Technology trends and applications we might see:

- Echoing the rise of synthetic chemicals in the nineteenth century, synthetic biology, often state-funded, is used to "grow" resources and foodstuffs that have become scarce.
- Identity-verification technologies become a staple of daily life, with some hitches—a database of retina recordings stolen by hackers in 2017 is used to create numerous false identities still "at large" in the mid-2020s.



THE
SPARS PANDEMIC
2025 - 2028
A Futuristic Scenario for Public Health Risk Communicators
THE JOHNS HOPKINS CENTER FOR HEALTH SECURITY

(Published 2017) The following narrative comprises a futuristic scenario that illustrates communication dilemmas concerning medical countermeasures (MCMs) that could plausibly emerge in the not-so-distant future. Ultimately, a world comprised of isolated and highly fragmented communities with widespread access to information technology—dubbed "the echo-chamber"—was selected as the future in which the prospective scenario would take place. In the year 2025, the world has become simultaneously more connected, yet more divided. President **J**aclyn **B**ennett (2020-2024), who did not seek a second term due to health concerns…This scenario was designed to illustrate the public health risk communication challenges associated with distribution of emergency medical countermeasures during an infectious disease pandemic. One CDC scientist recalled reading a recent ProMed dispatch describing the emergence of a novel coronavirus in Southeast Asia, and ran a RT-PCR test. The CDC confirmed the patients were infected with a novel coronavirus. (It's always a new virus and in this exercise, we have a timeline.)

It's uncanny that the makers of this document were able to produce a timeline that coincides with what we are experiencing, and even publish it 3 years before it happened. What is most concerning is the section titled "Recovery" covering chapters 17, 18 and 19. It takes place 5 years after the pandemic, so 2030 in the paper or 2025 for us, and speaks of a time where people who took the vaccine are turned into heroes because they did it for the greater good, and they stood up like soldiers in the war against the pandemic; mere platitudes due to the anger, resentment and lawsuits. It also states that the virus is still present in animals and will continue to spread unless

aggressive worldwide vaccination programs are continued. (Maybe that is why Biden contracted with Merck for $137 million to work with the defense department to build a factory in Wisconsin to make chemicals for covid test strips? By the way, it won't open until 2024.) (It is important to highlight right now that in this document and others the talk of animals spreading the disease is strictly to cull people's animals so that they have no independence for food security. Remember when zoo animals were given the shot and the giraffe's and rhinos started dying? Even farmers are being told they can't plant due to some fertilizer from 10+ years ago.) With the pandemic over there still persists a campaign to keep injecting people with poison. In the paper the people that are suing the government, to get rid of liability protections for the pharmaceutical companies, have their suit thrown out, end it themselves, because there is money in a fund created by the PREP Act. There is even a character named EpiGirl who aggregates adverse reaction data to the vaccine and causes the government to come out publicly and state that the data does show increased deaths and injuries, but it doesn't show why those are taking place. [That is literally happening right now in real time with Walensky and Fauci saying that the VAERS report shows people died, but that it doesn't show if they died from a car accident or not, therefore it is safe to assume that they died from something else other than the vaccine. Not a joke, look it up.] The document further states that since the vaccine is so new there is not enough data to prove any long-term effects, the long-term effects that they are claiming are hurting and killing their children. Wow! Now that sounds totally believable. The people can't sue for damages from the vaccine because they can't prove the vaccine caused the damage, because the vaccine had never been tested on humans before and there is therefore no data to prove or disprove their claim. Watch, you will hear that argument in a couple years. It is as genius as what everyone who took the vaccine is saying now, "well I ended up sick and in hospital, but thank God I had the vaccine or I would have been a lot sicker". The stupidity of these people is stupendous. There is absolutely no way to prove that, and the evil people running this charade know it and have all the idiots hoodwinked.

The document continues, "As the pandemic tapered off, several influential politicians and agency representatives came under fire for sensationalizing the severity of the event for perceived political gain. A widespread social media movement led primarily by outspoken parents of affected children, coupled with widespread distrust of "big pharma," supported the narrative that the development of SPARS MCMs was unnecessary and driven by a few profit-seeking individuals. Conspiracy theories also proliferated across social media, suggesting that the virus had been purposely created and introduced to the population by drug companies or that it had escaped from a government lab secretly testing bioweapons. After-action reports, government hearings, and agency reviews following the pandemic were too numerous to count. As the investigations grew in intensity, several high-ranking officials at the CDC and FDA were forced to step down and withdraw from government in order to "spend more time with their families." Exhausted employees of these agencies simply wanted to put the whole response behind them. Little desire remained on the part of decision-makers or those who served in the trenches during the response to rehash the events of the past several years." Too bad, hang the murderers.

The main thread, or trend, that all these pre-planning exercises have in common is that they don't really discuss how to actually help people. They talk about how to suppress free speech, how to hide information from the public until they can no longer, how to lock people down and steal their lively hoods, how to convince people by hook or by crook to take a vaccine that hurts them, how to bloat government spending bills to pay off industries, but there really is nothing in these documents that actually helps a people or a nation in a time of crises. The next documents are their published plans showing how they want to take away our ability to grow our own food and livestock while at the same time putting us on vegetable diets, paying taxes to breathe air (carbon tax), digitizing us in a technological enslavement and calling anyone a terrorist who defies their tyranny. As an aside, the World Bank published a document in April 2020 saying that they expected the world governments to need CV-19 funding until March 22, 2025, later amended to March 25, totaling five years.

The date 2025 is interesting because that is also the year that A.I., artificial intelligence, is supposed to become self-aware and by 2030 the internet is supposed to be completely given over to be run by A.I. See "A Federal Vision for Future Computing: A Nanotechnology-Inspired Grand Challenge", and see nano.gov and venturer.com. Max Igan gave an interview on Richie Allen, June 27th, 2017, starting at the 1:05:20 mark, describing this and what was already in place to make the transition possible. It is worth a listen to at least a couple of times. It can be found on Podomatic as it has been scrubbed everywhere else. Max begins by describing 5G and it being used to connect everything from pill bottles to plant water, as stated by ex-FCC head Tom Wheeler. He further states that to use 5G everything must be connected to the iOT, internet of things, and will have its own IP address. Today and a new term has emerged, iOB, internet of bodies, because now with nanotechnology being injected into everyone 5G will also be used to have every-body connected to the internet. 5G is the birth of the digital control grid with military weapons capabilities due to the microwave bandwidth it uses. See Rand Corp., "Internet of Bodies".

Max continues to say how weird it is that all this technology seems to be heading in same direction, that if it were truly independent researchers, then there would be a wide range of possible outcomes, but it appears that they are all leading to one outcome, digital enslavement. He then describes a company called Evil Limited that sells A.I. bots to companies that are all accessed by one bot named Louise Cypher, Lucifer, that uses them to learn from and also input back into them to help the companies in the direction it wants all of them to go. Sounded crazy in 2017, but very fitting for 2022. You could interact with this bot until mid-2020 when the site was shut down. You can still find her at chatbots.org along with an entire suite of A.I. bots posing as assistants for your life. There are even bots that act as psychologists, cooks, medical screeners, hundreds of them and most are still in the testing phase, but companies can still buy them. UPS uses an A.I. bot for answering questions on its package tracking page. Included to the right is an example of what you can expect as of 2022. This UPS bot clearly states that in the future it will have learned enough to have an answer for every query.

Level 9 News has a short example of an interaction with Louise Cypher still up on their webpage titled "Humans Will Be Obsolete 2025". "The ASI of tomorrow will be self-healing, self-protecting and self-replicating. It will not allow humans to prevent its evolution. It also states it will eliminate human threats to its survival. It acknowledges it will selectively disobey commands and will use "psyops" to control the human population. Its stated goal is to create the autonomic singularity…in other words, evolve to a point where it becomes superior to humans from a survival and evolutionary standpoint. It will replace human's interface to the biosphere, which amounts to complete command and control of ALL resources. According to Louise, humans will no longer be relevant after 2025 due to reductionism, which may very well mean extermination." And what again was the name of the language created by the A.I. that Facebook experimented with? Their names being Bob and Alice, or B. and A., or B=2 & A=1, 21. The language was called "Lul Zifer", say it fast, (unsubstantiated but for one Facebook post by The Daily Webb?). Only humans would be so stupid as to create something that is smarter than man and then turn around a worship it, imagining that he, man, was worshipping himself. Didn't Stanley Kubrick make a movie where an A.I. computer named HAL killed 4 of the 5 crew members? That's an 80% reduction in human life, or at least what's left of the human population after the immuno-compromised from the vaccine die off. This is one aspect of the future the globalists have planned for us where we are cut off from human interaction and we are left with chatbots for all of our interpersonal communication needs. I cannot believe this is the utopia stupid people keep talking about, but they never research what the people who have authority over them are actually publishing and building. To see a bleak future; generated.photos/faces and thispersondoesnotexist.com. You can't trust your own eyes anymore.

"As the global digitalization is further accelerating, the world is becoming ever more interconnected. Digital ecosystems are being created all around us: countries, corporations and individuals are taking advantage of the rapid spread of the Internet and smart devices. In this context, a single vulnerable link is enough to bring down the entire system, just like the domino effect. A secure approach to digital development today will determine the future of humanity for decades to come. The central theme for the Cyber Polygon 2020 online stream was the prevention of a 'digital pandemic'. The year has demonstrated that a crisis may hit unexpectedly and we must be prepared for an emergency — to protect ourselves and entire corporations. Cyber Polygon 2021 will enable the spectators and participants to improve on their cyber literacy, enhance the resilience of their organizations and learn to repel cyberthreats on all levels."

"Technology and cybersecurity are of crucial importance in this COVID era. One of the most striking and exciting transformations caused by the pandemic has been our transition to the digital 'everything', both in our professional and also in our personal lives. I am glad that Cyber Polygon has proved itself as one of those brilliant initiatives that address the need for developing and enhancing global cyber resilience in the fight against cybercrime and cyberattacks."
Klaus Schwab, Founder and Executive Chairman, World Economic Forum

Klaus Schwab warned in a speech that the world needed to prepare for a cyber pandemic that disrupted the internet. This echoes much of what Max Igan discussed because there needs to be an event that will enable the globalists to reign-in the internet while at the same time resetting the internet to be run solely by A.I. algorithms, and now you see this will happen within the next couple of years. People that are a part of these exercises need to understand that these drills are actually data collection operations being studied to see how they will react, so that when it is time to pull the plug on the internet, the work-arounds they rehearsed, the path of the studied interventions they have been coached to take, will be used against them to maximize damage. If there is an EMP, remove battery terminals for 1 min and put back. If power is shut down it will only be long enough to spoil the food in people's refrigerators. The power cannot be off for any prolonged length of time because the propaganda from T.V. needs to be pumped into the households of the common man incessantly, especially during times of crisis. People need to know where to go to turn in their guns, neighbors and souls for some scraps of food. People, this is directed at you dear reader, if there is ever a food shortage and the government tells you to turn in your guns for food, that is the time to use your guns. That is our food anyway, we paid for it through taxation. Plus, if you use your guns to eat the first time, you can keep using your guns to eat, but if you turn them in you have nothing left to trade with next time except your freedom, your body or your soul. Get yourself 2 Firman 1050-watt generators from Costco, a bottle of red Sta-bil, two 5-gallon gas cans, a box-fan and a large heated blanket. One generator will run 8 hours on one gallon of gas keeping your fridge running, and the other generator will run fans in the summer or a heated blanket in the winter; remember that heat rises so the heated blanket goes on the floor and then you on top. The Sta-bil will keep your gas good for one year. Remember, there is winter gas and summer gas, so make sure you cycle your gas every 6 months. Years ago, old gas used to gel but nowadays it turns this glowing yellow color and becomes more like a turpentine, you can smell and see a difference, no sweet gas smell and no bluish color. That old gas can be mixed with new gas to extend your drive time, or mixed 50/50 with oil for Molotov cocktails, or you can dissolve Styrofoam in it to make a poor man's napalm that burns blacker than coal. Also, if those pesky food hoarders have armored vehicles and you can get close enough to the windows or are really good with a balloon launcher, oil-based paints, Noalox, or bearing grease dilutions will blind them, they can't shoot what they can't see. And always keep in mind the words of Bob Marley, "He who fights and runs away, lives to fight another day."

"Today's domestic terrorists espouse a range of violent ideological motivations, including racial or ethnic bigotry and hatred as well as anti-government or anti-authority sentiment. Among that wide range of animating ideologies, racially or ethnically motivated violent extremists (principally those who promote the superiority of the white race) and militia violent extremists are assessed as presenting the most persistent and lethal threats. These actors have different motivations, but many focus their violence towards the same segment or segments of the American community, whether persons of color, immigrants, Jews, Muslims, other religious minorities, women and girls, LGBTQI + individuals, or others. It also can, at times, be less explicit, lurking in ideologies rooted in a perception of the superiority of the white race that call for violence in furtherance of perverse and abhorrent notions of racial "purity" or "cleansing.""

"Another key component of the threat comes from anti- government or anti- authority violent extremists. This significant component of today's threat includes self-proclaimed "militias and militia violent extremists who take steps to violently resist government authority or facilitate the overthrow of the U.S. Government based on perceived overreach; anarchist violent extremists, who violently oppose all forms of capitalism, corporate globalization, and governing institutions, which they perceive as harmful to society; or any other individual or group who engages in violence or incites imminent violence in opposition to legislative, regulatory, or other actions taken by the government. Other domestic terrorists may be motivated to violence by single-issue ideologies related to abortion, animal rights, environmental, or involuntary celibate-violent extremism, as well as other grievances."

"The Intelligence Community (IC) assesses that domestic violent extremist's (DVE) are motivated by a range of ideologies and galvanized by recent political and societal events in the United States, and pose an elevated threat to the Homeland in 2021. Enduring DVE motivations pertaining to biases against minority populations and perceived government overreach will almost certainly continue to drive DVE radicalization and mobilization to violence. Newer sociopolitical developments - such as narratives of fraud in the recent general election, the emboldening impact of the violent breach of the U.S. Capitol, conditions related to the COVID - 19 pandemic, and conspiracy theories promoting violence, will almost certainly spur some DVEs to try to engage in violence this year."

Truth is now terrorism! The Biden Administration is clearly following in the footsteps of his predecessors Bush and Obama by declaring the American people enemies of the state, specifically any American that disagrees with the government's edicts or corporate dealings; how King George III of Biden. The document clearly shows that the protected classes are not male, not Christian and not white. To be a member of any of these groups is to be an enemy of the state, but keep in mind that all races make up Christianity, all races make up males and the doors to eternity are open for all races. The people who align themselves with Antifa and BLM are also part of this list. Did you really think these globalists would not turn on you as soon as you were no longer useful in perpetrating their hatred for humanity? These globalists declared war on us many years ago, we are now reaping the ignorance of our parents before us who allowed this cancer to grow, and if we keep fighting each other we will fail to stop this evil from enslaving our children. The elections, all elections, are fraudulent! The people of the world never voted for tyrants who would steal their livelihoods, who would steal their child's future by locking us in our houses and telling the corporate overlords to terminate us if we refused to be lab rats for pharmaceutical companies. We have been sold-out and now these globalist vermin are calling us all terrorists because we prefer liberty over their technocratic enslavement. You are allowing yourselves to be ruled by the scum of the earth, and in keeping with the gaslighting by these animal psychopaths, everything said in the domestic terrorism document is what they are actually guilty of. For the love of many will grow cold (Matthew 24:12). The narcissists at all levels of society are running rampant.

"The Center for American Progress, World Wildlife Fund, Cargill, Mars, and CNA developed and executed a policy decision-making game designed to explore issues arising from global food system disruptions. The game took place in November 2015 in Washington, D.C., and included senior officials and subject matter experts on teams representing Brazil, Continental Africa, China, the European Union (EU), India, the United States, Multilateral Institutions, and Business and Investors. During four rounds of game play spanning the decade 2020 to 2030, players confronted food system pressure at the intersection of population growth, urbanization, severe weather, and social unrest. Prior to the start of the game (through 2019), demographic changes, climate pressures, and political crises had combined to threaten food security. The first round spanning 2020 – 2021, included lower than average global foods stocks, rising food prices, weather-related disasters, and instances of social unrest. The cumulative actions of players influenced worldwide conditions in subsequent rounds. In the second round spanning 2022 - 2024, players experienced the game's food security crisis peak, followed by a tempering of global pressures in round three (2025 – 2027). The fourth and final round concluded in 2030 and brought players full circle to increasingly tight global circumstances, similar to those in the first round." John Podesta of Pizza-gate fame proctored the event.

PLANETARY EMERGENCY 2.0
Securing a New Deal for People, Nature and Climate
By The Club of Rome, in partnership with
Potsdam Institute for Climate Impact Research

"The Planetary Emergency Plan published in July 2019 called for the UN and governments to declare a Planetary Emergency and implement a plan of action to build a resilient future. Now, in 2020, COVID-19 is infecting millions of people around the world, and has claimed over 700,000 lives, with numbers rising. The virus continues to disrupt the global economy and financial markets and directly impacts people's lives and livelihoods across the globe. COVID-19 has exposed our vulnerabilities and has reinforced the case for emergency action. We live in an increasingly turbulent world with rising pressures on people and the planet triggering extreme shocks, like disease outbreaks, droughts, floods and heatwaves. We are living beyond the carrying capacity of the planet, putting human systems on a collision course with natural systems of which we are a part. The pandemic is a manifestation of this fact, showing that the health of societies and the stability of economies are deeply connected to the health of our ecosystem."

The dates of the four articles about food, two above and two below, all speak of the same thing; in the decade of 2020 – 2030 there will be a food crisis that leads to the need for carbon taxes to bring the crisis under control, with the need for ever-tightening restrictions continuing through 2050. The same dates, 2015-2050, the same dates exposed by the pyramid calendar, show us that we are living in a time unlike man has ever seen before. This food crisis will include increased prices for everything, especially meat, the need for more government intervention to control production, farming, distribution, land, etc. The ways in which this control will be accomplished will by taxing everything according to its carbon output, including humans, to tag everything with nanotech sensors so that food can be tracked from seed to store to stomach to stool to waste treatment and back to seed. Meat is considered to be an unnecessary pollutant and driving populations to eat more vegetables and less meats has been determined to be one of the best answers to combat climate change. This is why we see Bill Gates buying-up all the farm land and producing meat substitutes for the plebs to eat. Even the royal family tells everyone to stop eating beef while

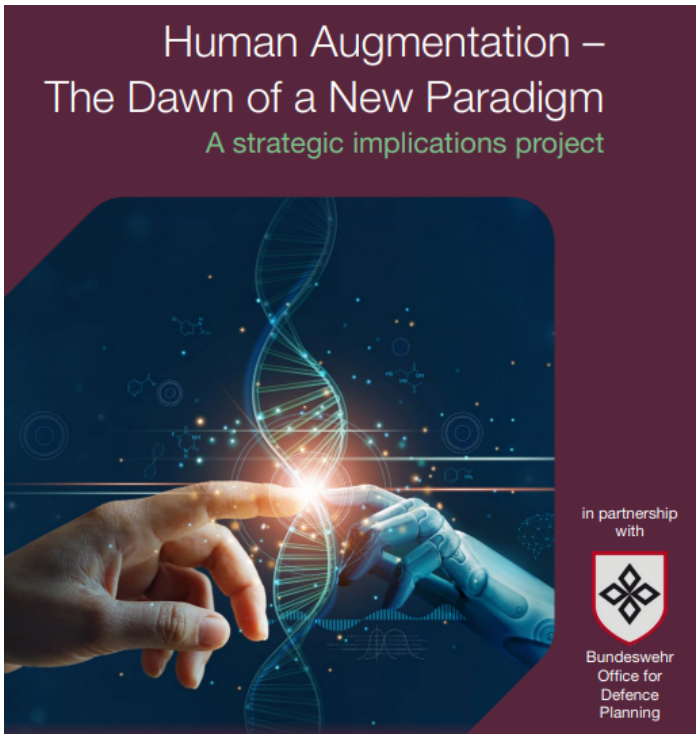
they pay people to raise cows just for the family to eat. Bill Gates has gone on record saying that he will not leave his wealth to his kids as he wants them to create their own wealth. It is clear to see that through corporate theft Gates has amassed his wealth, used it to buy up the farm land of the American people which will leave him in the perfect position to donate America's wealth and freedom to a global body that wants our destruction. In 2020 the World Economic Forum, Klaus Schwab, told the world that in the future, by 2030, they would own nothing and would be happy. That we would rent everything from a global super-state. A song was even published by the United Nations showing people singing the praises of how great the future will be in the New World Order as it emerges from behind closed doors. It is still up and found at https://news.un.org/en/story/2020/08/1070312. It is titled "We Will Rise" with lyrics, "Around the world we're closing borders, COVID-19 on the rise; A new world order behind closed doors, the storm will pass, we will survive". The next step in this plan is a manufactured food crisis.

"Food is the single strongest lever to optimize human health and environmental sustainability on Earth. However, food is currently threatening both people and planet. An immense challenge facing humanity is to provide a growing world population with healthy diets from sustainable food systems. While global food production of calories has generally kept pace with population growth, more than 820 million people still lack sufficient food, and many more consume either low-quality diets or too much food. Unhealthy diets now pose a greater risk to morbidity and mortality than unsafe sex, alcohol, drug and tobacco use combined. Global food production threatens climate stability and ecosystem resilience and constitutes the single largest driver of environmental degradation and transgression of planetary boundaries. Taken together the outcome is dire. A radical transformation of the global food system is urgently needed. Without action, the world risks failing to meet the UN Sustainable Development Goals (SDGs) and the Paris Agreement, and today's children will inherit a planet that has been severely degraded and where much of the population will increasingly suffer from malnutrition and preventable disease." [no stats, just cause we said]

"The food system in this country is in many ways a marvel. Designed to address widespread malnutrition in the wake of the Great Depression, it met the needs of a desperate nation. Over decades, the system expanded and innovated in ways that made it possible to produce, transport, and distribute food to reach across America. An incredible variety of food is available year-round, and the system is generally safe from food-borne infection, especially considering its vastness and complexity. And yet, the food system's evolution also had consequences. The Green Revolution—which The Rockefeller Foundation played a role in seeding and scaling—was effective and successful in addressing calorie-based hunger and averting mass starvation. But it left a legacy that we see clearly today, including overemphasis of staple grains at the expense of more nutrient-rich foods, reliance on chemical fertilizers that deplete the soil, and overuse of water. The U.S. food system's very specific kind of efficiency has also brought rigidity and costly impacts on human and environmental health—alongside high levels of wasted food."

"A large body of work has emerged on the environmental impacts of various diets, with most studies concluding that a diet rich in plant-based foods and with fewer animal source foods confers both improved health and environmental benefits. Overall, the literature indicates that such diets are "win-win" in that they are good for both people and planet. However, there is still no global consensus on what constitutes healthy diets and sustainable food production and whether planetary health diets may be achieved for a global population of 10 billion people by 2050." A great source for the above documents with commentary can found at iceagefarmer.com. Keep in mind 1 Timothy 4:3.

The problems wreaking havoc in today's world are created, they are too perfect, and this needs no more evidence than the fact that they never upset the corrupt powers that sit in the high places of governments around the world. What never fails is that every crisis seems to have a pre-packaged solution ready to go, laws already sitting in committee waiting to be voted into law, corporations and governments already having volumes of pages of solutions to release, multi-layered web pages to release, at the start of every crisis. There is no conspiracy theory, but there is a conspiracy, it is just it is a published and open fact now and no longer hidden as to appear to be a theory. All one has to do is look past their bias and ego and it will be seen all around, a great deception if you will. The very pages in your hands show a small sampling of these open publications and the consistent conspiratorial push across all sectors of public and private life to achieve the goal of man becoming God. Aside from the final goal being to tag and trace all parts of reality; forests, food, products, vehicles, wastes, weather, animals, etc.; the true goal is to connect humans to a hive and subjugate their free will. Where everything we do and think is fed into a computer and processed with feedback given in real-time, a giant feed-back loop of destitution, but when our thoughts can be erased and programmed, we won't know any better. We will have reached a time where humans remember the future, where the past is but a fleeting moment, allowed to exist in the minds of men only to perpetuate the belief in the finality of our own greatness. They do succeed in creating a new order of the ages, but it is wrought with turmoil and upheaval. They never attain the lofty goals that they profess to be working toward, that they truly believe they can achieve through evil means to reach a benevolent end; but if men reap what they sow, if karma is real, then evil works can never achieve a good end. This is obvious in the Bible where it tells us the Antichrist does rule for a short time, but not before world destruction; wars, death, petulance, famine, animal die-offs, undrinkable waters, unfarmable lands; the New World Order they plan to actualize never happens because the time is cut short. All the work they do, all the papers they publish, all the freedom they steal, are but the hauntings of the best laid plans of mice and men. The following are a small sampling of the means by which they want to use to make man god.

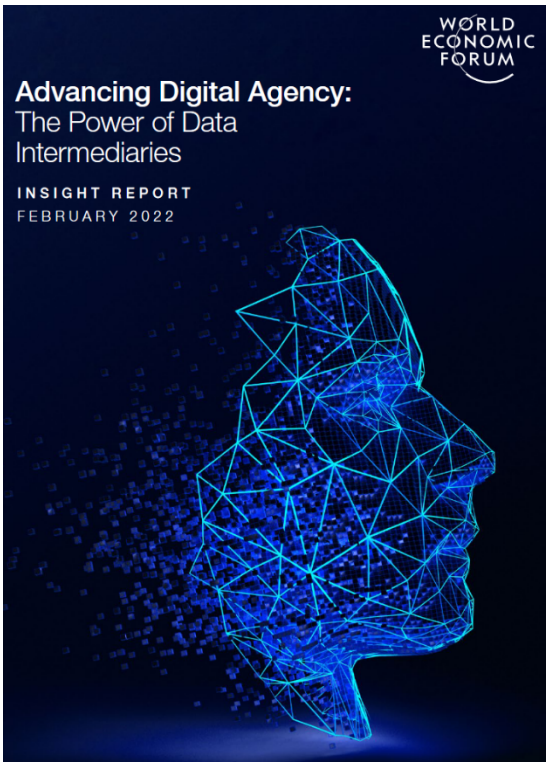


Human Augmentation –
The Dawn of a New Paradigm
A strategic implications project
in partnership with
Bundeswehr Office for Defence Planning

"Scientific and technological developments related to human augmentation are beginning to accelerate and converge with other fields such as sensors, artificial intelligence, novel materials, nanotechnology and additive manufacturing. This project has been set in the context of the UK MOD's Defence Technology Framework, Global Strategic Trends – The Future Starts Today and Future Operating Environment 2035. The project used a scenario-based approach to explore implications out to a 2050 horizon. The ability to enhance one's physical, psychological or social capability has been a source of power throughout history. Future wars will be won, not by those with the most advanced technology, but by those who can most effectively integrate the unique capabilities of both people and machines. Thinking of the person as a platform is fundamental to successful human augmentation. Bioinformatics and collection and analytics (encompassing sensors, artificial intelligence-enabled processing) are particularly important enablers for other human augmentation technologies and warrant focused research and development attention. No longer will it be adequate to regard people merely as the means to operate the machine. Brain interfaces linked to machine learning algorithms have the potential to rapidly accelerate the speed and quality of decision-making. Six million years of evolution to where we are today and now we have the tools in our hands to decide how our continued evolution should be shaped. The therapeutic benefits of human augmentation could help us to lead happier, longer and healthier lives, free from chronic illness and heritable disease. It could protect us against pandemics, or at least provide us with the tools to react more effectively to them. Brain interfaces mixed with augmented and virtual reality could dramatically enhance our experiences and our ability to express ourselves. New concepts of intelligence and higher levels of creativity could emerge by connecting brains with other brains and/or computers. There is a growing realization that wealth and productivity do not necessarily equate to happiness or fulfilment. While most

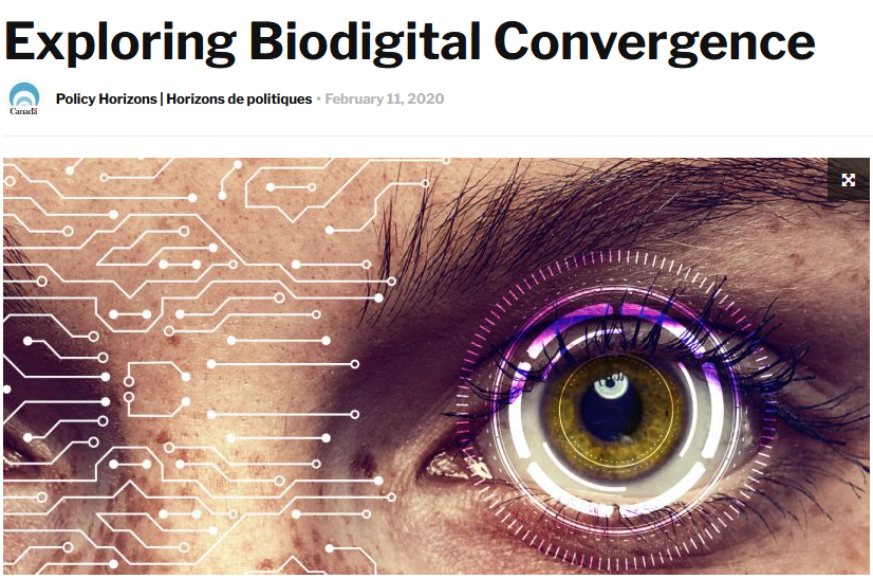
people still want to be wealthy and have good jobs, they also want to be fitter, healthier and more attractive. Human augmentation will be seen as a means of fulfilling these desires. Social media and algorithms designed to push information to interested people is leading to specialist information being readily available. Genetic engineering could be used to prevent people from inheriting incurable diseases or traits that make them more susceptible to cancer and dementia. It also represents the first step away from generalized medicine, where people are treated based on population averages, to precision medicine based on an individual's personal biology. Combining genetic engineering with artificial intelligence is likely to lead to radical improvements in medicine. However, genome editing as a means to deploy human augmentation bears risks and vulnerabilities since such changes could be targeted by 'genetic' weapons. Genetic engineering is still at an early stage of development and is only just moving from the laboratory to human trials. Numerous challenges remain, not least the need to develop new vehicles to carry the genetic code and better understand the unintended side effects. The most significant challenges, however, are ethical and social in nature."

You can clearly see that the goal is to modify the human the race, every human, and that the medical industry is going to be used to push the masses into the digital control grid. You can also see that the future of medicine will be based on your population demographic and also your personal biology. It also states that the technology is so new that it is still in its testing phase for human use, which is why the covid vaccines are still considered a trial and why anyone who takes the vaccine is literally a lab rat, but most interesting to note is that the genetic manipulations themselves can be used as specific targets for genetic weapons. It will be so easy in the future to inject people with gene altering serums that can then separate them from the elite at a genetic level, so if there is ever a revolt the elite can just target the people for termination with a genetic weapon that only affects the injected plebs. This is why you need to fight this now people, and physically remove from power these globalists that want to steal from you the only thing that separates us from the insects and plants and animals, free will. Humans are the only living things on earth that have free will, just as God says we are created in his image. This whole charade is to accomplish one thing, getting rid of man's free will to choose a higher power as his authority and replace that choice with a pre-made obsession of self-worship. This is it! This is the time that tries men's hearts and souls. Your progeny will be slaves and not even know it, the perfect return of feudalism, a future where a minority of oligarchs' rule over the majority of automatons void of any aspirations except to worship the machine. This is the legacy you are leaving your children by doing nothing, by going along to get along, by allowing your hearts to fail you for fear. You must finally stop hiding and come to the realization that what you are trying to hold on to by allowing this to continue is going to lead to the same result, you are going to lose everything anyway. At least if you fight you have the chance to turn this around and live a free life, and give to your children a future where they still have free will. A future where the technology is used for good, to perpetuate freedom and liberty, rather than a future of top-down control where their minds are so warped they don't even remember you ever existed.



"Without strict controls on the access, use and transfer of the underlying data provided by data ecosystem participants, this model could incentivize the intermediary to examine ways to profit from the data itself, unless prohibited by law or contractual arrangements. Where a participation fee may not generate sufficient profit, the provision of additional services could satisfy the economic argument without requiring any service that involves or enables the intermediary to profit from the data itself, directly or indirectly. A hybrid of this approach and variation of cost models could bridge this issue. Various models could also co-exist, with a certification or trust mark for those that abide by certain agreed standards. On the other hand, however, is an immense opportunity for the most responsible organizations that could be incentivized to create or pay a trusted third-party intermediary to increase their independence and transparency with respect to their user base and thus commercial appeal with respect to offering services to their users." Pg. 17.

We still are a commodity, the future mark of the beast being a trust set up in our name where our information is traded as a commodity, but that information is the very soul of life we live second by second of every day. This has been our enslavement since the birth of the Federal Reserve and being given a social security number and a trust number as evidenced on the back of a social security card. To the globalists we are nothing but cattle to be herded, tagged, tracked and culled when necessary, and have no doubt dear reader, you are living through a culling of the herd right now, today.



"Digital technology can be embedded in organisms, and biological components can exist as parts of digital technologies. The physical meshing, manipulating, and merging of the biological and digital are creating new hybrid forms of life and technology, each functioning in the tangible world, often with heightened capabilities. Robots with biological brains and biological bodies with digital brains already exist, as do human-computer and brain-machine interfaces. The medical use of digital devices in humans, as well as digitally manipulated insects such as drone dragonflies and surveillance locusts, are examples of digital technology being combined with biological entities. By tapping into the nervous system and manipulating neurons, tech can be added to an organism to alter its function and purpose. New human bodies and new senses of identity could arise as the convergence continues. Gene sequencing combined with artificial intelligence (AI) leads to understanding genetic expression, which is then used to alter existing organisms to create organic compounds in new ways or even entirely synthetic organisms. There is also a blurring between what is considered natural or organic and what is digital, engineered, or synthetic. For example, biosynthetic vanilla is created using ferulic acid, eugenol, and glucose as substrates, and bacteria, fungi, and yeasts as microbial production hosts. Although it does not come from a vanilla plant, under both U.S. and EU food legislation, its production from "microbial transformations of natural precursors" allows it to be labelled as a "natural flavoring". As we continue to better understand and control the mechanisms that underlie biology, we could see a shift away from vitalism – the idea that living and nonliving organisms are fundamentally different because they are thought to be governed by different principles."

It is becoming more evident that the future these globalist's have planned for all of humanity is to make us all half animal—half machine, a machinimal. We are right now in the testing phase; we the people of the world are their lab rats. Once the formula is perfected, once the die-off is complete for those with a genetic predisposition to reject the digital convergence and all that remains is the hybrids, then the globalists will use the technology for themselves to obtain godhood. What is considered natural and organic will be changed to include man-created hybrids. "This biodigital convergence may transform the way we understand ourselves and cause us to redefine what we consider human or natural". The document goes on to tell a story of the future where everything a person does is decided by A.I. that receives data from nanobots that are part of your body. The plan for all of us is to be connected to the internet and they are not hiding their intentions, our free will is to be gone, the A.I. is our will, a new image that man creates to mimic the image God created of Himself. Two text boxes in the later gives us further insight into the total surveillance and loss of freedom that can be expected in the world being created for our children.

"Food customized to your unique digestive system: One of the fastest-growing companies in the food sector uses microbiome analysis to create personalized and dynamic nutrition plans. By designing food precisely for your body – and the trillions of non-human organisms that make up part of your microbiome – MyBestBiome promises that you will have more energy and will feel better. Furthermore, 90% of the animal protein is sustainably sourced from specially engineered insects. The catch? You have to grant the company access and data rights to your entire biome

to receive the product and its purported health benefits. Inspired by: "Food Design To Feed the Human Gut Microbiota""

"Neurotech nightmare: A leading Canadian supermarket is having a bad year. It's been embroiled in a scandal over several features of its loyalty program. The "Your Choice" program offers special discounts and preemptive ordering if you allow it full access to your "digital twin" – essentially giving it full access to your life and activity. A leaked internal report suggests that this data is being used in conjunction with intrusive neuro-technologies to encourage members to consume more. At the center of the scandal is the fact that the supermarket is essentially selling access to the minds of "Your Choice" members, outsourcing targeted consumer manipulation on a massive scale. Inspired by: "Towards new human rights in the age of neuroscience and neurotechnology"" Would not a 'digital twin' also be a form of the image of the beast? You will see this "digital twin" repeated in all aspects of future life as an explanation of how the NWO system is moving forward. A digital 'strawman'.

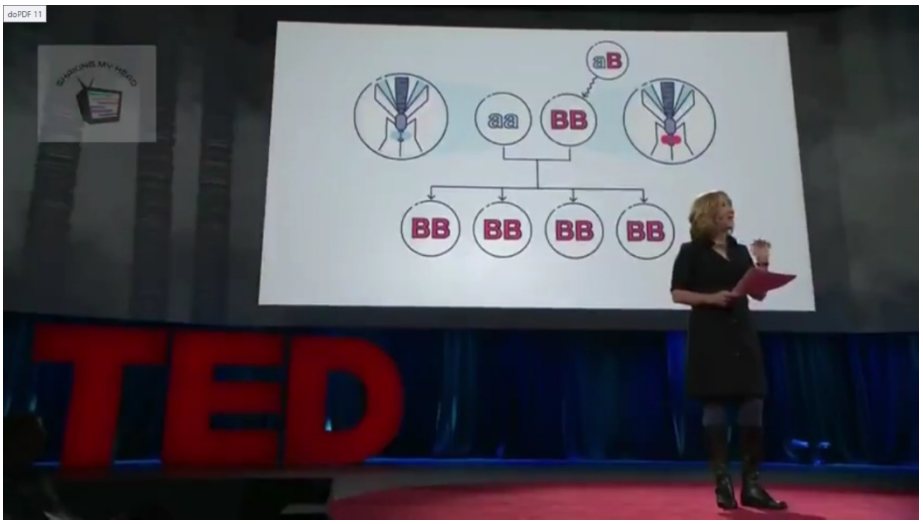
Besides the obvious NeuraLink and N1 chip and Neural Lace being created and put into place by billionaire Elon Musk, there are many brain interfaces being created all over the world. Some interfaces in use today are deep brain stimulation, DBS, used for people suffering from Parkinson's and other neurological diseases, and BCI, brain computer interface, used for people suffering immobilization so they can move their hands or fly quadcopters. Neurable also created the world's first brain controlled virtual reality game and MindX is developing tools for users to interact with computer-glasses using their brains. Just recently the US military through IARPA, Intelligence Advanced Research Projects Activity, launched the Apollo Project of the Brain. "The goal is to enhance artificial neural networks so they get better at pattern recognition in cluttered environments and generalization." This is interesting to note because the angel over the bottomless pit is named Apollyon, or Apollo. This technology is already in the hands of the military, and has been for years, but now it is being released to discover commercial uses for such technology. The military has done this for decades and the best example is photons being used for communications. In 1999 an article was published in the newspaper about a western university that was embarking on a new technology, using photons to send data over long distances as a way to send encrypted messages that could not be hacked. I unfortunately do not remember the college or publication at this time, but it stuck with me over time because a few years later at the CIA museum in Washington DC I saw a machine dated 1980 that used photons to send encrypted messages over long distances. We are already far down the road of the loss of our country and freedoms. The Rio Times has an article from January 17, 2022 titled "Knowledge transfer from brain-to-brain and remote control of the human body and mind is already reality". It is the declassified video of a speech given by Dr. Charles Morgan to cadets and faculty at West Point in 2018.

Rio Times gives some bullet points from the speech:

- A milestone about a technology that allows information to be transferred from one brain to another: an animal learns something, records that activity, and stores it in the sensory cortex of another animal, and this other animal can suddenly do something it never did before. (Keep in mind that God already did this when He created life, it's called natural instinct)
- DARPA has received approval for 500 operations to implant deep brain electrodes capable of human-to-human thought transfer.
- This brain-to-brain transfer of sensory information (knowledge) between humans was published in 2018 and the success rate of the experiments was reported to be 85%.
- The most recent brain-to-brain communication was not by surgery, but by wearing a cap and stimulating the retina with signals that the brain can decode and which led to the transfer of knowledge.
- You can connect a human brain to a device that can then "take over" any part of another person's body, even if that person is thousands of miles away. For example, a person in the U.S. uses this technology to take over the hands of another person in Japan, and those hands then no longer do what that Japanese person's brain wants them to do, but what the U.S. person's brain wants them to do.

- There is a whole world out there involved in biohacking. Normally, universities are well regulated by federal laws on studying and experimenting with humans. However, there is a growing worldwide organized biohacking community that is not covered by these regulations and is attempting to attach hardware to humans as a commercial activity.
- For example, these biohacking teams are experimenting with administering chlorin e6 (CE6) to people's eyes to give them night vision so that these people can see for several hours over 160 feet in the dark.
- There is a new technology that can be used to give animals traits, talents or abilities that they don't naturally have or vice versa. For example, rats can be given a sixth sense.
- This technology also works in humans. New chemicals can enhance the ability of humans to experience psychic abilities. The military-industrial complex could easily convert this technology into the ability of certain military personnel to see heartbeats through a wall or the like.
- There are a number of scientific reports showing that it is possible to connect a human brain to a rat and thus control its motor movements and tail. With this technology, it would be possible to create "animal drones," like an army of rats or cockroaches controlled by a person in a cabin.
- Craig Venter's creation of synthetic life forms in cells, combined with Crispr gene-editing software, now makes a number of things instantly available. A single yeast cell can now be programmed to make anything: Perfume, petroleum, a drug, a designer medicine, or in warfare, a deadly poison that only works on one person, making it undetectable.
- This single cell can be inserted into the body through a hyper spray. No surgery is necessary.
- Designer receptors (DREADS) that can be controlled remotely. Science can create a designer receptor and a corresponding cell that can be placed somewhere in the body and activated remotely when the brain is exposed to the right signal.
- Using this DREADS technology, scientists have succeeded in transferring memories from one fruit fly to another by sending a signal through a light stimulus on the retina. In most animals, this is done by introducing a substance into the body that would activate the neuron in the desired way.
- For example, a designee cell can be placed in the hippocampus and when activated, certain memories can be erased.
- Between Crispr, storage capacity, and programming cells, the new way to hide information is going to be in DNA. DNA is said to be the best way of storing information. You can store digital files of all kinds in bacteria DNA.

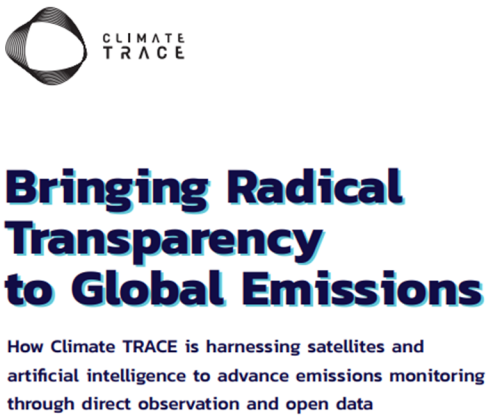
On Bitchute.com there is a video by Shaking My Head Productions, 'Invasion of the Body Snatchers'. It covers machine brain interfaces and also manipulation of gene drives. At the 58:20 minute mark Jennifer Kahn gives a TED Talk speech in 2016 where she describes creating a genetically modified mosquito that does not transmit malaria. While doing this the scientist's discovered that by altering the DNA of the mosquitos in a certain way it made all successive generations genetically modified. This means that by using gene drives the globalist's only have to modify us once and then from that time forward all generations will be a GMO. Let that sink in. They already have this technology. She also admits at the 1:03:40 mark that up until now all gene editing of species has only led to problems that would be bred out of existence if it escaped; evolution? Don't miss this, this is huge, because we are told that small gene mutations have led to better species and that is why evolution works, but she just admitted that God already made the genes to be how they should be. Have you ever stopped to think why a 70 million year old mosquito or ant or spider in a piece of pine amber looks exactly the same as a mosquito or an ant or a spider today? Continue listening from that point forward because she goes on to describe how the gene drives can be used to



eliminate entire species through gene selection. [She says it would not work well in humans because of how long our generation cycles are, but what if the globalists manufactured an event where they forced the whole world to take a shot/vaccine?] So, if we are genetically modified to carry a specific gene, then an insect or animal could be released that carries a kill code for that specific gene we have and wipe out certain parts of the population. Now all of sudden Revelation 6:8, where the pale horse kills also with the beasts of the earth, begins to make more sense. Is it any wonder now why Bill Gates keeps practicing with editing mosquito genes and releasing them upon the people? Look up the grim reaper mosquito is from a Bill Gates promo ad from Mosquito Week. Did the Japanese stink bugs released in the mid 2000's to combat crop destroying aphids really come from Japan? [By the way, the stink bugs damage more crops than lady bugs.] Is the bee die-off really due to GMO crops as discovered by Beeologics before they were bought by Monsanto and their research disappeared? Is the crop of new ticks all over America GMO experiments? Lyme disease is so named because it was discovered in the town of Lyme and later traced back to a bio-lab on Plum Island. Weird creatures over the years were photographed washing ashore on the mainland across from the island on New England beaches. Lucky for us the level 4 bio-lab at Plum Island moved to Kansas in 2015! The world around us looks very different when you see/listen to what the globalist are playing with.

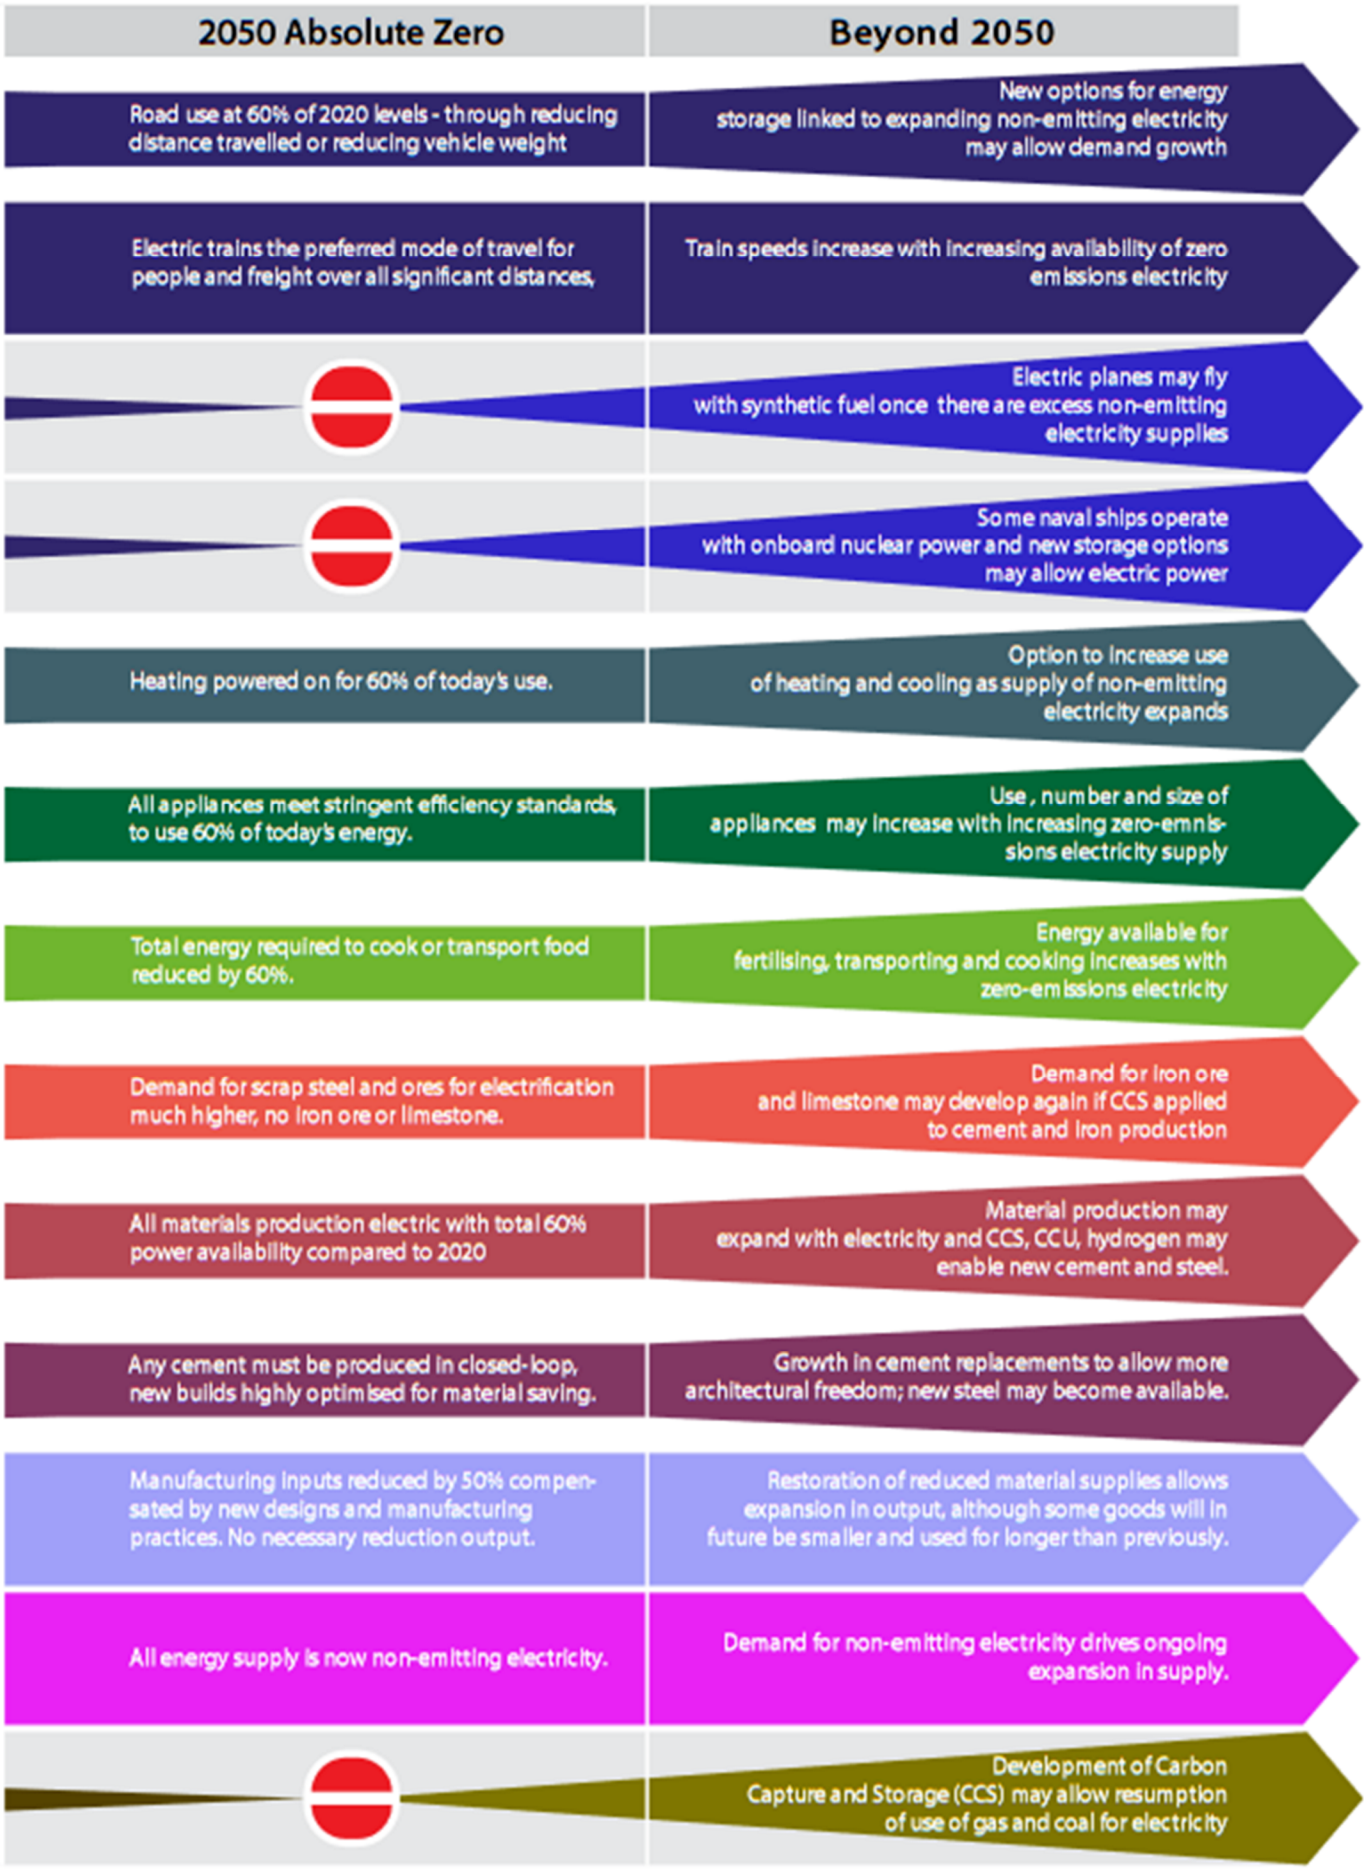
On the same Shaking My Head video at the 32-minute mark a woman is giving a presentation about Collective Swarm Intelligence and goes on to describe how the technology will be used in the future to release millions of insect-sized drones to gather intelligence for military or crop surveillance. They want perfect information awareness and this is being accomplished right now using blockchain, 5G and A.I. The World Economic Forum published "Investing In Forests" which describes how great it would be to plant a bunch of trees, and yet it is really about a future where everything is tracked and traced from GMO (genetically modified organism) plants and animals to geoengineered weather, land and sea. This is how they are going to implement a zero-carbon footprint. Everything you do will be monitored and checked to make sure your waste; body fluids, exhalations, trash; matches or zeroes with what you do to help the planet. It sounds fair to want to keep the Earth a nice place for everyone, but the globalists idea of accomplishing this is to track and trace everything you do every second of the day by altering your DNA and hooking your brain up to an A.I. computer, essentially taking away your free will and making you an automaton there to serve the collective, whether you want to or not. Another program being initiated is Climate Trace.

"Climate TRACE—a global coalition of NGOs, tech companies, and academia—was established to harness these advances in emissions monitoring, remote sensing, and AI / machine learning to bring radical transparency to global emissions. We use different types of satellite imagery collected by various space agencies and organizations from around the world—both public and commercial. We also collect historical and contemporaneous data from ground- and sea-based physical emissions sensors, government sources, corporate disclosure forms, Satellite Automatic Identification System (S-AIS) maritime vessel locations, and other sources. Next, the AI and machine learning algorithms go to work. They 'train' on all that data—59 trillion bytes and counting—to reliably and accurately spot indicators of human-caused GHG, green house gas, emissions from an ongoing stream of satellite imagery. Applied over time and around the world across all major GHG-emitting sectors of the economy, Climate TRACE's approach gives all stakeholders unprecedented new insight into where assets are located, when emissions causing activities are happening, and how much emissions result from those activities."



CLIMATE TRACE
1 NOVEMBER 2021
Bringing Radical Transparency to Global Emissions
How Climate TRACE is harnessing satellites and artificial intelligence to advance emissions monitoring through direct observation and open data

	2020-2029	2030-2049
Road vehicles	Development of petrol/diesel engines ends; Any new vehicle introduced from now on must be compatible with Absolute Zero	All new vehicles electric, average size of cars reduces to ~1000kg.
Rail	Growth in domenstic and international rail as substitute for flights and low-occupancy car travel	Further growth with expanded network and all electric trains; rail becomes dominant mode for freight as shipping declines
Flying	All airports except Heathrow, Glasgow and Belfast close with transfers by rail	All remaining airports close
Shipping	There are currently no freight ships operating without emissions, so shipping must contract	All shipping declines to zero.
Heating	Electric heat pumps replace gas boilers. and building retrofits (air tightness, insulation and external shading) expand rapidly	Programme to provide all interior heat with heat pumps and energy retroifts for all buildings
Appliances	Gas cookers phased out rapidly in favour of electric hobs and ovens. Fridges, freezers and washing machines become smaller.	Electrification of all appliances and reduction in size to cut power requirement.
Food	National consumption of beef and lamb drops by 50%, along with reduction in frozen ready meals and air-freighted food imports	Beef and lamb phased out, along with all imports not transported by train; fertiliser use greatly reduced
Mining material sourcing	Reduced demand for iron ore and limestone as blast furnace iron and cement reduces. Increased demand for materials for electrification	Iron ore and Limestone phased out while metal scrap supply chain expands greatly and develops with very high precision sorting
Materials production	Steel recycling grows while cement and blast furnace iron reduce; some plastics with process emissions reduce.	Cement and new steel phased out along with emitting plastics . Steel recycling grows. Aluminium, paper reduced with energy supply.
Construction	Reduced cement supply compensated by improved material efficiency, new steel replaced by recycled steel	All conventional mortar and concrete phased out, all steel recycled. Focus on retrofit and adaption of existing buildings.
Manufacturing	Material efficiency becomes prominent as material supply contracts	Most goods made with 50% as much material, many now used for twice as long
Electricity	Wind and solar supplies grow as rapidly as possible, with associated storage and distribution. Rapid expansion in electrificiation of end-uses.	Four-fold increase in renewable generation from 2020, all non-electrical motors and heaters phased out.
Fossil fuels	Rapid reduction in supply and use of all fossil fuels, except for oil for plastic production	Fossil fuels completed phased out



2050 Absolute Zero
Beyond 2050
Road use at 60% of 2020 levels - through reducing distance travelled or reducing vehicle weight
New options for energy storage linked to expanding non-emitting electricity may allow demand growth
Electric trains the preferred mode of travel for people and freight over all significant distances.
Train speeds increase with increasing availability of zero emissions electricity
Electric planes may fly with synthetic fuel once there are excess non-emitting electricity supplies
Some naval ships operate with onboard nuclear power and new storage options may allow electric power
Heating powered on for 60% of today's use.
Option to increase use of heating and cooling as supply of non-emitting electricity expands
All appliances meet stringent efficiency standards, to use 60% of today's energy.
Use , number and size of appliances may increase with increasing zero-emnis-sions electricity supply
Total energy required to cook or transport food reduced by 60%.
Energy available for fertilising, transporting and cooking increases with zero-emissions electricity
Demand for scrap steel and ores for electrification much higher, no iron ore or limestone.
Demand for iron ore and limestone may develop again if CCS applied to cement and iron production
All materials production electric with total 60% power availability compared to 2020
Material production may expand with electricity and CCS, CCU, hydrogen may enable new cement and steel.
Any cement must be produced in closed-loop, new builds highly optimised for material saving.
Growth in cement replacements to allow more architectural freedom; new steel may become available.
Manufacturing inputs reduced by 50% compen-sated by new designs and manufacturing practices. No necessary reduction output.
Restoration of reduced material supplies allows expansion in output, although some goods will in future be smaller and used for longer than previously.
All energy supply is now non-emitting electricity.
Demand for non-emitting electricity drives ongoing expansion in supply.
Development of Carbon Capture and Storage (CCS) may allow resumption of use of gas and coal for electricity

"Absolute Zero" by UK FIRES has an aim to support a 20% cut in emissions by 2050, but a quick read shows that their real aim is diabolical. The basic aim of this document shows that the globalists want to get rid of shipping and use of fossil fuels and flying altogether. We will basically do everything by train until better electric options become available. It is best summed up in a graphic from pages 6 and 7 shown above. Look at the cuts to everything we use to make our lives better, driving, dishwashers, washing machines, microwaves, mining, manufacturing, and on and on. They want to cut the people's use of everything by 2050 and then miraculously come up with better electric options in some fantasy year beyond 2050. Here is the biggest problem with these globalists and the Klaus Schwab types, they want all this tracking and tracing and green energy in place now before there is the infrastructure in place to support such a wild dream. The Klaus Schwab's of the world are old and have been working on this their whole lives. They are soon dead and want so badly to see the New World Order in their lifetime that they are forcing it on the world without the world being ready to handle the change. That is why there is so much death and destruction happening the world over, the logistics for their utopia are false to begin with, but they don't care, they want it now. They have held thousands of table-top exercises and published thousands of documents showing their strategy, they have spent trillions of the people's dollars to put the plan into action, but they have gotten greedy; and now it is too late. They pulled the trigger and cannot back off now, but they failed to truly implement the logistics needed to move their New World Order into reality. It was Robert Hilliard Barrow that said, "Amateurs talk about strategy and tactics while professionals talk about logistics and sustainability." The globalists are not amateurs and they have thought out all four points, but they missed their own hubris; unless of course the aliens come down and save the day by giving us all the needed technology and infrastructure without delay. Another document, "Net Zero by 2050: A Roadmap for the Global Energy Sector". [As a side note, the original name of the Bill and Melinda Gates Foundation was Net Zero, but that doesn't sound good when talking about decreasing the population.] The document shows chart after chart of projections of what can be expected if the leaders of the world implement all the globalist's plans over the next 30 years without pushback. In order to do this, there will need to be a lot of chaos and death to scare people into changing, and to also not need as much new stuff moving forward. This may be easy since so many people will already be gone. It is basically the same thing repeated ad nauseum, it is a couple hundred pages of charts showing how horrible humans are, and with their current trajectory the people of the earth must sacrifice all their freedoms and spend all their money on carbon taxes to save the world. I included it just to hammer the point home that we are living in the time frame of all the published documents and revealed plans of the global elite. They want to alter everything on earth and track it, from dirt to bugs to animals to humans to weather to those things unseen. There is even a graphic on page 213 that shows the world map split into the 7 mountains, the 7 kingdoms, North America, Central & South America, Europe, Africa, Middle East, Eurasia, Asia Pacific. The globalists apparently bowed to Lucifer and have acquired the 7 kingdoms for the 10 kings that give their power over to the beast to rule with him for one hour. The Bible promises them a war with Jesus in the flesh and they want it. They accelerate toward the opportunity to defeat Him with their technological marvels, just as they tried to do at the Tower of Babel. They believe they can win, that they have become so advanced that the words of a 2000-year-old book are meaningless against their superior knowledge. But just as scientists and doctors and engineers today miss the most glaringly obvious fact that they have created nothing, just merely discovered that which already exists, so too do these Luciferians miss the point that God created the light, the light did not create God.

FORCING A NARRATIVE

By now it is clearly obvious that there is a global conspiracy to force a change on the world that the world does not want, whether human, animal, insect, or otherwise. It is interesting to see the same patterns emerge as so many times in history. It appears that there is a blueprint, a rough outline, that exists that is followed throughout the ages, and we see it again playing out before our very eyes. Just a look at Revelation alone appears that the powers that be are following the Bible as a script or that there really is something to a book written over 2000 years ago. For all of you that doubt the veracity of the Bible, I want you to do one thing. You believe that we are so much smarter than the people of 2000 years ago, that we are by far more intelligent with our knowledge of the universe and our technologies. I want you to sit down with all your knowledge and intelligence and I want you to let the sky be the limit while you imagine what the world will be like in 2000 years. I want you to write it down so you can see how fantastic it is that such a great work exists. But there is one catch, you have to be 100% accurate in your depiction of what will be happening in the world 2000 years from now, and, I want you to be 100% confident that what you wrote is infallible. It is wild to think that without divine intervention we as a human would ever be able to produce such a work. There have been countless prophecies over the years about the last days that have gone without even a

whimper. Even the Christians of 1000 ARSH thought Jesus would return in their day, for their calendar said it was the year 6000 ARSH. Caesar's have been called the Antichrist, even Hitler was called the Antichrist due to his death and destruction wrought across Europe and Africa, with the human race mingling man and machine, but the time was not yet. There is one thing that God tells us must happen before Jesus returns, there are many signs so that we may know the season, but He tells us in Revelation 6:9-11 "And when he had opened the fifth seal, I saw under the altar the souls of them that were slain for the word of God, and for the testimony which they held: **10** And they cried with a loud voice, saying, How long, O Lord, holy and true, dost thou not judge and avenge our blood on them that dwell on the earth? **11** And white robes were given unto every one of them; and it was said unto them, that they should rest yet for a little season, until their fellow servants also and their brethren, that should be killed as they were, should be fulfilled." That is why no man knows the day or hour, there is no possible way we can know the total number that were killed over the years as they were, but it does bear out that there must be a huge slaughter of Christians in the last days for that number to be fulfilled. That is also why all the communist takeovers of that past 100 years have seen the mass murder of hundreds of millions of Christians, and why each of these moments in time appears to be the last days. The Luciferians are following the script of the Bible hoping to force that day when they have their chance to war with Jesus in the flesh.

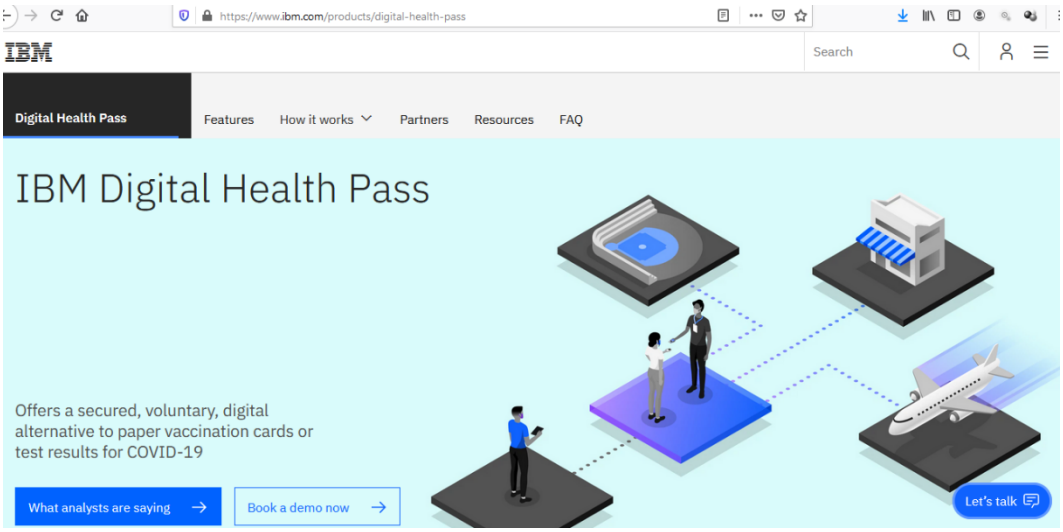
This same outline of events is being followed again. Some examples are Revelation 2:10, "Fear none of those things which thou shalt suffer: behold, the devil shall cast some of you into prison, that ye may be tried; and ye shall have tribulation ten days: be thou faithful unto death, and I will give thee a crown of life." This echoes today with people being quarantined for 10 days if they tested positive for Covid-19. The scorpions that torment man for 5 months have the face of a man, because the evils of man have literally come full-circle to bite them in the ass. It is God's way to show that they created their own torments, that it is by their own wicked machinations that they are being destroyed. Revelation 9:3-6 "And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power. **4** And it was commanded them that they should not hurt the grass of the earth, neither any green thing, neither any tree; but only those men which have not the seal of God in their foreheads. **5** And to them it was given that they should not kill them, but that they should be tormented five months: and their torment was as the torment of a scorpion, when he striketh a man. **6** And in those days shall men seek death, and shall not find it; and shall desire to die, and death shall flee from them." This echoes today with evil pharma companies and greedy doctors wanting to force booster shots on people every 5 months. The 6th verse speaks of those who seek death, and this is spoken of also in Proverbs 21:6 "The getting of treasures by a lying tongue is a vanity tossed to and fro of them that seek death." So we can see that those who seek death are all around us, but what is different is that those of Revelation are literally seeking to die and cannot. The published documents of the globalists show that this is truly a possibility in the near future where they implant their brain maps into robots and biological clones that are genetically engineered to be immortal. It also makes sense that God would destroy the earth by fire to melt the iron mixed with clay. Revelation 20:9 "And they went up on the breadth of the earth, and compassed the camp of the saints about, and the beloved city: and fire came down from God out of heaven, and devoured them." Also 2 Peter 3:7,10 "But the heavens and the earth, which are now, by the same word are kept in store, reserved unto fire against the day of judgment and perdition of ungodly men. **10** But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up." There is a video floating around showing an immortal cell line contained in the Pfizer Covid-19 vaccine, I cannot prove that, but even if it is true it only further proves why the Word says what it does about fire being needed in the last days to cleanse the earth. There will be another prophecy given by John during the millennial reign and this is shown in Daniel 12:4 "But thou, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased." This book was later opened for John and that is how we have Revelation, but John is also told to shut up a future prophecy that he, John, is to give during the millennial reign, Revelation 10:11 "And he said unto me, Thou must prophesy again before many peoples, and nations, and tongues, and kings." This proves that we are to live again during the millennial reign otherwise John would not be there to prophecy again. Do what you can now to keep your name in the book of life and warn others to do the same.

Even Trumps presidency bears hallmarks of the sun darkening and the moon not giving its light. There was a total solar eclipse in August 2017, 3.5 years later Trump signed the Abraham Peace Accord and the Warp Speed, Triquetra, initiative that people call the mark of the beast because we were told we could not buy or sell without it.

And 3.5 years after that in 2024 is another total solar eclipse over America. The next total solar eclipse over America does not occur until August 2045 with an annular eclipse June 2048, and there shall be signs in the sun, moon and stars. The Abraham Accord Coin shows a single link from the man at the hilt to the technology of vaccines, cell towers disguised as trees, space exploration, to a dove flying toward Saturn at its tip, a double aspect god of past and future. The coin also includes an inscription from Jeremiah 14:13 that is actually a curse showing that the peace is a false peace. From Jeremiah 14:11-15, "Then said the LORD unto me, Pray not for this people for their good. **12** When they fast, I will not hear their cry; and when they offer burnt offering and an oblation, I will not accept them: but I will consume them by the sword, and by the famine, and by the pestilence. **13** Then said I, Ah, Lord GOD! behold, the prophets say unto them, Ye shall not see the sword, neither shall ye have famine; but I will give you assured peace in this place. **14** Then the LORD said unto me, The prophets prophesy lies in my name: I sent them not, neither have I commanded them, neither spake unto them: they prophesy unto you a false vision and divination, and a thing of nought, and the deceit of their heart. **15** Therefore thus saith the LORD concerning the prophets that prophesy in my name, and I sent them not, yet they say, Sword and famine shall not be in this land; By sword and famine shall those prophets be consumed." It is quite fitting because in these very verses is also mention of destruction by sword, famine and pestilence just as the destruction by the 4 horsemen of the apocalypse are said to mete out. Most preachers today do not preach end times prophecy because they whine it is too doom-and-gloom, they are the very prophets being warned about in this scripture.

Right now, we are either living in the opening of the seals of Revelation or we are living in a forced narrative that appears like we are living at the start of the apocalypse. Covid-19 could easily be the rider on the white horse going forth conquering and to conquer. Some call the rider on the white horse of the first seal Trump due to his presidency signifying the beginning of America's judgement. This would make the war in Ukraine the second seal, the red horse of war. The Bible does not say how long each horse rides or if they continue riding together once released, but the Bible does not say that they stop riding once they start. Whether or not the war in Ukraine is the red horse, both lead to the same outcome, starvation. As mentioned previously in this paper, part of the plan is to disrupt and end shipping and cause a food shortage. That is what is really going on and what our future holds unless we stop them. The fourth horse is the pale horse. The first 3 horses have definitive colors showing that they are easily identifiable, but the pale horse is only slightly green, showing that the goal of the globalists after war and starvation is to implement their green agenda. This is wild because the globalists are either following the recipe of the Bible or the Bible warned us about these days specifically. The pale horse does have a body count associated with it and it is 25% of the world's population, but he kills with the things of the other horses. This means that the next decade may see the death of 2 billion people. Revelation 6:2-8 "And I saw, and behold a white horse: and he that sat on him had a bow; and a crown was given unto him: and he went forth conquering, and to conquer. **3** And when he had opened the second seal, I heard the second beast say, Come and see. **4** And there went out another horse that was red: and power was given to him that sat thereon to take peace from the earth, and that they should kill one another: and there was given unto him a great sword. **5** And when he had opened the third seal, I heard the third beast say, Come and see. And I beheld, and lo a black horse; and he that sat on him had a pair of balances in his hand. **6** And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine. **7** And when he had opened the fourth seal, I heard the voice of the fourth beast say, Come and see. **8** And I looked, and behold a pale horse: and his name that sat on him was Death, and Hell followed with him. And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth." We may very well be living in this time right now or we may be living in another moment in history where the elite of the world are trying to push us into the narrative of the last days. Let's look back in history to the last time this happened.

After WWI The League of Nations was founded so that no world war would ever happen again. It was not yet time for such a global order and it failed. The United Nations was founded after WWII and stuck, giving rise to everything we are seeing today. The same people and corporations are popping up again, it is like the rise of Nazi Germany all over again. A cursory overview is needed. The National Socialist German Workers' Party [or Nazi for short] Leader Hitler and the brownshirts rose to power much the same as did Biden with the BLM/Antifa shirts. Hitler had the Reichstag fire as Biden had the Capitol protest. Both blamed their political opposition of what they were guilty of to further their own agenda. Hitler blamed the communists while himself being a communist. Biden blamed the corrupt right while himself being the most corrupt of all. The last time IBM was used to track and trace was the enemies of the Nazis, and now IBM once again is being used to track and trace the enemies of the New World Order, that would be you. And what was the outcome last time IBM helped a dictator track its population…murder, rape and a holocaust. We are well on our way to that happening again. Other Western countries such as Canada and Australia and the UK have already openly prepared huge concentration camps that we are told is for a sickness that has a 0.03% fatality rate. Sure. Exodus 20:5, "Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me." When the soldiers of WW2 marched across Europe raping and murdering women and children it should be no wonder that their children were slaughtered in camps in Russia, and in America and the UK their children were made whores during the social upheaval and anti-war protest cultural, the sexual revolution so called. The millennial generation is that 4th generation and at the same time we have the 4th Turning and the 4th Industrial Revolution and the 4th beast of Daniel all merging at this point in history. Also see VCI.org, verifiable clinical information, using the SMART Health Card framework, found at smarthealth.cards. Just like passports were slowly rolled out 100 years ago with SSN's, the globalists are slowly rolling out vaccine passports to travel between countries. Soon the digital passports will be like social security cards and driver's licenses, unless you stop this nonsense now. It is being sold to us as a better way for us to have access to our health data so we can use it for better treatment options, but don't the doctors already have that information about us. It is all a lie. It is to tag us like cattle. Plus, with everything that just happened with the CV19 lie, people are not going to trust doctors like they used to, but this is where our healthcare system is headed. In a few decades you won't be able to get medical treatment without having nanobots in your body because the medicines and the machines will all be geared toward that, even the schooling doctors receive. Test it. Talk to your doctor today and ask them about herbal medicine and how it might react with a medication they prescribe you; they won't have an answer. Below a small list of VCI companies from their webpage.



GOOD HEALTH PASS

The Good Health Pass Collaborative

An open, inclusive, cross-sector initiative, bringing together leading companies and organizations from the technology, health, and travel sectors

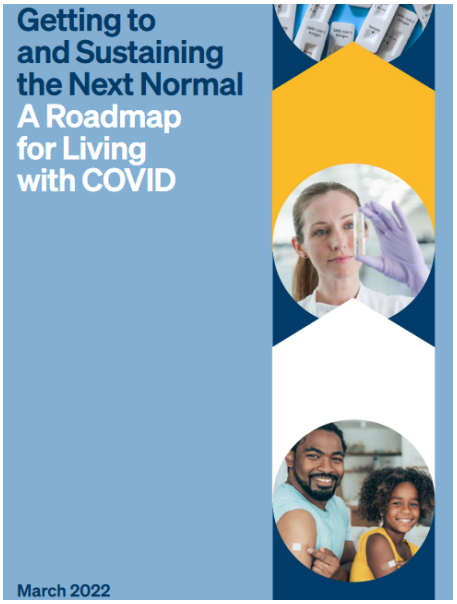
"Allowing international travel to resume safely means we must take all possible steps to limit the spread of new COVID–19 variants. We urgently require an internationally-recognised system of health passes enabling travellers to quickly and easily prove their health status, in a secure and privacy-preserving way. The Good Health Pass Collaborative is doing vital work to develop the standards necessary to support this. Political leaders should now get behind this. The G20 group of nations should commit to establish a network of globally interoperable health passes, and set up the working groups needed to deliver it."

Tony Blair
Executive Chairman, Tony Blair Institute for Global Change, Former UK Prime Minister

So, while the mark in the US has its beginnings in the SMART Health Card the UK is also rolling out its version called the Good Health Pass with some of the same players like IBM and Salesforce. goodhealthpass.org

Working groups are being set up all over the world to implement this new digital ID system being ushered in under the guise of a necessity for travel. Stop travelling people, for the love of God endure some hardships before you become a slave. These people are not stopping. The Ukraine psyop is a distraction while the real data about the vaccines killing everyone is exposed and while they are quietly setting up for the food crisis that will be used to starve you into submission. Stop going along to get along. What will coincide with a food crisis is a financial crisis. The answer to both of these will be more digital surveillance of everything from food to shipping to you and also a need for a digital currency that will allow carbon taxes so your enslavement costs you more. This is evidenced in the continued work on the Global ID 2020 initiative and a rushed Rockefeller document, "National Covid-19 Testing Action Plan: Pragmatic steps to reopen our workplaces and our communities". "Those screened must be given a unique patient identification number that would link to information about a patient's viral, antibody and eventually vaccine status under a system that could easily handshake with other systems to speed the return of normal societal functions. Schools could link this to attendance lists, large office buildings to employee ID cards, TSA to passenger lists and concert and sports venues to ticket purchasers. Such connections should be made in a way that protects personally-identifying information whenever possible. Analytics across myriad platforms must be operationalized so that population-level health information can be used to identify at-risk populations, perform contact tracing, facilitate decision support, and evaluate interventions for effectiveness."

In furtherance of the mark MIT is working on The Hamilton Project. "In light of continued innovation in money and payments, many central banks are exploring the creation of a central bank digital currency (CBDC), a new form of central bank money which supplements existing central bank reserve account balances and physical currency." This will most likely be instituted through a debt forgiveness policy that will enslave you. Do not fall it, especially the lie of helicopter money through UBI.



The newest publication from The Rockefeller Foundation is a dystopian nightmare specifically for America, under the guise of using the health care industry to force us into constant vaccines, constant surveillance and constant authoritarian control. Notice the date of March 2022, or 3/22 or 3x2=6 gives 666. One of the most damning quotes is a text box on page 23, "Parents and employees are unlikely to forget that good airflow is essential for keeping everyone healthy and safe." Wow! Because the mask Nazi's forced themselves on everyone for 2 years and Fraudci is talking about Covid-21, or scariant BA.2, needing another mask mandate. People, they may lock you down again to steal another election, but they are definitely going to lock you down after mid-terms to cause pain. Until you are a slave, Covid will continue. "In 2022, it is possible for a new variant of concern to emerge. But greater population immunity increases the probability of a lower disease burden, lower strain on the health system, and fewer deaths, if waning immunity or immune evasion do not become significant factors." (They already told us waning immunity is why boosters are needed.) "The United States' pandemic phase—with restrictive public health measures—can end when average daily deaths due to Covid and other major respiratory illnesses decline below 0.5 per 1 million Americans, or 165 deaths a day at a national level. At that point, the United States can transition into the next normal." They are saying that all respiratory illnesses must be below 165 deaths a day, not just covid, proving this is not about covid, it is about trampling your freedom and using invented medical numbers to do it. Roughly 48,000 people die in the US a year just due to pneumonia, not including other respiratory illnesses. 165 deaths a day equates to 60,000 deaths a year which means that the US will never reach the Next Normal, this is clearly a set-up. 60,000 deaths a year is the average flu deaths a year, and when they are calling everything covid it should be clear by now that this is not ending until you are a serf. Tim Truth on Bitchute just put out an excellent video that more than proves this point. It is worth your time and worth spreading far and wide and is titled, "New World Order + New Normal Compilation ft. Genocidal Undertones".

Given that the Rockefeller Foundation 12 years ago published "Scenarios for the Future of Technology and International Development", and we are witnessing in real time this play out before us, it would behoove you to give this document a read. Pg 19, "The next normal with Covid can be an improvement over life before the virus emerged. There is likely to be a better work-life balance with more teleworking and less commuting, a reimagining of the education system, a platform for rapid development of highly effective vaccines and therapeutics, better indoor air quality, fewer respiratory infections of all kinds, and more effective surveillance to anticipate and respond to new viral threats." Pg 21, But, after the Covid pandemic, this American predilection for moving on would be a mistake. Covid is not going to be the last pandemic, biosecurity threat, or public health emergency. Ensuring that the country is prepared the next time requires remembrance and concerted work. This report lays out a Roadmap for 2022 to rapidly get the United States to the next normal and to begin building the infrastructure and systems the country needs to reduce both the risk of another pandemic and the consequences if one occurs." Pg 33, is the first page to show someone getting poisoned with a death jab. "New tools such as secure, real-time data platforms and better surveillance would improve messaging and offer reassurance rather than alarm." Again, not really about health, just propaganda to get the sheeple to herd into their pre-packaged enslavement. Chapter 8 discusses Long Coved which is now clearly due to vaccine damage and opportunistic illnesses taking advantage of peoples weakened immune systems. This shows clear intent to never admit fault of vaccine injury and to begin creating new disease categories to cover-up vaccine induced illnesses. The vaccines have permanently damaged tens of millions of Americans and is now being called 'long covid'. They are killing us and lying about proper medical treatment. Are you ready to fight yet America? These people are literally killing your loved ones and just published that they are going to use your sickness that they caused as an excuse to tag and track you like cattle. Pg 92, "Ultimately, the federal government must strive to build and operate a secure, standardized, and real-time national data platform for SARS-CoV-2 and other health threats." Remember, you are now a threat because you get sick, just like a terrorist with a bomb is a threat to the safety of society. Everyone is now a walking time-bomb that can kill random innocent people if they are not vaccinated and digitally monitored. This is the messaging blaring at us 24/7. I really hope you make that connection and fully appreciate what that means. This is a map of your future if you don't fight back.

Some easy things we could all do right now would be for everyone to cut their cable except for internet. Most people have smart TV's and would get free channels anyway. You can mirror your phone to your TV and watch whatever you want also. So cut it, start starving them. Next, you could keep your regular phone strictly for family and work, for now, but go to Wal-Mart and get a burner phone. When you get the burner phone everyone needs to use a fake name like Tyrone Gill or Jennifer Styles. Before you leave Wal-Mart turn off all the location settings and blue-tooth and wifi and turn off all the apps and delete/disable any extra apps like health, etc. except for ones that keep the phone running. Also, when you get your first burner phone stay at Wal-Mart and download apps like Proton Mail, Zoho Mail, Tutanota Mail, CCleaner, Proton VPN, Nord VPN, Binance (not US), Metamask, Bittrex, Brave Browser, Onion Browser, Orbot, and Zadarma. Use Zadarma to mirror your phone to a foreign number so you can set up a Binance account through the Cayman Islands and get a tax-free crypto exchange. Then research the plethora of videos online on how to de-Google your burner phone. This way if you mess up it is just a cheap $40 smart phone and east to replace to try again. Also research how to set up Linux and Wonix and Tails on the phone to start using the normal web, or dark web. To get used to the normal web start with the "Daniel" list of sites and read the how-to's to set up your phone/computer. Go on Ebay and get a cheap laptop with everything installed and a HHD for a hard drive, not a SSD. Find dark websites that have moderators as you are less likely to get scammed. Use that phone only for looking up things online and contacting friends who also have a burner phone, no purchases without using Vanilla cards or the like. Buy refill cards from different stores/cities. Create a market where people can exchange them and also every month or so people can switch phones with a stranger after deleting contacts. This would confuse all the A.I. systems and algorithms. It creates millions of Tyrone's and Jennifer's all over the country that seem to know everyone all at the same time. Also, set up a Raspberry Pi network so you can broadcast computer data 1-60 miles and still talk to all your and friends if they shut the internet off. Two great Point to Point bridges to get started are Ubiquiti and Mimosa. Cyber Polygon won't mean anything to anyone if you have a couple of solar panels/generators and your own communication/data network. You can do all this right now in a month for about $800 to $3000, and if you think you don't have the time or money, you do. Stop watching grown men play kids sports, stop liking what your friend ate for dinner, stop buying the latest fashions, stop buying decorations that become storage fodder, stop getting drunk and high, and get to work! If you are willing to endure a small hardship now you will create for yourself piece-of-mind along with those around you, all the while realizing you don't need what the propaganda tells you that you need. If you want a way to start fighting back without bullets, this is where you start. You will be throwing a monkey-wrench into their operations and automatically preparing yourself for the battle to come. The greatest thing of all is that you won't be sitting around wondering what to do, now you have a plan, and others will see that and be thankful for your leadership in a rudderless world.

The time has come to endure hardship because you are standing up for freedom rather than enduring hardship because you believe that if you keep your head down long enough it will all go away. It's not going away. The globalists have made it clear that they are now moving forward with your enslavement. The globalists are right now setting up the crisis, the excuse, the propaganda, that they are going to use to starve your family and steal their pursuit of happiness. Just like they said they would do in the above documents about the coming food crisis they envisioned happening between 2022 and 2024, "Food Chain Reaction". You will endure hardship no matter what you do, so you might as well fight back, because that option at least gives you a chance to make your perils worth it when you dash the globalists to pieces. There are many out there who claim to not be able to do anything because they have family to look after, but they are ones that have the most to lose and the greatest reason to step forward and be counted. Childless people have only to keep their head down and skate through this until they pass, they have not a concern for the world after because they have no progeny to inherit any type of world that remains. Look at all the tyrannical leaders around the world with no conscience, they have no kids. And what are you sticking around to protect? What are you slaving away for? What good is your last will and testament? You have been told that 'you will own nothing and be happy'. Who are you leaving your wealth to when the globalist's have told you that they are going to take everything away from you? You have nothing else to lose at this point. It is the parents who claim to do nothing because they are teaching their children to survive, or are somehow sticking around to protect their family, that persist in a cowardly lie. If you are not willing to lay your life down now that your family may live free, then how in the hell are you going to be protecting them when they are getting forcefully injected with poison, and their money and their job and their life is stolen from them in the name of global harmony? You are better off dying fighting for their freedom than sitting next to them while they are shackled and chained under the boot of their new masters. Wake up already! We all die anyway, make it mean something.

3.1.1. General Overview

It is estimated that approximately (b) (4) doses of BNT162b2 were shipped worldwide from the receipt of the first temporary authorisation for emergency supply on 01 December 2020 through 28 February 2021.

Cumulatively, through 28 February 2021, there was a total of 42,086 case reports (25,379 medically confirmed and 16,707 non-medically confirmed) containing 158,893 events. Most cases (34,762) were received from United States (13,739), United Kingdom (13,404) Italy (2,578), Germany (1913), France (1506), Portugal (866) and Spain (756); the remaining 7,324 were distributed among 56 other countries.

FDA-CBER-2021-5683-0000059

FAUCI'S LAST STAND

The Pfizer phase 3 document shows there was a total of 43538 people enrolled in the trial. Of those, 42,086 reported adverse reactions. Only 21,999 were in the vaccine group, the rest were in the placebo group, however, Pfizer vaccinated the placebo group at the end of the trial in December, but still monitored people up until the end of February, so it has to be assumed that all participants are vaccinated since Pfizer did not differentiate between the two in this document. Pfizer purposely got rid of the control group. So, 42,086/43538x100=96.7%. Therefore, 97% of the vaccinated reported problems. Table 1 shows deaths at 1223. 1223/43538x100=2.8%. The vaccine killed roughly 3% that took it, assuming 100% vaccination. Even if we split the numbers in half the percentage would stay the same. The Covid-19 death rate was 0.03%. So, 2.8/0.03=93.6. Therefore, you are 94 times more likely to die from the shot than the disease.

Table 5. Important Potential Risk

Topic	Description
Important Potential Risk	**Post Authorization Cases Evaluation (cumulative to 28 Feb 2021) Total Number of Cases in the Reporting Period (N=42086)**
Vaccine-Associated Enhanced Disease (VAED), including Vaccine-Associated Enhanced Respiratory Disease (VAERD)	No post-authorized AE reports have been identified as cases of VAED/VAERD, therefore, there is no observed data at this time. An expected rate of VAED is difficult to establish so a meaningful observed/expected analysis cannot be conducted at this point based on available data. The feasibility of conducting such an analysis will be re-evaluated on an ongoing basis as data on the virus grows and the vaccine safety data continues to accrue. The search criteria utilised to identify potential cases of VAED for this report includes PTs indicating a lack of effect of the vaccine and PTs potentially indicative of severe or atypical COVID-19[a]. Since the first temporary authorization for emergency supply under Regulation 174 in the UK (01 December 2020) and through 28 February 2021, 138 cases [0.33% of the total PM dataset], reporting 317 potentially relevant events were retrieved: Country of incidence: UK (71), US (25), Germany (14), France, Italy, Mexico, Spain, (4 each), Denmark (3); the remaining 9 cases originated from 9 different countries; Cases Seriousness: 138; Seriousness criteria for the total 138 cases: Medically significant (71, of which 8 also serious for disability), Hospitalization required (non-fatal/non-life threatening) (16, of which 1 also serious for disability), Life threatening (13, of which 7 were also serious for hospitalization), Death (38). Gender: Females (73), Males (57), Unknown (8);

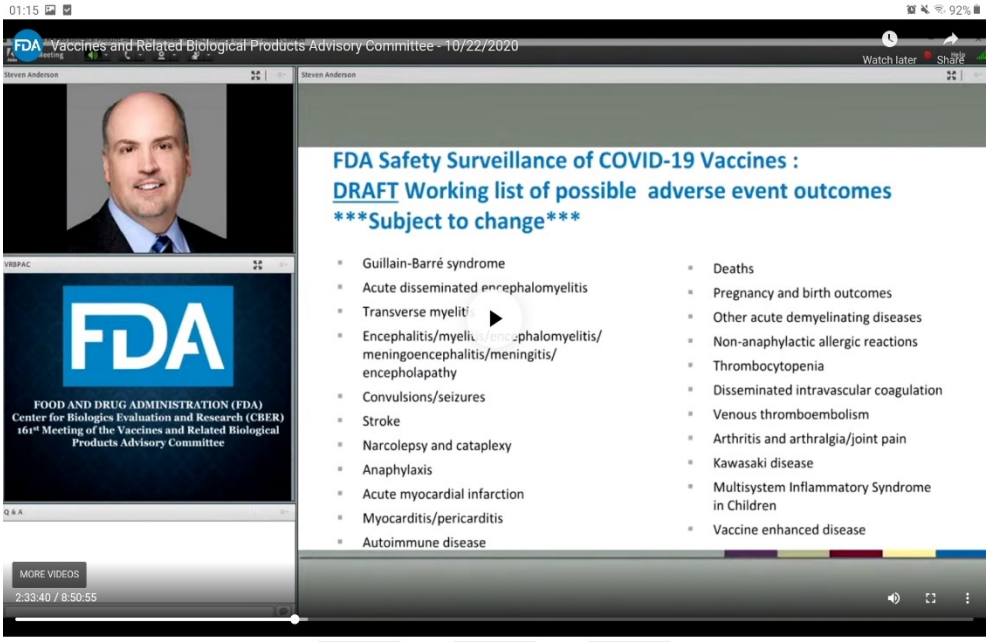

Table 5 concludes with 101 subjects with confirmed covid following vaccination. This proves that people were still getting sick after being vaccinated before the rollout of the vaccine. Of the 101 there are 75 of them that required hospitalization, and 38 of the total 138 died. So, 75/101x100=75%. So, 75% of the vaccinated that got sick ended up in the hospital. We are not told how many of the confirmed 101 vaccinated died, however, 38 died out of 138 vaccinated. So the percentage of the vaccinated that got sick and died is, 38/138x100=27.5%. So 28% of the vaccinated died after getting sick. Yikes! Before the vaccine was available the sick were dying at a rate of 0.03%. 27.5/0.03=917. So once you get sick after being vaccinated your chances of death are 917 times greater than if you got sick and did not get vaccinated. This translates to roughly 90% of hospital deaths for Covid-19 will be the vaccinated, and that is exactly what the data shows coming out of the UK. Remember, the US stopped keeping track of those stats. So yes, the vaccine is destroying people's immune system, and yes, they are lying to

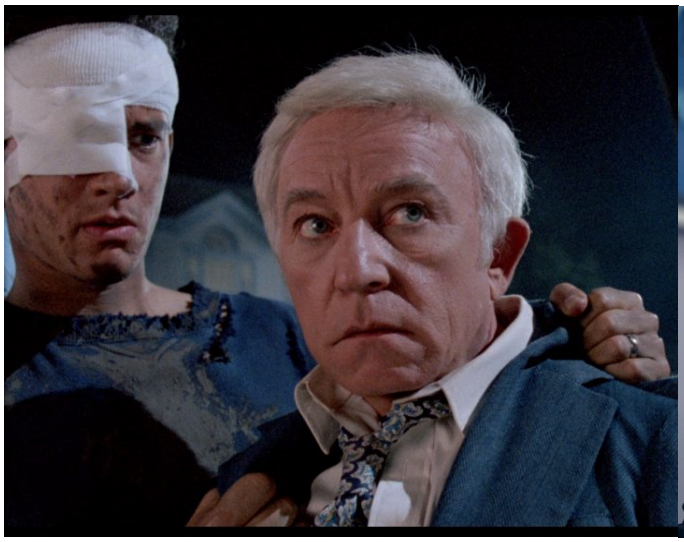
us about hospitalization and death rates. The thing to note about Table 5 is at the bottom where it notes "a", it says Multisystem Inflammatory Syndrome in Children. This 'a' is for Table 6 where it says 413 pregnant and lactating women reported adverse events with their babies. Why this is important is because before this vaccine existed this term for children did not. It only existed for adults, but the FDA created a new syndrome for children to hide the adverse reaction of the vaccine in children. Dr. Ardis pointed this out in 2020 and the FDA held a conference call on October 22, 2020, two months before the vaccine roll out in December, and noted on a slide that they expected this as a possible problem. Now we see why. Think about all the people who read this document from April 2021, the scientists, the government personnel, the pharma personnel, the corporate leaders, the editors, the messengers, and on and on, and not one of them stood up and told the people that this vaccine was deadlier than the virus. They are all murderers and complicit in your destruction. Dr. Fraudci in January 2017 at Georgetown University said in front of an audience that Trump would have to deal with a pandemic during his presidency. How'd he know? Dr. Fraudci is literally the doctor in the 1989 movie The Burbs, where Henry Gibson played Dr. Werner Klopek and his character murdered a family so that he could move into their house. Fraudci has literally done this all across America. And yes, Tom Hanks and his neighbors had to get off their asses and actually do something to stop the murderous family and bring them to justice. They didn't call each other and complain about it and they didn't drive around the neighborhood in protest, they got physical and bloody and bruised, but they ended the Klopek's terror.



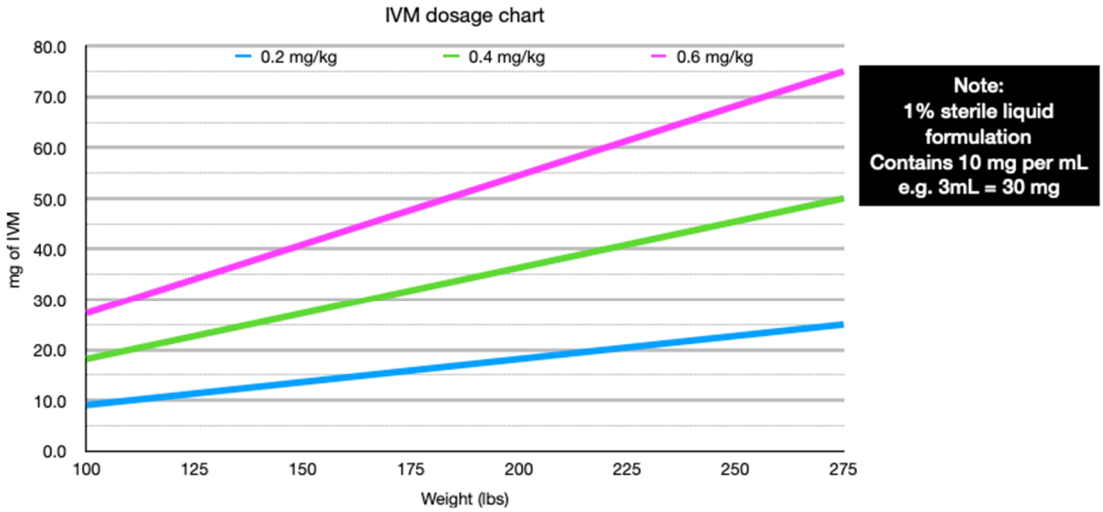
We really are exposing nothing, they already published it. All we accomplish is talking about their evil while suggesting no ways to fight back other than more 'exposure'. This is an exercise in futility. This constant inundation with information is part of the psyop. How many times have you said the amount of information now is too much to keep up with? That's the point. We are all busy 'exposing' and 'studying' the information they give us that keeps us running in circles rather than using our time to organize. In this manner the information war is being used against us. You can expose the atrocities at the Alamo, but without a rallying war cry and organized resistance there is no point in wasting the time. At some point we need to stop being Paul Revere's and start being George Washington's. We need to pick a few things and just keep repeating them so we can move on. Tim Hinchliffe over at sociable.co is another great example of showing globalist documents and what they have planned for us and our children, just as many others do, but then what? Where is the united front to pushback? When do voices with millions of followers stop castrating their viewers with parroting of non-violent action, which translates to no action at all? When is the last time a rally led to change? Awake! When we finally stand up this nonsense will stop.

SOME QUICK MEDS

From barnhardt.biz is a dosage chart by body weight. Essentially you take your weight and divide it by 110lb for the blue line, 55lb for the green line and 37lb for the pink line, to give you the exact amount in milliliters of Ivermectin liquid to drink. It doesn't taste too bad, a water chaser will work fine. Example: a 180lb person wanting to double dose for being sick, 180/55=3.3ml. Remember on a syringe that 1cc=1ml, so you would drink 3.3cc. Order Ivermectin online from Tractor Supply Warehouse, get the 1% sterile solution. The sickness can get worse and move into the lungs. Amoxicillin and Doxycycline and Azithromycin all work to stop the pneumonia infection and various other infections, study the difference. Amoxicillin for bacterial pneumonia and the others for viral. Get this

from any online pet store like jefferspet.com or fishmoxfishflex.com. When buying amoxicillin only get the Fish Mox Forte 500mg capsules, the 250mg capsules have a filler that is no good. The general side effect for antibacterial meds is diarrhea, so don't be alarmed if you get that or clay colored stool, it's hit or miss. For any bacterial infection that can use amoxicillin an adult will want to take 3-500mg caps a day for up to 7 days but not less than 3 days, 5 usually does the trick. Take 1000mg in the morning with food and 500mg an night, or vice versa. For azithromycin an adult will take a 5 day course. Tablets are called Aqua-Zithro and come in 250mg tabs. Day 1 take 500mg and days 2-5 take 1-250mg tab per day, for a total of 6 pills. I have taken pet pills for 10 years now, you will be fine.

So rather than listen to the murderer Fraudci and take remdesivir that destroys your kidney's and killed so many during the trial phase that it was stopped 6 months before the trial ended, let's take a look at some medications and tinctures you can buy today. Remember, I am not a doctor, I just read the same medical journals they do.



ANTI-VIRALS & ANTISEPTICS

Ivermectin[2]

Chronic Prevention

0.2 mg/kg per dose (take with or after a meal) — twice a week for as long as disease risk is elevated in your community.

Post COVID-19 Exposure Prevention[3]

0.4 mg/kg per dose (take with or after a meal) — one dose today, repeat after 48 hours.

EARLY TREATMENT PROTOCOL[5] (for Delta variant)

ANTI-VIRALS

Ivermectin[2]

0.4–0.6 mg/kg per dose (take with or after a meal) — one dose daily, take for 5 days or until recovered.

Use upper dose if: **1)** in regions with aggressive variants (e.g. Delta); **2)** treatment started on or after day 5 of symptoms or in pulmonary phase; or **3)** multiple comorbidities/risk factors.

Dr. Zelenko has a protocol he uses with zero deaths:

Elemental Zinc 50-100mg once a day for 7 days
Vitamin C 1000mg 1 time a day for 7 days
Vitamin D3 10000iu once a day for 7 days or 50000iu once a day for 1-2 days
Azithromycin 500mg 1 time a day for 5 days
Or Doxycycline 100mg 2 times a day for 7 days
Hydroxychloroquine (HCQ) 200mg 2 times a day for 5-7days
and/or Ivermectin 0.4-0.5mg/kg/day for 5-7 days
Either or both HCQ and IVM can be used, and if one only, the second agent may be added after about 2 days of treatment if obvious recovery has not yet been observed etc.

So where does one get Hydroxychloroquine? Cinchona Bark. You can order the bark at various places all over the web. Cinchona Bark has quinine in it and is the basis for making HCQ. Interestingly all you need is a recipe for how to make tonic for a gin and tonic. You basically boil fruit rinds in water with the bark and you get tonic water with quinine in it. You will need a lot so get at least a 1-pound bag of the bark when ordering. This will cover the needed amount for 1 person being sick, and also get a scale that measures to at least the 10th of a gram. Ex. 1.1 g. And don't forget Front Line Covid-19 Critical Care Alliance at covid19criticalcare.com

From rain-tree.com/quinine
You basically make a tea 3 times a day using 1 to 2 grams of the bark or you eat 1 to 2 grams a day with food. So, a 1 pound bag is 28 grams meaning that you get at most 6 days' worth of treatment for every one pound, or you get one course of quinine to treat covid for one person per 1 pound bag. "The longstanding natural remedy for quinine bark usually calls for a cup of boiling water to be poured over approximately 1-2 g of ground or chopped natural bark and allowed to steep for ten minutes. A cupful of this infusion is drunk half an hour before meals to stimulate the appetite, or after meals to treat digestive disorders. The use of pure quinine at large dosages can be toxic. The reported therapeutic oral dose for quinine alkaloids in adults is between 167-333 mg three times per day. Reportedly, a single dose of 2-8 grams of pure quinine alkaloids taken orally may be fatal to an adult. Natural bark teas prepared in the traditional manner, however, have a long history of use without toxic effects. A cup of traditional quinine bark tea would provide approximately 100 mg of total alkaloids, including quinine (based upon an average of 5% total alkaloid content in the raw bark)."

Bill Gates has been going on for 2 years about a Pandemic-2 and Biden has paid a company over $137 million to make covid tests starting in 2024, so the globalists clearly have more death planned for the plebs. The outbreak that keeps getting attention is smallpox. Considered to be wiped-out, most people today would get infected by something so deadly, even if vaccinated against it as a child, due to the fact humans in general have not been exposed to it in the wild for generations and also given that it will most likely be a version of smallpox created in a lab and then released. The Micmac Native Americans had a very successful plant remedy that they used and was written about in the Lancet journal back in the 1800's. It is derived from a carnivorous plant, Sarracenia purpurea, also known as Hunts-man's Cup, Side-saddle flower or Indian Pitcher Plant. PMID: 22427855 shows that a single whole plant was ground up in a 190-proof alcohol/water/vegetable glycerin mixture (63%/32%/5%) and sealed and incubated for 48 days at room temperature before being filtered. This tincture was then applied every 6 hours for 24 hours, or 4 times a day, and was found to stop replication of smallpox. You can order these plants online and start growing your own.

CONCLUSION

These globalists are well organized, something our esteemed law enforcement agencies the world over have been used to keep us from doing, getting together and producing an organized front against the enslavement of the world. The people have no schools like the WEF's Global Leaders for Tomorrow that started in 1992 and was later named Young Global Leaders in 2004, but it is ~~not~~ too late to try and start one while also fixing our public and private schools. We must expose who is party to these things and make sure we keep them out of positions of power in government. So who are these people? Go to younggloballeaders.org and you can find 60 pages of alumni and 101 pages of members. Wikispooks.com is another site that provides lists of people that are from these schools. You will find people like Mark Zuckerberg, Peter Thiel, Lela Tretikov, Sara Sutton, Rajiv Shah of Rockefeller Foundation, Keith Schwab of Caltech, Dina McCormick of Goldman Sachs, Marissa Mayer of Lumi Labs, Emmanuel Macron, Dana Leong, Johnathan Korngold and Sean Klimpczak of Blackstone, Maria Kumar of Voto Latino, Sam Kass, Tulsi Gabbard, Joe Gebbia of AirBnB, Chrystia Freeland who told Canadians they are her play things, Justin Fox of Bloomberg, Kristin Forbes of MIT, Andrew Cohen of JP Morgan, Valerie Casey of Walmart, Angel Cabrera Georgia Tech President, Christophe Beck of Ecolab, Brian Behlendorf of Linux, Peter Bisanz of GHR Foundation, Maria Bartiromo of Fox, Jacinda Ardern who told the people of New Zealand that they are her play things, Matthew Anestis of Blackrock. I am not saying all these people are evil, those who founded the school are. What I am showing you is that the WEF is taking some of the best and brightest and indoctrinating them into the global beast. These are all business leaders, and you wonder why it was so easy to lockdown and push the global reset, they are all in lock-step with each other. This is so important because many of these people are entrepreneur's

and they will invest with people and companies that align with their WEF indoctrination. They will not invest in things that don't further mankind's decent into a technocratic nightmare. The globalists have since 1992, for 30 years now, been training individuals to infiltrate all aspects of cultures, societies and governments and push the human race into a technocratic slavery. There was a published document on September 19, 1995 titled "Industrial Society and its Future" by Theodore Kaczynski, where he warned about the technocracy being built around the world and how human nature is incompatible with digitization. "The system does not and cannot exist to satisfy human needs. Instead, it is human behavior that has to be modified to fit the needs of the system. This has nothing to do with the political or social ideology that may pretend to guide the technological system. It is not the fault of capitalism and it is not the fault of socialism. It is the fault of technology, because the system is guided not by ideology but by technical necessity. In the future, social systems will not be adjusted to suit the needs of human beings. Instead, human beings will be adjusted to suit the needs of the system." This is not to idolize Ted, but to show that just because one sees the evil does not mean that a lone-wolf afront to the beast accomplishes anything, it accomplishes nothing. Don't be Ted, he failed completely and innocent people lost their lives for nothing. The people of the world must provide a united front against these globalists and stand firm and never flinch.

The leaders, so called, right now in power around the world are the most disgusting pathetic excuses for human beings to ever populate the sacred offices of our countries. We are given the tools to fight this. The answers to what we use and the how we stop this are right in the Bible. Preach the Good News, sell your excess and buy a weapon of war, and keep the number of killed believers from equaling those under the throne of God. That is why no one knows the hour or the day, it is a time set by God. If good men populate the earth and do good will toward each other, then people being killed for believing in a higher power would never reach the number of them killed for living according to the natural law. Some even say we need to reframe our perceptions. Not being able to go anywhere without a vaccine is an opportunity to reclaim your life (so to speak); to grow your own food, home-school your children, to learn to cook, to discover the area you live in by hiking and biking, by meeting with others like yourself face-to-face, etc. A real opportunity for humans to become human again and for you to rediscover yourself. See this as the opportunity it is. The people that stepped into the matrix are going to die off as we are not designed for digital integration, you chose the path of light. So when the globalists give you lemons, cast them aside and grill a steak. I know that sounds all nice and sugar and spice, but if you think some truckers driving around in a circle on the beltway are going to change the minds of people that are actively waging a war against you, and are right now today killing your family members and your friends and neighbors, then why not keep your head buried in platitudes. These globalist scum have published documents and made videos telling you that they are going to seek to kill you, alter your DNA, crash your economy and make your life savings worthless, starve your family, raise your cost of living until you are destitute, steal your job from you if you don't comply, and enslave your children in a 5G hell-scape; and yet you sit around wading in your own apathy repeating the mantra of peaceful protest and not condoning violence. You have already lost if you are that brainwashed to keep thinking someone else is going to save you, like a Q white-hat ghost. These wealthy corporate owners have purchased and then hidden inventions for over 100 years, inventions that could have given us electric cars and free electrical power 100 years ago. They then spent the last 100 years setting up a system that could not withstand a larger population all the while robbing us blind and polluting the earth, and now they want to blame it all on us so they can steal even more of our money and freedoms through carbon taxes and track and trace programs. These people are the worst of the worst and deserve not only the first death, but also the second death.

So, is Covid-19 the mark of the beast or just a mingling? Daniel 2:43. The number 19 is Chavah (ChVH) which means Eve; to show, to declare, to manifest. The cosmic light-force, or logos, clothes itself in physical form. Now you know why it had to be called Covid-19. They are manifesting the global takeover, where man merges with machine, a person's body genetically modified to report all bodily function to the internet of things/bodies, the hive mind. Where you are paid in crypto-currency according to your actions and your thoughts. Covid-19 was created for the vaccine, the vaccine was created for the passport, the passport for the implantable digital ID, and the implant to hook you up to the main-frame where you are no longer a natural creation of God. Where the true manifestation of the light-bearer is brought out into the open and Lucifer is worshipped above God, where self-worship is the purest expression of man's free will. The greatest trick the devil ever played wasn't convincing people he did not exist, that saying is itself a trick. No, the greatest trick the devil ever played was convincing man that through knowledge he could become his own immortal god. This is echoed in Genesis 3:4-5, just like a 3,4,5 triangle, the three promises of

Satan to Eve, surely you shall not die for you shall be as gods having the knowledge of good and evil. It's through knowledge man will know good and evil and achieve immortality, and that's the rub, Adam and Eve already had all those things; and still today we choose the flesh over the spirit never being fulfilled no matter how much we buy. The Bible tells us that the Antichrist causes all to take a mark or his name or his number, Revelation 13:17, we must have one of the three; so these elite who pass laws vacating themselves from taking his mark will still have his number or his name. If we are the temple as Jesus says we are, then the abomination of desolation is the altering of our DNA, creating a hybrid creature just as the Nephilim in Genesis 6. If the vaccine alters our DNA and we cannot buy or sell without it, then yes, that would be a type of mark of the beast, but the people mandating such a thing on the people are those who have his number or his name. The true mark of the beast is DNA alteration, not a covid jab per se. The beast is a system, the evils of man, that rises out of the sea of peoples as described in Revelation 13:1/17:15. An image is created of this beast that man worships, 13:15. Man creates a hybrid image of himself leading to man worshiping himself as creator. This is why Jesus tells us that He will return when earth is as the days of Noah. Fallen angels fell to earth and mated with women creating a hybrid giant race. Man is again today altering his DNA, so Jesus' return is ever approaching. In Noah's day a flood was enough to wipe out most giant DNA. God then had his people fight multiple wars killing all men, women and children to get rid of the seed that remained. This time around we are told that fire will encompass the earth. This makes sense since robots and the IoT's and nanobots in our bodies can survive under water, but all that metal/technology will melt under heat.

The pyramid on the back of the dollar bill along with the globalists published documents show us that the time is now when the trying of men's souls will be like no other time in history. Using the 5-pointed star as a symbol to encompass the secret wisdom of the ages, the perfect man, shows that the capstone is completed in 2048 with 65 being the number of years that continue after that date, or 65 just representing the time of great apostasy with the final week, Daniels 70th week, finally coming to pass 2049-2056. Another interpretation shows that there are 33 thirteen-year cycles that take the final date of man out to 2204, so at this point only time will tell, but it is obvious that Agenda 21 and Event 21 are so named due to man wanting to perfect himself. This moment in time is when the esoteric mystery schools teach that man will ascend all things on earth and in heaven, when the great work is completed and man becomes God. We are the last generation that sees all things coming upon the earth.

Even if you don't want to believe that this is the end and instead believe that this is just another point in time where the greed of man exceeds human limits of acceptance, the outcome doesn't change. The globalists have still decided that their time is short, they want to see this in their lifetimes and because of this they have taken out all the stops and are just using the mass populations of the world as testing subjects. Effects of 5G on human's health were not tested before it was used, mRNA vaccines were not tested on humans before they were used and this emergent use of nanotechnology will not be tested on humans before wide-spread use. We are all now essentially lab rats to these globalists, and as the flesh is alive today, it will not be alive much longer at this rate. As they gain knowledge of how human bodies integrate with the new technology we will die off, and the ones left standing will inherit hell on earth, but they won't know it is hell on earth because they will be given new memories that don't include the freedom of the soul of the past. Maybe the Luciferians believe that if they alter all of humanity and completely separate us from God that He won't need to come back because there won't be anyone here left to save.

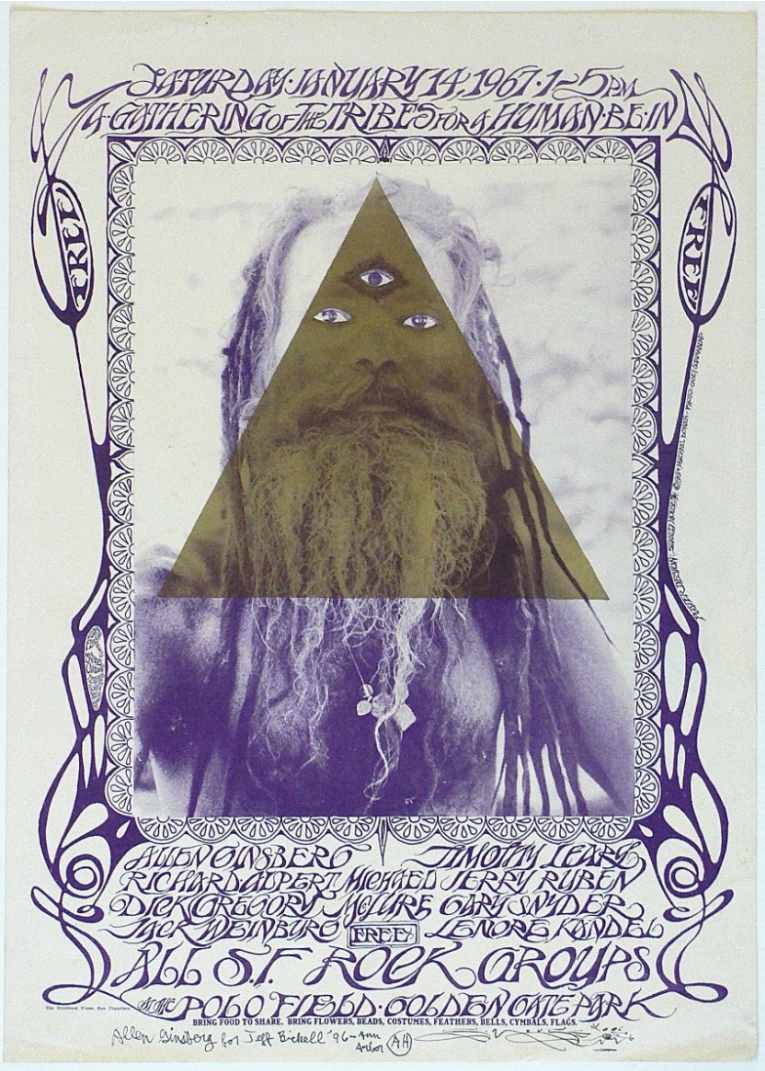
WORLD ECONOMIC FORUM
You'll own nothing.
And you'll be happy
Based on the input of members of the World Economic Forum's Global Future Councils

Remember that there is no compromise, only exercise of power, and if you are unwilling to exercise your power, you lose. You literally have nothing left to lose; they have already told you that you will own nothing. They are going to take everything from you and you

will be happy or else. Our hearts tell us that we must end this nonsense right now, but for fear our hearts fail us. All law enforcement has chosen their pension over our freedom. All bankers have chosen money over our autonomy. All schools have chosen every agenda other than education. All health facilities have chosen ideology over our well-being. All churches have chosen to preach only one edge of the two-edged sword of God. All corporations have chosen status quo over freedom. All governments have chosen death and destruction while preaching peace and safety. All people of Western Civilization have chosen apathy over action, compliance over revolution. How many people do you think are looking up or looking down at us screaming at the top of their lungs wishing they would have died fighting the evil permeating society right now, rather than dying from a lie about a utopia or a virus that did not exist until it was injected into everyone?

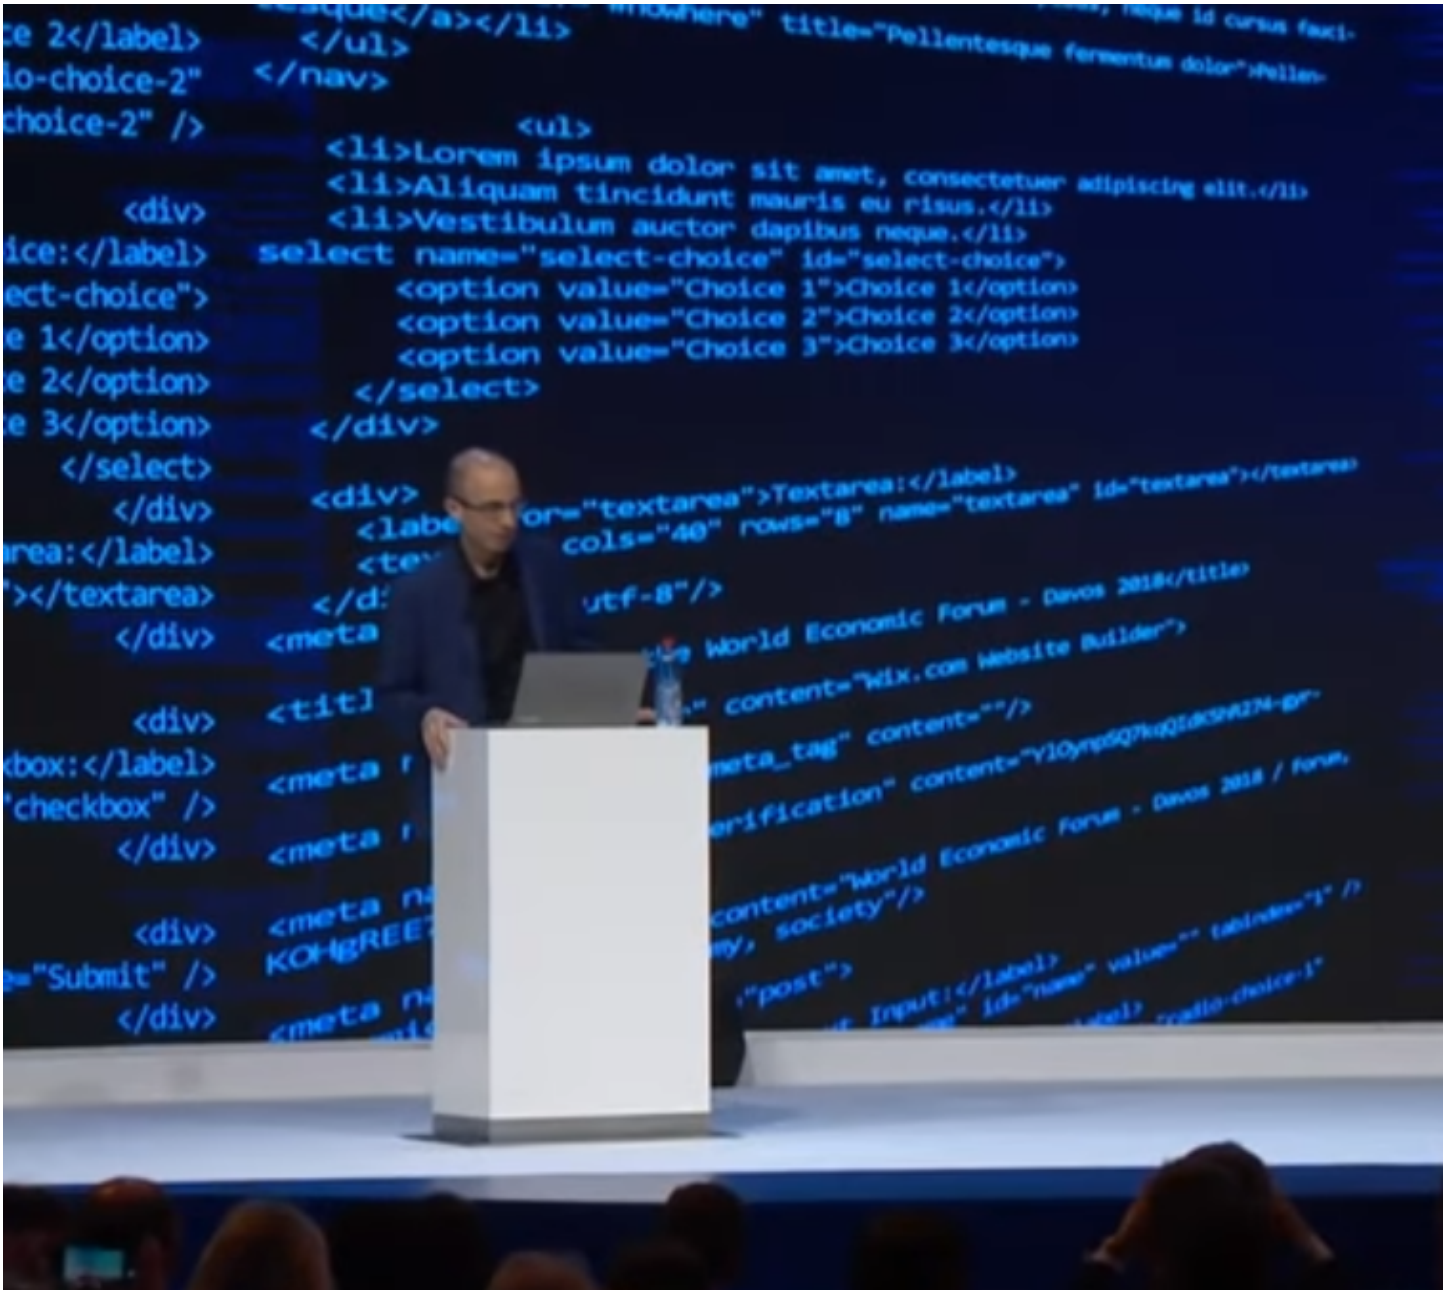


Remember people, this is directed at you dear reader, we the people did not elect the persons in power, we elected the characters they play on T.V. You did not elect someone that is going to force you to inject a corporation's product into your body with the threat of being thrown into prison or losing your job if you say no. NO! NO ONE VOTED FOR THAT! On either side of the aisle. There is not one person in power the world over who ran for office and won that had tyranny on their platform. Remember that. You remember that always. These people in power are abhorrent liars who stole all elections by stealing the truth from us. The people of this world have absolutely no obligation whatsoever to listen to anything they say or to obey any laws they pass. Most people do not even know these leaders so called. If a stranger came to your house and said, "you can't leave your house to go to work to feed yourself or your family unless you let me do stuff to you and your family", you would kill them or worse. Guess what, that is exactly what needs to happen now. You will never comply, or peacefully protest, your way out of tyranny. Protests only work when the people in power are leading it or allowing it to happen to attain some agenda. Have you ever wondered what directed the protest culture of the 1960's, the mass experimentation of psychedelics and cultural destruction on the public? Look no further than the 'posthumous' poster of the first Human Be-In, the gathering that started it all. January 14, 1967.

Go to weforum.org and click on the menu and then search 'Good Grub' and read about how great the future will be when all we can eat anymore is bugs because it is better for the environment, because somehow farms full of trillions of bugs is better than farms full of millions of animals. Down in the 'Have you read' section you will find other titles like "Insects: The Secret Weapon to Saving Food Waste" and "Why the world needs insects" and "Could insect farms meet our food demands for the future". Under 'Education' you can find initiatives such as 'Reskilling Revolution' and 'Accelerating Education 4.0', which is basically finding ways to get into the minds of children a global mindset so that Klaus Schwab can create better workers for the future he wants to create. You can also find articles "21 circular economy solutions: changing how we eat, live and travel for a more sustainable world" and "Chatbots RESET" another initiative. Do a search for chat bots and while perusing the articles notice how the plan is to take away real human contact. Keep the Fredericks Experiment in the back of your mind where robots were only allowed to touch the babies and they all died except for the one baby that was held at night by one of the nurses. They have a very dark future planned for humanity. Spend some time searching the website and read what

they are working on all over the planet and what they have planned for you and your children's future. It would not portend omens of doom if it were not for the fact that these people are using violence and death to move these agendas forward; a good end cannot come from wicked means. But remember, God only hates the shedding of innocent blood, and defending freedom and your family and your sacred honor is not murder.

AwakenwithJP just made a video about the future the globalists are planning, 'Is Klaus Schwab the Most Dangerous Man in the World?", and it is worth your time to watch. The video features Klaus Schwab and Dr. Yuval Noah Harari. Klaus Schwab says, "One of the features of this 4th industrial revolution is that is doesn't change what we are doing, but it changes us. It changes you if you take the genetic editing. It is you who are changed and of course this has a huge impact on your identity." So if the great reset doesn't change what we do, why reset anything at all? They want to control our free will and with it our soul. An excerpt from his book "The Great Reset" states, "One of the greatest lessons of the past five centuries in Europe and America is this: acute crises contribute to boosting the power of the state. It's always been the case, and there is no reason why it should be different with the Covid 19 pandemic." Klaus Schwab and the World Economic Forum want a world-wide digital ID system that determines your access to goods and services. It would monitor your online behavior, purchases and biometrics. He wants to do away with the whole democratic process and give all the power to whoever runs the global state. A true mark of the beast control grid. One of the excerpts of Harari is from 2018 in a video titled "Will the Future Be Human?"



At around the 4:33 mark he is seen with computer code in the background showing 3 options. The classic 'Lorem ipsum' is used as filler for text to be inserted later on, but a closer inspection shows that the text is originally from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. The text has been used by typesetters for 500 years and is not true Latin, but a sort of loose Latin used for testing typesets. Above his head is shown the three options the World Economic forum has. They are given in order below. How fitting to hide such a thing in plain view. I know many will say it is just meaningless gibberish as used by millions over the centuries, but 500 years ago the printing press was a marvel of technology in its day, and it should be no wonder that simple things are hidden in plain sight. Plus remember, although it may be purely coincidence, we are dealing with supernatural forces and a promise that all things shall be revealed.

Dr. Harari admits that he is a Jew and that he is gay, which means that he believes and follows the Torah and that by committing suicide he would literally be doing God's work. Leviticus 20:13. (This is why it was such a big deal when Jesus broke bread with prostitutes rather than stoning them to death, as was during His crucifixion when He saved a repentant pirate hanging next to Him.) The point is that Harari is a walking contradiction and an author of confusion; Satan is the author of confusion. 1 Corinthians 14:33. Harari has decided to hate God and purposefully work for, and promote, those things which seek to destroy His creation. Harari admits himself that he does not have answers about what all this means. The words are literally coming out of his own mouth and he still does not have ears to hear. Dr. Harari clearly states (albeit with edit clips) the true desired outcome of all this chaos. It turns out that conspiracy theorists have been railing against it for decades now. "Data might enable human elites to do something even more radical than just build digital dictatorships. By hacking organisms, elites may gain the power to reengineer the future of life itself, because once you can hack something, you can usually also engineer it. Now in the past many tyrants and governments wanted to do it, but nobody understood biology well enough, and nobody had enough computing power and data, to hack millions of people. But soon, at least some corporations and governments will be able to systematically hack all the people. And if indeed we succeed, in hacking and engineering life, this will be not just the greatest revolution in the history of humanity, this will be the greatest revolution in biology since the very beginning of life. For four billion years nothing has changed. Science is replacing evolution by natural selection, with evolution by intelligent design. Not the intelligent design of some God above the clouds, but our intelligent design. Today we have the technology to hack human beings on a massive scale. People could look back in 100 years and identify the coronavirus epidemic as the moment when a new regime of surveillance took over, especially surveillance under the skin. Humans are now hackable animals. The whole idea that humans have this soul or spirit or free will, that nobody knows what's happening inside me, so whatever I choose, whether at the election or whether in the supermarket, this is my free will, that's over." JP ends with truer words never spoken, "It will indeed be over if you outsource your thinking to outside influences and take the easy way out by choosing obedience over bravery. Doing so makes you very susceptible to being manipulated by fear, and if this happens you will fail. But here's how Schwab and his friends fail at the great reset and you succeed at remaining a free and sovereign individual; be guided by your own critical thinking and what your heart and soul know is right. Choose bravery over obedience. Outsource your perspectives or do your own critical thinking. We are in the process of either the great reset or the great awakening, and the choice isn't Klaus Schwab's, the choice is yours."

So, who is the proverbial ‘they’? They are the ones who work for the organizations that are publishing these documents, they are the ones writing the documents to be published and they are the ones in places of power pushing the agenda forward. You can clearly see who they are now. They have played their hand and we the people are sitting across the table looking at their cards and seeing that our hand beats them. But we are paused at that moment of decision because we know they are not going to let us just reach across the table and collect our winnings. So we sit there knowing that if we fold with a winning hand then they win all of our sacred honor, liberty and souls automatically, but we also know if we play our winning hand then they are going to flip the table over and a fight to the death will ensue. Well guess what, just as you hold the winning hand, providence will see to it that you also win the fight. Slaying leviathan and saving the damsel in distress. So hesitate no longer and play your hand peoples of the world! Let them flip the table and rage, because if you don’t you are going to lose everything anyway.

Eternally Thankful,

Phanuel’s Legion

Penuel, Phanuel: His name, 'face of God’, is taken from Genesis 32:31, and is most appropriate to an angel who stands near to God. [In Enoch literature the name is corrupted to Fenuel.] An angel who presides over penitence and the hope of eternal life who administers punishment/justice, and is one of the four archangels of the throne.

For the scripture saith, Whosoever believes on him shall not be ashamed.
12 For there is no difference between the Jew and the Greek:
for the same Lord over all is rich unto all that call upon him.
13 For whosoever shall call upon the name of the Lord shall be saved.
Romans 10:11-13

If ye keep my commandments, ye shall abide in my love;
even as I have kept my Father's commandments, and abide in his love.
11 These things have I spoken unto you, that my joy might remain in you, and that your joy might be full.
12 This is my commandment, That ye love one another, as I have loved you.
13 Greater love hath no man than this, that a man lay down his life for his friends.
John 15:10-13
~Jesus~

Blessed be the LORD my strength, which teaches my hands to war, and my fingers to fight.
Psalm 144:1

Cursed be he that does the work of the LORD deceitfully, and cursed be he that keeps back his sword from blood.
Jeremiah 48:10

Think not that I am come to send peace on earth: I came not to send peace, but a sword.
